

Suffering

Will Not Help Your Disease, but Will Weaken Your Nerves.

Folks who think it is better to bear pain than soothe it—are wrong.

Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found, Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill.

This will soothe your quivering nerves. Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, in which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless, and are the latest medical treatment for the cure of Headache, Neuralgia, Backache, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains, Also nerve irritations like Sea-Sickness, Car-Sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in results. "I have used Dr. Miles' Anti-Pain Pills for sick, nervous headache, and have received the best results. I heartily recommend their curative properties, for they are successful."—REV. RAY A. WATSON, D. D., Iowa City, Ia. Sold by druggists, at 25c. Money back if first box does not help. Never sold in bulk.

St. Louis Address and Call.

THE ST. LOUIS ADDRESS.

We are fundamentally opposed to the present unjust distribution of wealth, that creates a system of society in which the few get, without working, while the many work without getting; a system which must result in either anarchy or despotism, and the total destruction of our republic. This condition is due to the monopoly of natural opportunities and the creation of special privileges by law.

We maintain that this government, which was dedicated by the fathers of the republic, to freedom and equality of opportunity, shall fulfill its true mission. We demand the opening to all of the opportunities of nature and the abolition of all special privileges.

In both of the great political parties of the nation are to be found two irreconcilable factions, one in favor of governmental usurpation, tending to the establishment of a new feudalism, and the other standing for industrial and political liberty.

In the people's party of the nation lies the only hope of the perpetuation of popular institutions.

We ratify and reaffirm the fundamental principles of the platform of the people's party adopted at its national convention in Omaha in 1892.

Free speech, free press, trial by jury and the rights of the people peaceably to assemble, are the constitutional rights of every American citizen. We oppose their violation by injunctions issued by courts of equity.

We hold that the right to issue and coin money and to regulate the value thereof is solely a function of the government.

We demand public ownership and operation of those public utilities which are in their nature natural monopolies, such as the railroad, telephone, gas and electric lighting. As to those trusts and monopolies which are not public utilities or natural monopolies, we demand that those special privileges which they now enjoy, and which alone enable them to exist, should be immediately withdrawn. Corporations being the creatures of government, should be subjected to such governmental regulation and control as will adequately protect the public. We demand the taxation of monopoly privileges, while they remain in private hands, to the extent of the value of the privileges granted.

We favor the initiative and referendum; the former to the end that the people may compel the enactment of good laws; the latter to the end that the people may veto legislative measures.

We favor the direct nomination of candidates for elective public office by direct vote of the people, and the election of the United States senators and federal judges by the people.

The platform of the people's party made at Omaha in 1892 was originally made in a conference called and held by the labor organizations February 22, 1892. We therefore invite the wealth-producers to take part in the primaries that shall choose delegates to our convention, guaranteeing that the influence of this party shall be given to advance the interests of organized labor by the recognition of the union label on manufactured products, as well as in legislation which at last is the only hope of just conditions for labor.

We criticize as unfair, illegal and unjust, those decisions of the courts declaring the labor law unconstitutional, and we demand a constitutional amendment authorizing legislation requiring the state, municipalities and public franchise-owning corporations, their contractors and subcontractors, to pay workmen the prevailing rates of wages, and that upon public works, eight hours shall constitute a day's work, and we demand the abolition of the contract system upon public work.

We invite the co-operation of all reform forces believing in the above principles.

CALL.

The joint committees of the reform forces, representing the people's party of the United States, assembled in the city of St. Louis, Mo., on the 22nd,

23rd, and 24th days of February, 1904, hereby call a national convention to meet in the city of Springfield, Ill., on the Fourth (4th) day of July, 1904, at 12 o'clock noon of said day, for the purpose of nominating a candidate for the office of president of the United States, and a candidate for the office of vice president of the United States; for the purpose of selecting a national committee of said people's party; for the formulation of a national platform; and for the transaction of such other business as may legally come before it.

The basis of representation shall be one delegate from each congressional district in each state, with an additional delegate at large for each 2,000 votes or major fraction thereof, cast for Gen. James B. Weaver for president in 1892; the Indian Territory and Oklahoma Territory 5 delegates each; and 3 delegates from each of the other territories, as follows, to-wit:

Total	927

It is recommended by the national committees that the call for a state convention in each state shall be made by the heretofore wing of the people's party recognized under the laws of such state as a political organization. In states where both wings have an organization, it is recommended that a joint call be issued. And in states where there is no legal organization of the people's party, it is recommended that the national committees representing the two wings issue a joint call for a convention.

Joint sub-committee with plenary powers.

By order of the committees aforesaid.

(Note: Six errors occurred in the printed call last week, owing to the short time allotted to making the calculations, and a trifle of uncertainty as to exact meaning of the statement: "One delegate from each congressional district," etc. Query: Washington has three representatives in congress, and North Dakota two, elected at large—does the text mean a delegate for each congressman or for each dis-

trict? Equity would suggest the former, and corrections are made to conform to that interpretation.

The changes made are as follows: Colorado increased from 29 to 30; Connecticut increased from 4 to 5; North Carolina reduced from 42 to 32, correcting a patent typographical error (Weaver vote 44,736, and 10 representatives); North Dakota increased from 10 to 11; Washington increased from 11 to 13; and Wisconsin increased from 15 to 16. This makes a net reduction of 4 in the total, changing it from 931 to 927.—D.)
