SENATORS PASS FAVORABLY ON FORAKER COMPROMISE.

to Seat-Declares Smoot Has Always Been An Anti-Polyga-

mist and Respected Law.

The senate Tuesday/passed the compromise Foraker resolution authorizing the committee on military affairs to investigate the facts of the affray at Brownsville on the nights of August 13 and 14 last without questioning "the legality or justice of any act of the president in relation to or connected with that affray." This action came after the subject had been under consideration almost daily since the first day of the present session of con-gress and every phase of the question

had been discussed. Before the adoption of the resolu tion several substitute measures were voted down. One by Senator Mallory providing for an investigation without reference to the president in any man. third by Senator Culbertson, simply endorsing the president's action and providing for no investigation was tabled by a roll call vote of 46 to 19.

There was no record vote on the resolution adopted.

Senator Culbertson came to the defense of his colleague, Senator Smoot of Utah, defending his right to retain his seat in the United States senate. Prefacing his argument with observa tions on the gravity of the charges aginst Mr. Smoot, the junior Utah senator said if Smoot was a violator of the law, either as principal or as accessory, or recognized any ellegiance to any power paramount to the alle-giance he owed his flag and country, or if by reason of his conduct he was so morally unfit that his continued presence in the senate would bring re-proach or shame upon it, he should not retain his seat, otherwise he should. In the course of his remarks he said the Senator Smoot has always been anti-polygamist and that he always
