

# THE WELL DRESSED WORKINGMAN

**T**IME was when "any old thing" was considered good enough for the workingman. As a result he got ill-fitting, shoddy garments in return for his hard earned money. That was before this Company began business. When this Company began the clothing business it inaugurated the plan of giving the workingman the worth of his money. It has enabled him to dress well at the old "shoddy prices." Now the workingman can get a suit of clothes, hand tailored, well made, well fitting, and of the best material, and for a reasonable price can dress as well as those whose circumstances enable them to patronize the high priced tailors. ¶ There is no economy in "cheap clothing." One good \$15 or \$18 all-wool, well made suit will outwear three or four cheap "mercerized cotton" suits which soon lose all shape and become dingy and discolored. The all-wool suit will retain its fitting qualities to the last, and will "look good" all the time. We believe the workingman is entitled to his money's worth, and we give it to him. When we say "all-wool," we mean it. Our guarantee is worth face value.

## ALL-WOOL SUITS

We have them from \$15 to \$30. They are wool, too. No "mercerized cotton" fake. They give splendid service.

## ALL-WOOL O'COATS

We have them from \$10 to \$30, all-wool, too. Our reputation is staked on them. They will wear for years, and will retain their fit and color to the last. The linings are the very best. The workmanship is unequalled.

## THE NO NAME HAT

We want to show them to you. There are none better, either in block or lasting qualities, we are mighty proud of them.
