

PRINTERS ELECT.

Voted for Local and International Officers Last Wednesday.

Wednesday, May 16, was international election day among the union printers of the United States and Canada. The printers elect their international officers by referendum vote. There was no contest on the head of the ticket, but the vote in Lincoln indicates that there is not the best of feeling towards the officials now in charge of affairs. There were eighty votes cast by Lincoln printers, and only 49 of them voted for the re-election of President Lynch. The vote on international officers was as follows:

For President—James M. Lynch, 43; Edwin R. Wright, 6.

For Vice President—John W. Hayes, 59.

For Secretary-Treasurer—J. W. Bramwood, 57.

For Delegates to A. F. of L.—(Four to elect)—Frank K. Foster, 57; Frank Morrison, 62; Hugh Stevenson, 42; Michael Colbert, 50; H. J. Gottlob, 11; Victor Berger, 25.

For Trustees Union Printers' Home—(Four to elect)—Thomas F. Crowley, 47; W. J. White, 51; L. C. Shepherd, 17; T. D. Fennessy, 24; Herbert W. Cooke, 39; John Armstrong, 34; P. M. Draper, 9; W. A. Wright, 18; Anton J. Chramosta, 1; Martin Lacher, 13.

For Agent of Home—George P. Nichols, 51.

The local fight was hardest on delegates to the international convention at Colorado Springs next August. It was a neck-and-neck race between three of the candidates for second delegate, J. M. Leaden running like a scared wolf for the first of the two plums. The result of the local election was as follows:

For Delegates—J. M. Leaden, 56; H. C. Peate, 34; J. R. Bain, 30; W. M. Maupin 28; B. C. Sweeney, 6; Sam Ulman, 4.

For Alternates—James Kinkadee, 55; J. B. Marshall, 61; C. H. Turner, 31.

For President—F. M. Coffey, 41; G. E. Locker, 17; A. T. Pentzer, 11; H. W. Smith, 9.

For Vice President—H. C. Peate, 61; F. C. Greenley, 1.

For Secretary-Treasurer—F. H. Hebbard, 67.

For Recording Secretary—Fred Iringer, 37; Charles Love, 25; F. W. Mickel, 14.

For Sergeant-at-Arms—J. G. Sayer, 61.

For Members Executive Committee—(Three to elect)—W. S. Betzer, 21; L. L. Ingraham, 53; J. M. Leaden, 38; J. E. Marshall, 39; F. W. Mickel, 21; A. T. Pentzer, 49; Sam Ulman, 8.

For Delegates C. L. U.—(Three to elect)—James Kinkadee, 52; G. E. Locker, 59; J. M. Leaden, 57; H. W. Smith, 27.

For Delegates Printing Trades Council—(Three to elect)—W. H. Creal, 57; G. E. Locker, 50; H. A. Mickel, 30; W. C. Norton, 41; C. H. Turner, 21; Sam Webster, 19.

LEARNING THE MONOTYPE.

Albert Strain, a member of Lincoln Typographical Union, is in Philadelphia learning the use and care of the Monotype machine. When he finishes his apprenticeship on the machine he will return to Lincoln and take charge of one to be installed by the Woodruff-Collins Co. The Monotype, or Lanston, machine is a type caster and setter. It casts individual letters and composes them. It is really two machines, one being a keyboard and the other a caster. It will be the first one of the kind installed in Lincoln and the third to be installed in the state. Mr. Strain was sent to Philadelphia by

"Here's a Clean-Cut Looking Fellow"

Do They Say That About You?

The young man of taste demands the very newest fashions--- the very latest innovations. No stubby coats, no narrow lapels, no bag hanging garments for him this season. We select certain lines of Suits from tailoring houses that are specialists in Young Men's Clothes whose styles are patterned after what one sees on the college campus---dashingly daring but not too extreme.

Catchy Worsteds, Cassimeres, Cheviots, Scotch Tweeds and other Fabrics in mixed patterns and solid greys and blues. The shaped in waist line, long lapels, deep center vents or ventless coats; peg top trousers and the easy drape of the hour.

Such Suits Here \$10, Fine Suits \$15, Imp. Woolens \$18

For Business Men With Incomes That Warrant Fine Suits

Grey worsteds will be largely worn this year for business purposes as an alternate to the Dark Worsteds, Black Thibets and Blue Serges that are more in favor for evening attire. Such Suits here are smart, serviceable, shape retaining and made by hand. There is no denying the aristocratic air they impart to the wearer nor any doubt but what we save the wearer from \$5.00 to \$10.00.

Prices: \$20, \$25, \$30.

the Woodruff-Collins Co. to learn the machine.

The Trade Union Paper.

Of one thing I am convinced: No matter how inferior a labor union paper may be, it stands always as a battery between the union and its enemies. Take away the union paper, even though it be a miserable travesty upon the art of journalism, and you have removed the vehicle which could and would have conveyed to the public, whose sympathy and support you need, a true expression of your grievance; you have given your enemies an open field, with the power to misrepresent and malign you without check or hindrance; you have removed the only means.—A. W. Hoffman, in The Carpenter.

The case of Lieutenant Albert S. Odell, Eleventh cavalry, Fort Des Moines, who was court-martialed for alleged intoxication and neglect of duty, has been received by the judge advocate general for review. It is understood the court-martial sentenced Lieutenant Odell to dismissal.

towards unionizing the carpenters of the city than a good many things that are said and done.

Union Made Work Clothes

We claim that our line of Union Made Work Clothes is the largest and best in Lincoln. We'll prove it, too, if you'll give us a chance. We make a specialty of union made goods in this line.

Union Made Clothing

We have it—good garments, well made, stylish and wearable—with the union label thereon. Prices range from \$5 to \$15, and the full worth of the money in every garment.

200 Fancy Vests

Last week we received an invoice of 200 Fancy Vests for summer dress wear. They bear the union label. We have sold a lot, and were forced to order more. But we'll have them on hand whenever you call. We are proud of this line of vests.

We want the trade of Union Men. We carry the union made goods, sell them right and treat you right.

The Carpenters and Joiners

One initiation, two applications accepted.

Our stairway has a new carpet, and the hall is in better shape than for some time. However, Secretary Chase keeps kicking on the smoke, and since he doesn't chew the weed he is crossways at the cuspidors around his desk.

A list of employers who are fair to the carpenters is a thing of the near future.

Business Agent Elsler reports all men working and more competent mechanics needed.

Bro. Quick of the C. L. U. delegation reports that he understands something is doing at the C. L. U., but as none of 1055's delegation were there he could not make a report.

Structural Building Trades charter is reported as not having arrived as yet.

Bro. Harrison is reported as having had a fall at the creamery. He cut his elbow, but is getting along nicely.

One apprentice reported as being ready to take full beneficial membership.

The New Boston Store is reported as having no use for union men or

their patronage. It would be a downright shame to give them anything they didn't want.

Several requests for membership in 1055 have been turned down of late.

Secretary Chase has an interesting communication from the department of commerce and labor at Washington, D. C., and is promised some more. This will come up at the next meeting.

The cafe on the Capital Beach job will be under a roof before the week is over.

Mr. and Mrs. Otis Merritt went to Seward the latter part of last week on account of the death of Mrs. Merritt's grandfather. Our sympathies to Bro. and Sister Merritt.

The new by-laws and trade rules will be ready for distribution at the next meeting. Every member should have a copy.

From four to a dozen men per day are turned away from where the writer is working. They can offer only common labor.

Bro. Lundgren made a very neat little talk on some questions that puzzle him. He learned some things and the few members present learned some more. More such talks would go far
