Take the Chill Off

Too early to start the expensive furnace or the coal-eating base burner. All you want is a little heat in the mornings and evenings to take the chill off.

A Gas Radiator

That will do the business—and the cost will be less than one-fourth of what the same amount of heat would cost from furnace or base burner. And you'll get all the heat you need. We have the radiators ranging in price from \$2.75 to \$10.

GAS WATER HEATER

Heats the bath water in five minutes at a cost of less than two cents.

The Use of Gas is a Practical Economy

This is the verdict of all consumers of gas. We will demonstrate its truth if given an opportunity.

Lincoln Gas and Electric Light Co.

THE PRINTERS.

Bits of News Picked Up Among the Disciples of Faust.

The referendum vote on the four proposed amendments to the constitution and by-laws was taken by chapels the first of the week. Very little interest was shown in the matter. Will and Garry Bustard was among those who went to O'Neill and took a whack at Uncle Sam's land lottery. So far none of the Lincoln printers have caught on.

A new job shop has been opened up over Gettler's market on South Eleventh street. The executive committee will take due notice.

Vic Rockey drifted into town the first of the week after having worked pretty much all over the map of the United States since he was last here.

Rumors of a new commercial machine are floating around again. The Daily Nebraskan job has been made a "lobster shift"—from 5 a. m. to 12 m.

Of course every union printer in town is going to vote for "Billy" Norton for the legislature.

The Omaha World-Herald has "come across" with an increase for the machine operators. As usual Mr. Hitchcock was the first one to sign the increased scale. The Omaha union asked for an increase of 50 cents a day for the machine men and got it—in installments. The increase is 25 cents for the next year and other 25 cents thereafter. This makes the Omaha machine scale \$3.75 for day and \$4.25 for night work.

Why shouldn't the union men of the Second Congressional district vote for Gilbert M. Hitchcock? He has always employed union men in the mechanical departments of the World-Herald, and in the last twenty years has paid over \$2,000,000 in wages to union men.

Mrs. F. M. Coffey visited with her husband in Lincoln last week and a part of this, and on Friday departed for Oklahoma again. She will probably spend the winter on the Oklahoma farm.

Today, October 24, is the last day of registration. Register today so you can vote for William Jennings Bryan.

The Wageworker is reliably informed that the Conkey printery at Hammond, Ind., has been squared. If this isn't a victory there never was one.

By Insisting Upon Purchasing
 Union Stamp Shoes

You help better shoemaking conditions. You get better shoes for the money. You help your own Labor Proposition. You abolish Child Labor.

DO NOT BE MISLED

By Retailers who say: "This shoe does not bear the stamp, but it is made under Union Conditions." THIS IS FALSE. No shoe is union made unless it bears the Union Stamp.
