## THE WAGEWORKER.

Entered as second-class matter April 21, 1904, at the postoffice at Lincoln, Neb., under the Act of Congress of March 3rd, 1879.

### MR. GUYE IN TOWN.

#### Drops in to Get a Line on His New Duties.

Louis V. Guye of Omaha, who is to succeed Will M. Maupin as deputy labor commissioner, dropped into town Tuesday and spent the rest of that day and all of Wednesday getting a line upon what his new duties are to be. He is already assured that they will be numerous enough to keep him pretty busy.

Mr. Guye has been close to the labor game for many years and is well versed in the needs and hopes of the wage earners. He will take into the office zeal and determination to do all that one man can to be of service to the men, women and children who make up the great group of toil.

### A HAPPY THOUGHT.

#### Dr. Farnham Springs Another One Worth Cogitating.

Dr. Farnham springs a good one every now and then. That's can do it without sweating a hair. The other day a member of his family suggested sending a small Christmas package by express.

"Not much," replied the doctor. "We'll send it by mail. I don't own any express company stock, but I do own a share in the postal department."

That's worth thinking over. We all own a share in the postal department, but instead of being the recipients of dividends from express company stock we are mulcted in great amounts to pay huge dividends on express stock so thoroughly saturated with water it would catch fire in Hades in seven thousand years.

Uncle Sam is about the prize E. Z. Mark of the world, else he wouldn't stand for the coarse work of the express companies. They underbid him on the profitable carrying, and then soak the helpless public on everything that is too heavy for the mails. There is only one answer to this—the parcels post.

### NOTICE TO NON-RESIDENT DEFENDANT.

You are required to answer said petition on or before the 30th day of January, 1911.

## Start The Year Right

No better way of starting the child right for the New Year than to give them a savings bank account. Make a small deposit in the name of the boy, (or girl), give him the bank book, and then tell him how interest grows, how every dime added to his account makes for future independence. It will be easy to interest him; easy to give him the right impetus. No better way ever devised for teaching the boy habits of thrift. Bring the boy with you to our bank and let us talk to him about it.
