circle the size of the can. He was immediately taken to the city hospital and Dr. Wilmeth called. Over twenty stitches were required to close the cut, and it is feared that the boy's eyesight will be destroyed.

The injured lad was promoted to the high school this spring and is a boy of unusual promise. The many friends of General Kelsey are a unit in expressing the wish that his son will soon recover entirely from the accident.

STAGEHANDS ORGANIZE.

Get Together Without Flourish of Trumpets and Organize a Local.

Lincoln has a new labor organization, the Stagehands having decided that it was time to get into the union game. A few days ago the stagehands employed at the three local amusement resorts, the Oliver, Lyric and Bijou, met to the number of twenty-four and perfected a temporary organization. Temporary officers were elected, dues were paid in, and a charter was sent for.

As soon as the charter is received, permanent organization will be perfected. To the credit of the new organization it may be said that every man eligible to membership was taken in.

WAKE UP, MR. HOLMES.

Perhaps "Ducky" Holmes has nothing to do with the concessions at the ball grounds, but even if he has not he would be a gainer by using his influence to have some union made cigars sold on the grounds. He is being liberally patronized by union men, and they do not like the spectacle of a lot of "barkers" hawking "scab" cigars all the time. A lot of the union men are kicking, and Mr. Holmes would be doing himself and the union men a good turn by seeing to it that the gentlemen having the refreshment concession peddle a few union made cigars instead of flaunting their rank "scab" products in the face of the three or four hundred union men and sympathizers who attend every game.

Opening of the Shoshone Reservation.

Register at Worland for the Government drawing entitling you to draw 160 acres of fine irrigable lands in the Shoshone Reservation; only \$1.50 an acre, one-third cash. 400,000 acres, or 2500 farms, to be drawn for; besides this, there are 800,000 acres of timber and mineral lands that may be taken in the usual way; some of these lands are supposed to be of great value. One fare for the round trip to Worland, with maximum of \$20.00 from Omaha, Lincoln and Nebraska points. Tickets sold July 12th to 29th, final limit August 15th. Take this grand trip through the rich irrigated lands of the Big Horn Basin. This will be one of the greatest events in the history of the distribution of Uncle Sam's domain. For full information write L. W. WAKELEY, G. P. A., C. B. & Q. Omaha, Nebr.

SAND TABLE A BOON.

How to Prepare a Simple Contrivance That Will Prove Instructive to the Children.

A sand table is a great educator for children and furnishes them with unlimited amusement. Simply make a small low table from packing boxes, with crossed legs, sawhorse fashion, at each end, and two braces, one either side of the legs at the place where they cross, to hold them firmly in place. There should be a little, narrow rim nailed around the top of the table to keep in the sand. Now provide a keg of clean, dry sand and a little sand shovel, and the children will do the rest.

With the aid of a sand table children can get a much clearer idea of geography than by oral description. What wonderful mountains, lakes, river courses, valleys, etc., can be made! Or, the sand may be laid out to represent a park, using bits of evergreen twigs for trees and shrubs. A real good farm can be laid out, with bits of sticks or toothpicks for fences, and toy cattle may be turned out to graze in the pastures.

Children will amuse themselves for hours with such material, gaining at the same time a certain dexterity for fashioning things that is certain to be of value to them later in life.--Farm and Home.

Spiced Meat.

Take any kind of cold roast meat, cut it into exceedingly thin slices of about an inch across, season well, pour over it enough wine, gravy and melted butter to moisten, place in buttered scallop shells, sprinkle bread-crumbs thickly on top and place in a hot oven until well browned. Some sliced mushrooms are a great improvement. Cold rabbit, sweetbreads, poultry, calf's brains, veal and different kinds of fish are especially adapted for coquilles. Serve in the shells.

About the Tongue.

Pungent and acid tastes are perceived by the tip of the tongue; the middle portion tastes sweets and bitters, while the back, or lower portion, concerns itself with fatty substances, such as butter.

UNION HEROES.

What the Trades Organizations Have Done for Those Who Toil.

The stalwart heroes of labor unions have met and vanquished a vanguard horde of more dread foes than ever Roman legions saw. With their union shop and their label they press forward and conquer new evils with every passing year. It was organized labor that inaugurated child labor laws and made those laws effective. It is organized labor who has demanded and compelled the introduction of safety appliances on our railways and in our shops. It is they who demand and are winning shorter hours of labor for the men upon whose steady nerves depend the lives of tens of thousands. It is they who have won for the city of Chicago alone more than half a million dollars a year in

taxes that were formerly evaded. It is they who build cities without shams, who maintain sobriety without coercion, who overthrow despotism without war. In persistent, heroic, self-sacrificing struggles for the welfare of humanity; in clean, temperate, orderly civic and individual life; in fearless, faultless democratic education of the masses; in ardent, efficient, ethical maintenance of eternal truth, the labor union has shown itself the greatest moral force of the present age. All of you who have the genuine liberal American spirit of our republic, the sense of common interests and of individual rights as men, prove it by joining the union of your craft or calling, and do so with the firm determination to stand by it through thick and thin, always keeping in mind that "United, we stand; divided, we fall."--Houston Labor Journal.

CENTRAL LABOR UNION.

Will Meet Tuesday Evening to Fix Matters for the Annual Benefit.

The Central Labor Union will meet next Tuesday evening to make final arrangements for the annual benefit performance so kindly tendered by the Fulton Stock Co. and the management of the Oliver theatre, and to take action on the proposed observance of Labor day.

It is to be hoped that every delegate will be present at this meeting, as the success of the Labor day demonstration depends largely upon the preliminary work performed by the central body.

THE LEATHERWORKERS.

Celebrate Their Seventh Anniversary with Pomp and Circumstance. The Union Leatherworkers on Horse

Goods celebrated the seventh anniversary of their local organization last Tuesday night, and the occasion was a most enjoyable one. A regular meeting was held prior to the anniversary celebration and considerable important business was transacted.

After the business meeting the celebration proper began. The editor of The Wagerworker was present by invitation and told a few stories and recited a few verses. Then ice cream and cake came on and everyone present made a full band. The remainder of the evening was spent in social intercourse. The event was well handled by the committee in charge, and the Leatherworkers fittingly celebrated the anniversary of their local.

A DESERVED PROMOTION.

Mr. Ed. R. Butler, for several years city passenger agent of the Northwestern at this place, has just been pro-

moted to be traveling passenger agent of that road. The promotion of Mr. Butler is deserved, for he is a thorough railroad man and has rendered good service to the Northwestern since he became connected with it. His many friends are congratulating him, and all of them expect to see him climb still higher in the railroad world.

HORRIBLY INJURED.

Son of Prominent Unionist Terribly Hurt by Fourth of July Accident.

John, the 15-year-old son of Mr. and Mrs. T. C. Kelsey, was terribly injured on the Fourth. He put a lot of powder under a tin can and then went closer to see why it had not made the intended noise. Just before he touched it the powder exploded and the can was driven with terrific force into the lad's face. The can cut a horrible gash, injuring both eyes and cutting a
