

**An Oversight.**  
When Chapple got up the other morning he wandered around his apartment in his pretty pink pajamas, the very picture of woe.  
"What's the matter, sir?" inquired his valet.  
"I don't know, Alphonse," he groaned; "I passed a most unhappy night."  
Alphonse looked him over carefully.  
"Oh, sir," he exclaimed, "I know what was the matter. The trousers of your pajamas were not creased. You must be more careful, sir. Those I had prepared for you were hanging across the foot of the bed."—The Bohemian.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

**Pretty Epigram.**  
A charming epigram adorned an address that Mrs. J. C. Phelps Stokes made on her last visit to Detroit. She was rejoicing over the fact that in the slums woman, no matter how wretched her case, kept her speech pure, as a rule, of profanity.  
"An oath from a woman's lips," she ended, "is unnatural and incredible. I would as soon expect a bullet from a rosebud."

**Journalistic Difficulties.**  
Since its reappearance in Belgrade ten days ago the journal Otatsbina has been confiscated four times. Its editor, Capt. Novokavitch, has been sentenced to a month's imprisonment; the printers have been locked up on various charges, and the office boy expelled to Zemlin. In spite of these little difficulties the paper continues to appear daily.—London Standard.

**Rise of Unglaub, New Leader of the Pilgrims**  
Star First Baseman Who Refused to Play Under Collins, Now Manager of Team.  
After George Huff quit the Boston American team, satisfied with a brief whirl at big league managerial duties, the natural choice was Robert ("Bob") Unglaub, the first baseman, who was made captain of the team and later was told to take entire charge of the team. Unglaub is playing one of the star games of the league.  
Unglaub's bound from the bench to boss, illustrates some of the peculiar shifts that come in baseball. Jim Collins is now working for Unglaub, and it is but a short time since that Unglaub jumped Boston because he said he could not stand to work for Collins. Unglaub's avowed cause for going to the Tri-State, with which he played last year, was that he failed to get a bonus from Boston in 1895, to which he was entitled. He was drawn.

**Robert Unglaub.**  
ing a modest salary, but was to have more money if he worked in a certain number of games. He came within two or three of the necessary number, and claimed that he was held out of games to save the bonus. So he quit.  
When peace was declared it drove Unglaub back to Boston. He didn't care to return, because he was doing well in Pennsylvania, and because he expected to be forced onto the utility job again. Grimshaw being there for first sack. But Unglaub went south early, and Grimshaw went south late. And before the regular first sacker got around the other man was the talk of the camp. He got on the bag, and Grimshaw was never able to drive him off. Grimmy is a fair fielder, and a good hitter. But he hits and fields much better when the score is 4 to 3, Boston, than when it is 4 to 2 against.  
Unglaub's hitting and fielding has been a feature of the Boston play. It resulted in his first being made captain, and now playing manager.

**PLAYERS ANNEX MANY SHOES**  
Home Run Batters in Major Leagues Are Often Rewarded.  
Now that the 1907 baseball season is on the players in the major leagues are speculating on the prospects of such substantial rewards for batting as characterized the national game last season. It is not generally known, for instance, that exactly 106 pairs of shoes given away for home runs batted on five grounds alone—The New York National and American, the Boston National and American and the Brooklyn National grounds.  
"Necessity is the mother of 'pinch' batting, as it is of other inventions," declared Cy Seymour, the veteran slugger of the Giants at New Orleans the other day. "For instance," he added, "I never try so hard for a home run as when I need another pair of shoes, and yet I can not pull off a four-base hit anywhere as certainly as on the home grounds. Why? Because there is always a pair of shoes waiting at the plate, or thereabouts."  
Twenty-eight pairs of shoes were given away on the Boston American grounds, 14 on the Boston National and 23 pairs on the Brooklyn, besides 18 pairs on the polo grounds.

**NATIONAL LEAGUE NOTES**  
Umpire Johnstone is the only National league umpire who indicates balls and strikes by motioning with his hand.  
Frank Chance will make Chicago his home in the future, passing up California.  
Huggins is playing a great game at second base for the Cincinnati Reds.  
Frank Corridon owes much of his success to the "spit ball."  
Barney Dreyfuss found that the plan of allowing his players three dollars per diem for meals was unsatisfactory, and quickly dropped. Expert diners complained of hunger, while those of an economical turn of mind were accused of laying up at ten-cent soup houses.  
The St. Louis bunch are out for the error record and now tall both leagues in the fielding averages.  
Pete Noonan is fighting for his job at St. Louis, and is showing up much better than last season.  
St. Louis has the B habit so badly that the best possible nickname for the team would be the Busy B's. Yes—Bennett, Beckley, Baxter, Bryne, Burch and Beebe.

**Siamese Object to Walking.**  
The Siamese, above all nations in the world, hate to walk; no such mode of progression is tolerated by a Siamese if he or she can by any means ride. A Venetian gondolier will walk sometimes; even a Hollander will ride on his rough cart; but a Bangkok man—not if he can help it. His family boat for him.—Windsor Magazine.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or ringing in the ears, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

**Desert Lands Made Fertile.**  
According to official figures, since the reclamation law was enacted by congress in 1902, eight towns have been built and 10,000 people have been settled on what were desert lands. One hundred miles of branch railways have been built, 1,267 miles of canals have been dug, many of which carry whole rivers, and 47 tunnels have been excavated. It is estimated that the territory embraced in what is known as the arid regions of the United States covers 600,000,000 acres, of which about 60,000,000 acres are subject to irrigation and can be converted into farms as productive as lands in the most favored sections.

**He Was Thicker Skinned.**  
Walter Howard, the London dramatist, was leaving the stage door of a theater one evening when an anemic-looking youth stepped up and said: "Are you Mr. Howard?" The author replied in the affirmative, whereupon the young fellow said he wanted to go on the stage. Noticing his evident unfitness for such a life, Howard advised him to stick to his present occupation, whatever it was. "I am an assistant pawnbroker across the way," said the ambitious young man. "And what do you people think of your going on the stage?" asked Howard. "Oh, they are right against it," was the jaunty reply, "but I shouldn't mind the disgrace myself."

**Don't Poison Baby.**  
**FORTY YEARS AGO** almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. **CASTORIA DOES NOT CONTAIN NARCOTICS**, if it bears the signature of Chas. Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."  
Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I find it in use everywhere."  
Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."  
Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."  
Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."  
Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."  
Dr. J. A. Boorman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."  
Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

A Compliment.  
"Of course," said Miss Clumsy, "Mr. Kidder's language is not always elegant, but he can be very complimentary in his rough way." "Yes?" asked Miss Wise. "Yes, he says I'm a bird." "Huh! So is an ostrich."

The extraordinary popularity of fine white goods this summer makes the choice of Starch a matter of great importance. Defiance Starch, being free from all injurious chemicals, is the only one which is safe to use on fine fabrics. Its great strength as a stiffener makes half the usual quantity of Starch necessary, with the result of perfect finish, equal to that when the goods were new.  
**Free Medical Advice.**  
A well known London physician at a dinner party one evening was much worried by one who was seeking gratuitous advice. "Do you know, doctor," said his questioner, "I know a man who suffers so terribly with indigestion that at times he can do nothing but howl with pain. What would you do in that case?"  
"Well, I suppose," responded the medical man, "I should howl with pain, too."  
**"Gumming" Season Over.**  
Like returning miners from the Klondike, the "gummers," amateur and professional, are coming out of the Maine woods with their golden grains, say the Boston Globe. Spruce gum has hardly reached the "weight in gold" price, but the lover of the balsamic "chew," for which there is no real substitute, must pay at the rate of \$2.40 a pound for it, and that in Bangor, Me., a city supposed to be the Dawson City of the gum regions.
