A Matter of Expense

THE EXPENSE IS ALWAYS A CONSIDERATION WITH THE WAGE EARNER, but if you imagine the use of Gas for Fuel is more expensive than coal, you've another think coming.

The Cost of Gas

Fuel Gas is cheaper than coal—and it is always at hand, no matter how cold or hot the day; no matter how stormy the weather, we deliver the fuel into the kitchen. And you can save just one-half the fuel bills by using gas. We are able to prove this assertion. You will save health, time and temper, too.

A Modern Gas Range

is a time-saving tool that the housewife is entitled to. We have them in the best and most reliable makes. Come in and see them. Open evenings for your convenience. Let us demonstrate to you the economy of using fuel gas.

DON L. LOVE'S PLATFORM
Candidate for MAYOR.

"Having been chosen by the republicans of this city as their candidate for mayor, it becomes my duty to make a statement of my position upon questions of public interest. If elected I shall favor a clean and efficient city government in all departments and shall stand for a strict and fair enforcement of all laws. The question of the regulation of saloons is to be submitted to the people and if no license carries I shall enforce it to the utmost of my power. If the 6:30 closing rule carries then that will be strictly and fairly enforced. In any event I would not favor any backward step in reference to the regulation of the saloons. I shall endeavor to keep the city clean physically as well as morally. We should have a clean, beautiful city as well as a prosperous one. I shall therefore favor the enlargement and beautifying of the city parks and public playgrounds, believing that beautifying the city will make for its industrial and material advancement as well as its moral welfare. I believe that all legitimate business enterprises should be encouraged and protected. There is a great industrial and business future for Lincoln if we grasp the opportunities which are within our reach. At the same time care should be taken to encourage the laboring man to make this city his home and to promote enterprises which will furnish him employment, as all prosperity rests primarily upon productive industry."
"D. L. LOVE."

Republican Nominee for WATER COMMISSIONER.

I have lived in Lincoln thirty-five years and will appreciate your support.
