

OUR GREAT TAKE OFF SALE THE TALK OF THE TOWN

A RECORD BREAKER IN BARGAINS

It's like was never before seen in this section of the country. So simple, and yet so pregnant with meaning to the working man. Here's the idea: We will not carry over a single garment if price will move it. We want to be able to say, and truthfully, when we show our goods next season, that we have not carried over a single garment. That's why we inaugurate our great "Take Off Sale." : : : : :
