80 Bushels Per Acre

Produced by the strong limestone soil of "Roseland Place" this corn is a sweet, sound, of the greatest nutritive capacity, making 15% to 14 lbs. of pork to the bushel; the pork bringing 6 cents to 6 1/2 cents in the home feed lots, which is \$60 to \$65 per acre for the corn product of 1902. Figure it yourself. You can buy the land for \$50 to \$60 per acre. More productive than the famous Blue Grass region of Kentucky. The most nutritive grains and grasses ever produced grow big on this strong limestone soil, and you don't have to breathe the frozen air north of latitude 41.

Corn Never Frost Bitten

30,000 ACRES of the rich limestone soil on which well cultivated farm crops in any reasonable crop year will amount to 50 to 75 per cent of the present cost of the farms; and corn is generally advanced far enough to feed by August 1 and dry enough to crib by September 1, placing it out of the reach of frost two months before frost comes to this latitude. The prices of these farms are certain to advance three hundred per cent, as soon as oil wells are in operation. Printed description.

THE LEGISLATURE

Notes on the Progress Made by Nebraska's Selves—Bills Passed

The Knox committee is indulging in considerable horse play pretending to investigate Bartley's "cigar box." Hasn't discovered the box yet. The Independent still insists that Attorney General Prout is the man who can best look into this matter. Let him have an execution issued against Bartley on that big judgment which is now hanging over the ex-convict. It will be returned unsatisfied. Then a suit in the nature of a bill of discovery would make things interesting for Bartley and those who borrowed from him.

On the suggestion of Sears a committee has been appointed to investigate Former Treasurer Stuefer. Just why Stuefer should be made the scapegoat of those shady bond deals is not stated. The whole board of educational lands and funds is to blame.

The senate has been all wrought up over alleged irregularities of Secretary of State Marsh, but the trouble seems to be really between two Lincoln dailies. Since Mr. Marsh's action with relation to the ballots last fall, The Independent regards him as a weak specimen of "peanut politician," but it has no sympathy with the attacks thus far made upon him by the legislature.

The senate has appointed a sifting committee composed of Warner, Wall, Day, Reynolds, O'Neill, Hall, Hastings, and Saunders, republicans; and Way, fusionist.

Tuesday the senate passed S. F. 150, irrigation; H. R. 64, concealed weapons; and H. R. 76, stay of execution; S. F. 115, appeal bonds; S. F. 155, throwing costs on malicious prosecuting witness; S. F. 160, truant officers; S. F. 58, Missouri river boundary; H. R. 46, notice of school meeting; S. F. 237, establishing roads.

The house on Tuesday passed H. R. 236, more stringent registration law for Omaha; H. R. 123, benefiting Elkhorn railroad by removing two-thirds indebtedness limit; H. R. 240, increasing salary of secretary state banking board to \$2,000; H. R. 323, relief of Russell F. Loomis.

Richardson county taxpayers have requested their representatives to vote for S. F. 242, a sort of phoenix risen from the ashes of H. R. 171 and 330, because the A. & N. pays but \$59.43 city taxes, the M. P., \$76.50; while one Falls City merchant alone pays \$47.88 on his stock and \$51 on his store building, and one of the banks pays \$144.50. These Richardson county taxpayers have gall—in view of their voting for continued railroad tax-shirking.

Governor Mickey has vetoed S. F. 29, which provided for certain fees to be paid the land commissioner. He had heard of the Gene Moore decision and believed the bill unconstitutional. Of course it isn't—but that decision is rank.

The senate Monday passed H. R. 119, reports of teachers and county superintendents; H. R. 167, a joint resolution memorializing congress to pass a bill for the election of United States senators by popular vote.

The Bee said Monday: "Really if the session were to adjourn tomorrow the 28th Nebraska legislature would go on record as having accomplished less in actual results than any that ever assembled in this state."

Representative Rouse of Hall, Perry of Furnas, and Caldwell of Clay are leading republicans fighting the revenue bill, H. R. 344.

The senate Saturday passed S. F. 70, dispensing with notice to minor child adopted unless he is over 14; S. F. 48, annexation of territory in bi-county villages and cities; S. F. 125, amendment to articles of incorporation; S. F. 9, "board of pardons," giving a \$5 a day job to some "lawyer."

Friday was the last day for introduction of bills. The various appropriation bills, of course, came in. They are so divided up that it is difficult to give exact totals, but it is not far from 3 1-2 millions. The "deficiency" bill alone carries over \$118,000, notwithstanding the smooth stories told by Governor Mickey and Norris Brown on the stump last fall, that the books would be closed "without a deficiency."

Representative Thorp of Loup introduced H. R. 442, appropriating \$200,000 for the erection of a plant to

We have used a quantity of the above paints. They are best quality and we recommend them to our readers.—The Independent.

make binding twine at the penitentiary and to purchase raw materials.

There are 294 Senate Files and 487 House Rolls.

Kennedy of Douglas has introduced a joint resolution instructing the attorney general to re-open the maximum freight rate case and find out if under present prosperity the rates will stand.

The senate Friday passed S. F. 118, limiting revivor of dormant judgments; S. F. 149, providing for a time when injunction suits may be brought; S. F. 8, to elect county commissioners in Douglas by whole county vote; S. F. 152, destroying weeds along highways; S. F. 216, 218, 219, repealing laws providing for deputy treasurer, deputy secretary of state, and governor's private secretary; S. F. 85, brick sales; H. R. 18, county treasurer's seal; S. F. 90, supersedeas in appeals to supreme court.

The house Friday passed H. R. 128, statistics bill; H. R. 113, providing for indictment of corporations.

The ship subsidy bill is dead for this session. Four republican members ignored the Hanna lash and voted with the democrats on the merchant marine committee in declining to report it to the house. Like the Fowler bill, it is only a question of time when it will be forced upon the people, probably in the next congress.

AMENDMENT TO ARTICLES OF INCORPORATION

Notice is hereby given, that there has been filed in the office of the County Clerk of Lancaster County, Nebraska, an amendment to the articles of incorporation of the Farmers Union Ditch Company, whose original articles of incorporation have been hitherto filed in the counties of Buffalo and Dawson, Nebraska, which amendment was adopted at a meeting of the stockholders of the said company, held at the office of the Company at Kearney, Nebraska on February 18th, 1902, and is as follows: Article II. The principal place of business of this corporation shall be the city of Lincoln, in the County of Lancaster and State of Nebraska.
HENRY E. LEWIS,
Secretary.
