## GILSON'S SORE THROAT CURE.

Good for Tonsillitis.

Office of W. M. LINE, M. D.

Germantown, Neb., Feb. 8, 1904.

I have had most excellent results with Gilson's Sore Throat Cure in diseases of the throat and mucous linings. I find its application in tonsillitis and cases where a false membrane exists in the throat, as in diphtheria, to have an immediate effect, loosening and removing the membrane, and thereby at once relieving this distressing sensation of smothering noted in these cases. My clinical experience with Gilson's Sore Throat Cure has proved to me its value and I can heartily recommend it to all as a safe and reliable preparation for the disease it is recommended.

Has Done Nothing?

The trade union movement has proved itself to be the greatest institution ever founded among men. It has raised wages, reduced hours of labor, taken the child from the mill and the factory and sent it to school. It has elevated the manhood and the womanhood of the working people of the world; it has raised the standard of citizenship, sobriety and integrity of the workmen of our country.—Clothing Trades Bulletin.

## The Carpenters and Joiners

Two initiations last meeting and more applications under consideration. Local 1055 is in need of a number of good men. At present the lack of men to fill the demand is our worst grief.

Mr. S. J. Stern, of the United Garment Workers, was a welcome visitor at the early part of the meeting this week.

Members are asked to take stock in a strictly union planing mill at Bozeman, Mont. The boys out there are putting up a stiff fight for a fair share of the products of their labor under conditions that make for manhood and not slavery. This stock can be had only by men carrying union cards, and is non-assessable. Secretary Chase has the particulars.

P. J. McGuire, one of the founders of the United Brotherhood of Carpenters and Joiners, has passed away, and his family are reported as being none too well off. The local made a little donation to a fund for their relief. The

brotherhood has many heroic, self-sacrificing members in it yet.

Bro. Titus from Pueblo, Colo., cast in his lot with us and will go to work at the Capital beach.

President Emberson showed up with a white vest and his "store clothes." He said he had a ticket to the show and begged to be excused. Bro. Callahan filled the chair.

Bro. C. E. Woodard has resigned his position as delegate to the Structural Building Trades Alliance.

Bro. Geo. F. Quick asked to be excused to attend the C. L. U. but the local thought the best place for Bro. Quick was at our own meeting.

The boys had quite a discussion over the use of the word "scab" and the sentiment seemed to be largely in favor of a more restricted use of the word, to be applied only to those fellows who are on record as being opposed to belonging to the trades unions, and stand ready at any time to take the place of a union man who has quit a job either because himself or his fellow workmen were required to work under conditions tending toward slavery.

until 7 p. m., and as usual the Australian ballot will be used.

During April the Lincoln union forwarded to the international upwards of \$700 as its contribution to the eight-hour fund under the 10 per cent assessment. Had the "Tea-pot" boys been eavesdropping in the hope of hearing a kick on the continuance of the aforesaid 10 per cent assessment they would have been bitterly disappointed. "We'll pay it as long as the money is needed," was the universal declaration.

A communication from the Painters' Union relative to the employment of an unfair house by a local union barber shop proprietor was read and placed on file.

### CAPITAL AUXILIARY.

Wednesday afternoon occurred the election of international officers and delegate to the Colorado Springs convention. The election was held from two till six, with Mrs. Turner. The election board, composed of Messrs. Smith, Bustard and Radebach, held an informal reception during the entire afternoon.

President Norton was elected delegate and Mrs. Turner alternate. The Auxiliary has chosen an able representative who will do credit to No. 11.

Of the candidates for international offices the following were the choice of the Auxiliary:

President—Mrs. Gilbert R. Jones of Chicago.

Vice-Presidents—Mrs. Carter, Colorado Springs; Mrs. McDougal, Toronto; Mrs. Ogden, Cincinnati; Mrs. Olsen, Minneapolis.

Secretary-Treasurer—Mrs. McKee, Indianapolis.

Chaplain—Mrs. Craighead, Omaha.

Guide—Mrs. Crowley, Pueblo.

Mrs. Jay Worley and son are visiting for a few weeks at Plattsmouth. Mr. Worley expects to spend a few days with them there.

Mrs. Peate is the latest addition to our ranks. Her composure during the initiation leads us to conclude that she has ridden the goat before.

At the election Tuesday the ladies had an opportunity to decide how they liked the referendum method of voting. It was not in favor with the majority, and the probability is that an effort will be made at the convention to change the manner of election.

There is a general tendency towards an increase in wage to our membership throughout the entire jurisdiction of the association. Not much resistance is being met with from the various companies as against propositions embracing a more favorable wages scale. This would exhibit a confidence in enlivened prosperity.—Motorman and Conductor.

F. of L.
