the postoffice at Lincoln, Neb., under the Act of  
Congress of March 3rd, 1879.

### A WISE CHOICE.

Dr. Kerns' Appointment Give  
Great Satisfaction.

One of the appointments of Governor-elect Aldrich that will be particularly satisfactory to all the people of the state who know the appointee is that of Dr. W. B. Kern, formerly of Wood River, to the superintendency of the state asylum for the insane at Hastings. Dr. Kern was at the head of the Hastings institution under Governor Dietrich and Governor Sheldon and was removed two years ago by Governor Shallenberger. His management of the institution during his former incumbency was said to have been the best that the place ever had, and his reappointment to the position will be especially pleasing to his many friends hereabouts.—Shelton Clipper.

### HUMAN MACHINES.

Our American Motherhood Be-  
coming Machine-Made.

Mrs. Raymond Robins in a speech the other day said: "We have fought for our religious liberty but industrial liberty is still a thing of the future. There are 6,000,000 working girls in this country, and what are the conditions, the environments under which they perform their daily labors? Thousands of these girls operate dangerous laundry machinery and receive only \$5 a week. The greatest thing we have to contend with in our industrial life is the speeding up, as it were, of the machinery. The work which was formerly performed in the home by the women is now done in the factories. The great difficulty between yesterday and today is the introduction of machinery which makes of the factory worker a mere machine tender and under conditions in most cases detrimental to health. We are simply becoming a part of a machine."

### BANK REORGANIZED.

Farmers and Merchants Bank Op-  
erating Under New Owners.

The Farmers and Merchants bank is now operating under new ownership and management, the transfer having been made last Thursday without any friction. For some time the state banking board has been endeavoring to reorganize this bank, and success crowned the efforts this week. Under the new organization the institution will be known as the Nebraska State bank.

M. W. Folsom is president of

the new bank, H. K. Burkett is vice president, and Frederick E. Beaumont is cashier. Mr. Beaumont has been one of the state bank examiners for several years. All three of these men are experienced banking men, and under the guidance the new bank is assured of success. The capital remains at \$50,000, and some of the interested stockholders are among the solidest men of Lincoln.

### The LABEL SHOW.

Will Be Held at the Oliver The-  
ater January 13.

The Union Label picture show at the Oliver on January 13 will be one of the most interesting amusements of the season. It will be a program calculated to amuse and instruct. In addition to showing the labels of the various crafts, moving pictures of factory scenes, tenement scenes, street scenes and mountain scenes will be shown. In addition there will be illustrated songs and comic pictures galore. Collis Lovely is the lecturer who accompanies the show, and he is one of the most entertaining speakers upon the platform.

The admission is free, but seats are reserved. You may secure tickets exchangeable at the box office for reserved seats from practically every union man in the city. The exchange may be made on and after the 10th. It must be remembered that children under 15 years of age will not be admitted unless accompanied by their parents. No exception will be made, and any boy or girl under that age who appears unaccompanied by parents will be refused admission, even though holding a ticket. This is done in justice to the management of the show, as it is an educational movement and seeks to interest the purchasers of merchandise, not to amuse children. If you are unable to find any tickets, just go to the box office and ask for reserved seat tickets.

### INJUNCTION GRANTED.

The hearing of the application of the Denver Rock Drill and Machinery company for an injunction restraining the Machinists' union and all other labor organizations in the state from in any way assisting the Machinists now on strike at the Rock Drill company was concluded in the district court Wednesday evening and Judge Greeley Whitford granted a permanent injunction. The prayer of the applicants may not be granted as made. The particulars will be made public Saturday. If the injunction is made as sweeping as the applicants desired, The United Labor Bulletin will be restrained from in any way commenting on the strike, and no union man will be allowed to communicate or publish the particulars in the strike of the Machinists. The application covered everything.

A few jolts of this kind will wake up the union men of Denver.—Denver Labor Bulletin.
