

WAS WEAK AND DIZZY

Dr. Williams' Pink Pills Restored the Patient to Perfect Health and Strength.

Mrs. Mary Gagner, of No. 576 South Sumner street, Holyoke, Mass., has passed through an experience which proves that some of the greatest blessings of life may lie within easy reach and yet be found only by mere chance. A few years ago while she was employed in the mills she was suddenly seized with dizziness and great weakness. "I was so weak at times," she says, "that I could hardly stand, and my head became so dizzy that it seemed as if the floor was moving around."

"My condition at last became so bad that I was obliged to give up work in the mill, and later still I became so feebly that I could not even attend to my household duties. After the slightest exertion I had to lie down and rest until I regained strength."

"A friend who had used Dr. Williams' Pink Pills for Pale People urged me to try them. I bought a box and began to take them. The benefit was so positive and so quickly evident that I continued to use the pills until I had taken altogether six boxes. By that time I was entirely cured, and for two years I have had no return of my trouble. I am now in the best of health and able to attend to all my duties. I am glad to acknowledge the benefit I received and I hope that my statement may be the means of inducing others who may suffer in this way to try this wonderful medicine."

"The secret of the power of Dr. Williams' Pink Pills in cases of debility, such as Mrs. Gagner's lies in the fact that they make new blood, and every organ and even every tiny nerve in the body feels the stir of a new tide of strength."

Dr. Williams' Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

THE BEST COUGH CURE

When offered something else instead of

Kemp's Balsam

stop and consider: "Am I sure to get something as good as this best cough cure?" If not sure, what good reason is there for taking chances in a matter that may have a direct bearing on my own or my family's health?" Sold by all dealers at 25c. and 50c.

Big Interest On Your Money

All profits paid in dividends. Others have made one hundred per cent. in same business. Sure income for life—and valuable legacy for family. W. L. DOUGLAS

\$3.00 & \$3.00 SHOES FOR MEN
W. L. Douglas \$4.00 Gilt Edge Line cannot be equalled at any price.

W. L. DOUGLAS MAKES & SELLS MORE SHOES IN THE WORLD THAN ANY OTHER MANUFACTURER IN THE WORLD.
\$10,000 REWARD to anyone who can disprove this statement.
If I could take you into my three large factories at Brockton, Mass., and show you the infinite care with which every pair of shoes is made, you would realize why my shoes are \$3.00 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.00 shoes.
W. L. Douglas Street Made Shoes for Men, \$2.50, \$3.00, \$3.50, \$4.00, \$4.50, \$5.00, \$5.50, \$6.00, \$6.50, \$7.00, \$7.50, \$8.00, \$8.50, \$9.00, \$9.50, \$10.00.
CAUTION—Insist upon having W. L. Douglas shoes. Take no substitute. Name genuine without his name and price stamped on bottom. Fast Color Epsom salt, they will not wear brass. Write for Illustrated Catalog.

50% MORE CREAM FROM SAME COWS.

Don't accuse your cows of being unprofitable. Give them a square deal and they will pay you well. If you are not using a centrifugal cream separator from 20 per cent. to 50 per cent. of your cream is thrown away with the skim milk—just wastes your profits. A DE LAVAL machine may be bought upon such liberal terms that it will more than earn its cost while you are paying for it and still be good for 20 years more of clear profit use. As compared with other separators the superiority of the DE LAVAL is seen in the fact that over 20,000 DE LAVAL machines, ten times the number of all others combined, have been sold to date. You may have ample trial of a DE LAVAL free of all cost. Now is the time to get a DE LAVAL while cows are making the largest product, and savings count biggest. Write to-day for free catalogue and full particulars.

JAS. E. BOYD DEAD

EX-GOVERNOR OF NEBRASKA SUCCEUMBS AT OMAHA.

END COMES PEACEFULLY AND CALMLY

Enjoyed Distinction of Being Only Democratic Chief, Executive Nebraska Ever Had—His Official Life a Tempestuous One.

Former Governor James E. Boyd died at his residence in Omaha April 30. The end came calmly and without pain after a long struggle for life. At the bedside were the governor's three children—Mrs. Bierbower, Mrs. D. O. Clark and James Boyd of St. Louis. His brother, Thomas F. Boyd of Sioux City, who was with him up to Sunday, had left for his home in Sioux City.

Governor Boyd had been in poor health peculiar to old age for over a year. For months his life had been despaired of. He took a trip to Texas in January in the hope of regaining strength, but returned to Omaha a little while ago worse than when he left. Since that time he had been closely confined to his home and bed. His death had been momentarily expected, since Sunday evening.

James E. Boyd was born in county Tyrone, Ireland, September 9, 1834. In 1844 he came to America with his parents who settled upon a farm in Belmont county, Ohio. Later the father was employed in a mill at Zanesville.

When he was fourteen years old the boy worked in a grocery store, later entering a carpenter shop and learning the trade. With his brother, John M. Boyd, he came west in 1856, stopping first at Des Moines, where they worked as carpenters.

In August of that year they arrived in Omaha. They engaged in contracting and building, erecting the first court house in Douglas county and several other public buildings. In 1857 James E. Boyd was elected county clerk, but resigned the office soon afterward on account of business engagements. The following year he married Anna H. Henry and they took up a farm in Buffalo county, where they lived nine years. Boyd opened a general store at Gibbon and another at Kearney and filled large contracts for hay and grain for the government at Fort Kearney. Later he secured extensive grading contracts from the Union Pacific Railroad company which proved profitable. In 1868 he moved his family back to Omaha where he has since resided. He was twice elected mayor of Omaha and in 1890 was chosen governor of Nebraska, the only democrat ever so honored by the people of this state. His induction into office was contested by the incumbent, Governor John M. Thayer, whose death occurred but a few weeks ago. His political life was a tempestuous one.

CANADIAN WINS MARATHON.
Sherring of Ontario Comes in First in the Historic Race.
The Marathon race, the principal event of the olympic games, run over the hills and along the coast line from the ancient battlefield of Marathon to Athens, was won by William Sherring, of Hamilton, Ontario. Eight minutes behind him was Svamberg, a Swede, and W. G. Frank, of the Irish-American athletic club, was third, two minutes behind the Swedish runner. Sherring's time was 2:51:23.
Probably 150,000 people witnessed the finish of the race or were spread along the Marathon road and the surrounding hills, forming a human barrier behind the troops on each side and along the entire length of the course. Business was completely suspended in Athens and the surrounding villages. Classified by nationality, the runners consisted of twenty-six Greeks, seven Britons, including Canadians and Australians, five Americans, three Germans, two Frenchmen, two Italians, three Swiss, one Belgian, one Dane and two Egyptians. The favorites were Petri, Italian; Bonheure, French; and Coutoulski, Greek, the British and Americans having numerous supporters, however.
The contestants started in three lines, one metre apart, at exactly 3 o'clock. The weather was splendid, the thermometer showing 80 1/2 degrees in the shade. A mounted officer rode in front with a chronometer and acted as timekeeper. Hundreds of vehicles of all kinds followed the fortunes of contestants outside of the cordon holding the course. The race started at a hot pace. Frank, American, lead until the last ten kilometer stretch.

PREVENTS RUN ON A BANK.
Money Piled in an Automobile Which Makes Quick Trip.
An automobile was the agency through which a run on the Dollar Savings bank of Painesville, Ohio, was stopped. The institution is said to be perfectly solvent, but a run was started on the strength of a suit having been filed against the institution. The First National bank of Cleveland piled \$200,000 into an automobile which, going at top speed, reached Painesville before the run had become serious.

Irrigation for Nebraska.
Chief Engineer F. H. Newell of the government reclamation service, informed the house committee on irrigation of arid lands that from 25,000 to 30,000 acres of land would be irrigated at the beginning of the present irrigation season from the interstate canal between Wyoming and Nebraska. Most of this land is in Wyoming. Under the Truckee-Carson project in Nevada, about 20,000 acres are to be irrigated this year. The supply of water in both cases will meet the present demand.

TERRIFIC TORNADO IN FURNAS

Violent Storm Visits Southwest Nebraska Inflicting Much Damage.

A tornado did much damage in Furnas county Monday evening, April 30. Telegraph and telephone wires were prostrated in the territory covered by the storm and only meager reports have been obtainable, but it is known that several residences were wrecked and a number of persons injured, although no fatalities have been reported. The most seriously injured are:

Bertha Hartman, twelve years old, internal injuries; condition critical.

Miss Anna Hartman, painfully bruised.

Mrs. Rosa Drews, arm broken.

Fred Drews, bruised.

Unknown man, crushed.

The storm came from the southwest, and so far as known the first house struck was that of John Reynolds, about five miles west of Oxford. This was destroyed, but the inmates escaped serious injury.

The homes of Fred Hartman and Fred Drews were next demolished. Here the people were not so fortunate, nearly all being more or less hurt and one at least receiving injuries from which recovery is doubtful. The residences of Fred Loos and T. J. Cook were wrecked as were the school houses in the Buffalo and Morning View districts, besides scores of barns and other farm buildings.

The storm passed to the northeast, but the destruction of all means of communication makes it impossible to learn at present what damage was done.

The dwelling of Thomas Cook, the largest farm house in the county, was carried a distance of thirty feet.

The total loss will aggregate many thousands.

The clouds had a peculiar dipping or zigzagging motion, followed by wind and hail. On account of the cool weather and showery conditions prevailing all day the storm was unexpected. Both telephone systems are out of order and telegraph wires are down west of here and it is feared that reports of loss of life and widespread damage will come in from other sections.

Oxford has adopted measures to relieve any destitution resulting from the tornado. A mass meeting of citizens was held at the opera house under the auspices of the Commercial club to arrange for needed relief. Nearly all the sufferers belong to the prosperous class, but it was thought possible there might be individual cases demanding temporary assistance. Accordingly a committee consisting of N. A. Pettigrove and A. E. Smith was appointed to canvass the stricken territory, provide for urgent needs and report to the club, which will supply means for defraying all expenses so incurred. The committee will act promptly.

DAHLMAN IS CHOSEN MAYOR.

Democrats of Omaha Nearly Lick the Platter Clean.

In the election held at Omaha May 1, the democrats elected ten out of the twelve councilmen. James C. Dahlman, democrat, live stock commission dealer of South Omaha, was elected mayor, with a vote of 10,262 against 7,439 for Erastus A. Benson. Witness, for building inspector, led the democratic ticket with a plurality of 4,277, and Breen, for city attorney, led the republican ticket on city officers, being 731 behind his democratic opponent, Dan Burnham.

On the councilmanic ticket Harry Zimman, present temporary mayor, and Walter Bingham, republicans, are elected, with pluralities of 1,072 and 354 respectively.

This election is the culmination of one of the most animated campaigns Omaha has ever seen, local issues being largely to the front. The democratic candidate was understood to favor a more liberal policy in the city's government than that proposed by his opponent. Dahlman is the first democrat elected mayor of Omaha in sixteen years.

J. H. MACCOLL SUCCEUMBS.

Prominent Nebraska Man Dies at Lexington.

Hon. J. H. MacColl died April 30 at his home in Lexington. He was conscious for a short time in the afternoon, at which time he was given the rites of baptism by Rev. George Williams of the Presbyterian church. The arrangements for his burial have not yet been made. He was a thirty-second degree Mason and was a Knight Templar and member of the Shrine. He was at one time the republican candidate for governor of Nebraska, being defeated by Silas A. Holcomb.

READ AND YOU WILL LEARN

The leading medical writers and teachers of all the several schools of practice endorse and recommend in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Hoodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John B. King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the best medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible proof of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol, chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach and bronchial, chest and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric acid of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients and free of request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Fame.

Two Americans who were traveling in England made a devout pilgrimage to Stratford-on-Avon, and spent several days wandering about the neighborhood. One day they met a countryman, and, pausing, one of the pilgrims said:

"My friend, I envy your life here amid the fields that knew the Great Poet's youth. What sublime thoughts must be yours as you tread the paths his feet trod!"

The rustic simply stared, and the American demanded if he knew of whom he was speaking, receiving a prompt negative.

"Why, of Shakespeare, man. You must know of him!" the pilgrim explained, stricken with horror.

"I have never heard the name," the American admitted, but he had heard of Shakespeare, and believed that he had "wrote for summat."

"And have you any idea for what he wrote—as it the Times?" the American inquired with infinite sarcasm.

"Oh, it wasn't the Lunnun paper," the man said. "I know it was summat solemn like. I think it was the Bible, belike."

He Overestimated Its Value.

The late Alexander U. Seabury, for many years a director in the First National bank in New Bedford, was once called as a witness in a case before the superior court involving certain wharf property.

When asked what he considered the wharf worth, he said: "That wharf isn't worth a d—n."

The next day, the same case still being on trial, Mr. Seabury appeared in court and said that he wished to retract a part of his testimony of the day previous. When permission was granted, he said:

"Yesterday I testified that Howland's wharf wasn't worth a d—n, but since then I've been down there, and find that I valued it too high."

A Favored Instrument.

The story is told of a newly rich woman who on the occasion of her daughter's wedding gave a large reception, for which music was furnished by an orchestra of twelve pieces.

The leader of this orchestra was a violinist who had achieved a social as well as a professional success, and the rich woman evidently wished to recognize this fact and make clear her knowledge of it.

When the evening was half over, the butler approached the musicians, who were having a short intermission, and in his loftiest manner he said, after referring to a paper in his hand:

"The violin eats in the dining room; the rest of the instruments eats in the pantry."

Still in Doubt.

Reporter (trying to learn the particulars of the disturbance next door)—"Who struck him? What does the man himself say about it?"

Mrs. Lapsling—What does he say? Why, he hasn't spoken a word. He was knocked senseless, and the doctors that are working over him haven't been able to restore his animosity yet.

Know His Strong Point.

Dickly had been hurt while slipping a street car.

"Will he get well, doctor?" asked one of the neighbors, following the surgeon to the door after the boy's injuries had received the proper attention.

"He has a fighting chance, madam," said the surgeon.

"Then he'll pull through, all right," she rejoined, considerably relieved. "He's the worst scrapper in the block, and he has never been whipped yet."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Etc. Take Hall's Family Pills for constipation.

Mr. Subbubs—"Sometimes I wish women could vote." Mrs. Subbubs—

"Why, Henry?" Mr. Subbubs—"Well, then, you know, it would be necessary for even cooks to live in one place for 30 days."

Garfield Tea is Nature's remedy for liver and kidney diseases.

Lots of infant industries never grow up.

THE TRUTH ABOUT PANAMA.

An Impartial Investigator Says Our Work There is Being Well Done.

On the isthmus of Panama the business of the American people is being well done. It is not perfect. There is too much petty graft—as on the railroad; but it is of no more importance than mosquito bites on an elephant. But one has only to use his eyes to see that we have gone into one of the pest-holes of the world and have made it fairly inhabitable; that we have tackled a job in which another great nation failed conspicuously, and are so conducting it as to keep clear of shame; that in spite of tremendous difficulties on the spot and malicious and mercenary hindrances here at home we are doing sane, effective, honest work; that we are going to build the canal and build it well!

There are too many men on the isthmus who ought not to be there. But in John F. Stevens and in the men who surround him there burns the spirit embodied in the words which Theodore Roosevelt is said to have uttered recently to an engineer about to depart for Panama:

"Remember this: that whatever the American people may think of you and me, the last thing they will ever forget about either of us will be that we had to do with the making of the Panama canal."—Lindsay Denison in May Everybody's.

An apology is a poor excuse at best.

W. N. U. LINCOLN, NO. 18, 1906.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructer ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties."

"My oldest daughter found it very beneficial for a female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulency), weakness of organs, displacements, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed, write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

TWENTY-FIVE BUSHELS OF WHEAT TO THE ACRE

Means a productive capacity in dollars of over \$16 per acre.

This land which has cost the farmer nothing but the price of tilling it, tells its own story.

The Canadian Government gives absolutely free to every settler 100 acres of such land.

Lands adjoining can be purchased at from \$5 to \$10 per acre from railroad and other corporations.

Already 175,000 farmers from the United States have made their homes in Canada.

For pamphlet "Twentieth Century Canada" and all information apply to Dept. of Immigration, Ottawa, Canada, or to following wholesale Canadian Government Agent—W. V. Bennett, 601 New York Life Building, Omaha, Nebraska. (Mention this paper.)
