

# A Practical Santa Clause

**T**HESE are the days when Santa Claus is a wise old boy. He is distributing gifts that last; gifts that have quality---instead of the gifts that look pretty for a time and are then laid aside. The practical gift is now the gift

that the wise donor selects; gifts that will give comfort as well as pleasure. Gifts of that kind are what we are offering to the wise purchaser. What's more practical to father than a hat, a new suit, an overcoat, some shirts, suspenders, smoking jacket, slippers, warm and durable underwear, etc. The same will apply to the big boy, or to the prospective son-in-law by the "Biggest girl." And for the small boy, a school suit, stout and well appearing shoes, a warm cap, an overcoat, etc. We are especially well equipped to take care of the school boys from head to feet---the shoes that will stand a lot of hard knocks and retain their neat appearance.

**From \$10 to \$30  
Suits and Overcoats**

We desire to call the especial attention of Wageworker readers to our immense lines of UNION MADE

Clothing,  
Hats, Caps,

Boots, Shoes,

Suspenders,  
Shirts,

Collars,

Neckties,

Suspenders

and Hose

No larger lines of these goods handled in this section. A gift selected from these lines will appeal to the wage earning husband, father or son. In style, fit, fabric and durability they have no superiors and very few equals at any price, certainly no equals at the price we ask. Remember, our bargain price is now and not at the fag end of the season. You get all the benefits of price now, together with the wear of the garments.

## Head-to-Foot Union Outfitters

We can outfit the Union Man from head to foot, and give him that sense of satisfaction brought by wearing garments made by fellow unionists. As we have before remarked, "THE GOODS THAT UNION MEN MAKE ARE THE GOODS UNION MEN SHOULD BUY."

**We Wish You All a Merry Christmas and a Happy New Year**
