

The Newest Things for Spring

Just six years ago in Vol. 1, No. 1 of the "Wageworker," we took occasion to tell the Union workers of Lincoln and vicinity of the great opportunities afforded by this store to buy the then prevailing styles in Men's Wear. And we've never

missed a week since then. But while we have always offered the very best, never before have we been able to make such handsome and money value garments as we are able to offer this spring. This is due to many facts, among them the fact that there has been material advancement in the clothes making craft and the other fact of merchantile ability that comes from long experience. Never before have we been so well equipped to supply your every need of stylish, durable, well-fitting garments.

All the New and Stunning Models in Spring Suits, \$18 and Up

And in every case the full money value---and more---is in the garment. For the Union men we offer the clothing made by the M. Wile Union Garment Factory---than which no bigger or better exists. They are the goods that any merchant would be glad to handle and stand for. We have an unusually fine line this spring---handsome, well-made, stylish and durable garments that give every evidence of skilled workmanship and honest quality. And if you prefer something a little different---your own idea of style, say---We are prepared for you in that direction in connection with the same great Union manufacturing firm.

The Dominant Idea of this Clothing House:

Our aim is not merely selling clothes at a profit; anybody can do that; we want to do more than that; we want to serve; to give you the best goods at a price that is fair to both of us; to give you what you want and to help you want what you ought to have, and we positively guarantee to satisfy you in every way or refund your money.

The Boys' Department has Received Due Attention

In our Boys' Department you will find the same high grade standard of values and service as in the Men's Department. An unusually large and attractive showing of the best and newest things for Spring are here ready for you.

Union Made Easter Hats and Other Union Made Articles

We have an unusually fine line of Union Made Hats this spring---Just the right kind of "Easter Lids" for Union men to wear. And the handsomest line of Union Made Shirts we have ever been able to secure. It is unnecessary to again declare that in the way of Union Made Work Garments we are far and away in the lead.

Come in and see our handsome Easter Decorations, and then take a comprehensive look at the remarkable Spring Bargains we offer you. This is the Three Hundred and Thirteenth time we have invited you through the columns of the "Wageworker"---and the invitation is just as hearty this time as it was this day six years ago.
