

WOMEN'S VOICES

Thousands of women suffer daily backache, headache, dizzy spells, languor, nervousness and a dozen other symptoms of kidney trouble, but lay it to other causes. Make no mistake. Keep the kidneys well, and these aches and troubles will disappear.

Mrs. Anthony Cadrette, 77 Mechanic street, Leominster, Mass., says: "My sight failed. I had sharp pain in my back and bearing-down pains through the hips. I was nervous, fretful and miserable. The urine was greatly disordered and I began to have the swellings of dropsy. I was running down fast, when I started using Doan's Kidney Pills. A wonderful change came and after using them faithfully for a short time I was well."

Going to Take a Day Off.

A postmaster, not many miles from Hillville, posted the following notice on his shutter recently:

"All parties expectin' mail are hereby notified to git all that's comin' to 'em in advance—any time before next Thursday, that bein' the day we have app'inted to go huntin'—not havin' had a holiday from the government since July 4, and the said government seemin' to forget that bein' only human, we need rest and recreation occasional. There's some little mail here for the Joneses and the Tompines—but it don't amount to much, as it's all got one-cent stamps on it. There ain't nuthin' much in the business now!"—Atlanta Constitution.

The Ideal Family Laxative.

Is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose always having the same effect, otherwise the quantity will have to be increased and finally lose its effect altogether. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so carefully made.

Brandreth's Pills are the same fine laxative tonic pills your grandparents used. They have been in use for over a century and are for sale everywhere, either plain or sugar-coated.

Kaiser Won Bride for Officer.

A curious instance of the active part the kaiser takes in arranging the marriages of relatives and friends is recorded. A personal aid-de-camp of his majesty was very much depressed by the lady of his choice giving him a refusal. The same afternoon the kaiser drove to the house of the young lady, the daughter of a wealthy Berlin banker, and pleaded the cause of his aid-de-camp with such eloquence that the marriage took place a month later.—Reynolds' Newspaper.

For Our Women Readers.

As probably all of you know, the name QUAKER on a package of rolled oats means exactly what sterling does on a piece of silver.

Both stand for PURITY. In another part of this paper you will find an advertisement of QUAKER OATS, now put up for the first time in large FAMILY PACKAGES at the same price as inferior oats. In addition you get in each package FREE a beautiful piece of imported china. Read the advertisement, and then ask your grocer for a FAMILY package of QUAKER OATS. You will be delighted with the oats, and more than delighted with the beautiful present in the package.

New York Girl Now Lady Paget.

There are now ten Lady Pagets in Great Britain, the latest being the wife of Gen. Paget, who has just been knighted. She was Miss Minnie, daughter of Mrs. Paran Stevens, of New York. Her first appearance in London society was made a good many years ago, when her beauty and vivacity caused quite a sensation.

Woman Novelist Widely Read.

Miss Braddon, the popular novelist, who celebrated her seventieth birthday by issuing her sixty-second book, received \$12.50 for her best known effort, "Lady Audley's Secret." Since then royalties have been paid to her on over a million copies. Miss Braddon reads French, German, Spanish and Italian with equal facility.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, and cases of tonics caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SAVE LABOR IN KITCHEN.

Poaching Cups the Latest Utensil to Find Favor.

Poaching cups that hold eggs so they will not have to be dropped into the water to cook are among the useful new fall utensils that all housewives who do their own work will appreciate as being economical and "labor savers."

These poaching cups, in which the eggs are cooked by steam, are shallow and round, and fit into a metal lid perforated so the steam can come through. The pan on which this lid fits is round and about two inches deep, plenty large enough to be used as a cooker for cereals. It is filled when in use with boiling water, and when the eggs are dropped into the cups that have already been heated a tight fitting top is placed over the poachers to prevent the steam and heat from escaping.

It takes two minutes to poach eggs in this way, and the trouble of dropping them into the water and fishing them out with a ladle is done away with. Besides it is less trouble to prepare eggs in this fashion, and when served they look so much more inviting than when the edges are ragged, for when cooked in a cup they are always well rounded and the yolk is invariably in the center. They really taste better, too, for there is no possibility of being water soaked, a fault that many find with poached eggs. Then, too, they may be turned out of cups onto plates or toast, and look so dainty and tempting that even an invalid person with a jaded appetite would be hungry after seeing them. The price is not more than 50 cents for the pan and half dozen poachers.

PLEASURE FOR THE INVALID.

Little Things That Add to the Comfort of Shut-ins.

A magnet attached to a ribbon is a boon to an invalid able to do needlework. Dropped to the floor, it will find and return the lost scissors, needle or thimble.

A call-bell or small hand-bell should be a part of every invalid's equipment, insuring prompt attendance upon her wants, and likewise relieving a busy caretaker of anxiety while engaged in other duties.

Brushing the invalid's hair and bathing her hands and face are services that can scarcely be performed too frequently, giving, as they do, such large returns in comfort, and often inducing sleep.

A field-glass and a graphophone are happy gifts that without it are mere dots on the landscape, and the other means for her what going to a concert does to you.

A hand-mirror should always be in reach, for if held at different angles it presents familiar scenes in a new light—and change acts as a tonic.

Shaping Bread Sticks.

It takes a bit of practice to shape bread sticks perfectly, but just try, says Fannie Merritt Farmer, in Woman's Home Companion. It is very easy to get into well worn ruts if one is not willing to step on untraveled ground. To one cupful of scalded milk add one-fourth of a cupful of butter, 1½ tablespoonfuls of sugar and half a teaspoonful of salt. When lukewarm, add one yeast cake, dissolved in one-fourth of a cupful of lukewarm water, the white of one egg, well beaten, and ¾ cupfuls of flour, once sifted. Toss on a slightly floured board, knead, return to the bowl, cover and let rise until the mixture has doubled its bulk. Shape, cover again, let rise and start baking in a hot oven, reducing the heat after the first five minutes, that the sticks may be crisp and dry. To shape the sticks, first shape as small round biscuits; roll on the board (where there is no flour) with the hands until six inches in length, keeping of uniform size and with rounded ends. This may be best accomplished by bringing the fingers close to, but not over, the ends of the sticks. Serve a bread stick in the fold of each napkin. Pile the remainder log cabin fashion on a plate covered with a dolly.

Jellied Chicken.

Select for this a fowl rather than a chicken, as the long cooking will make it tender. Singe, clean, and cut it up as for a fricassee, put in a kettle with one-half of a small onion, stuck with a clove, and one stalk of celery, cover with boiling water and simmer until the meat falls from the bones, adding one teaspoonful of salt when half done. Take out the chicken and cook down the liquor to three-quarters of a cupful, then strain it and skim off the fat. Lightly butter a mold and decorate the bottom and sides with slices of hard boiled eggs and sliced olives. Free the meat from the skin, bone and fat, and pack it in the mold, sprinkling with salt, add the liquor and set aside to cool.

Keeping Cake from Breaking.

To prevent fresh cakes from breaking when the cake is taken from the oven, set the pan on a cloth which has been dipped in lukewarm water and then wrung out as dry as possible. After standing on the cloth for five minutes the cake can easily be taken from the pan without breaking.

"Peroxide" is a Good Thing.

Peroxide of hydrogen is a valuable antiseptic to have in the house. It makes a pleasant mouth wash and throat gargle when diluted, and will remove blood stains very satisfactorily if used before the stain is dry.

JOINED THE UNION.

New York Banker Takes the Obligation to be "Square."

Jacob Schiff, one of the leading bankers of New York City, and known in high financial circles throughout the world, is now a member of Stonemasons' and Setters' Union No. 84, New York City. He has taken the obligation to maintain union wages and union conditions.

Mr. Schiff took the obligation in order that he might consistently lay the corner stone of the new Jewish synagogue of the Hungarians at One Hundred and Sixteenth street and Fifth Avenue. He solemnly declared he would not work for less than 70 cents an hour, and that he would have nothing to do with a non-union job. Business Agent Skinner administered the obligation.

President McKinley was obligated as a union bricklayer in order that he might lay a cornerstone in Chicago. President Roosevelt is a member of the Brotherhood of Locomotive Firemen.

GILSON'S SORE THROAT CURE.

Good for Tonsillitis.

Office of W. M. LINE, M. D.
Germantown, Neb., Feb. 8, 1904

I have had most excellent results with Gilson's Sore Throat Cure in diseases of the throat and mucous linings. I find its application in tonsillitis and cases where a false membrane exists in the throat, as in diphtheria, to have an immediate effect, loosening and removing the membrane, and thereby at once relieving this distressing sensation of smothering noted in these cases. My clinical experience with Gilson's Sore Throat Cure has proved to me its value and I can heartily recommend it to all as a safe and reliable preparation for the disease it is recommended.
