Meade Co., S. D.

Editor Independent: The populists of Meade county, S. D., at a meeting held in Sturgis on Saturday, July 30, organized for the coming campaign by electing Allie Reed as chairman and Sherman Wilcox as secretary of the county central committee.

A motion was adopted authorizing the chairman and secretary to call a people's party mass convention for Saturday, August 20, to nominate county officers and to select delegates to a state people's party convention to be held later.

The secretary was instructed to write to populists throughout the state informing them of the action of the meeting and requesting their co-operation in the reorganization of the party.

They also passed a resolution calling upon the state committee to offer a banner to the county casting the largest per cent of its total vote for Watson and Tibbles, and declaring that in the event that no banner was offered by the state committee that the populists of Meade county would secure such banner and give it to any county in the state that was able to take it from them at the November election, and further that we challenged the other counties to enter the fight for the banner.

The populists of Meade county feel that they have no interests in common with Parker, Hill, Belmont, et al.,

and mean to make things warm in real old populist style.

They invite all populists and sympathizers to join them in the reorganization of the party.

SHERMAN WILCOX, Secretary.
Sturgis, S. D.

Another Michigan Democrat.

A young man up in Michigan, who works for a corporation that has little use for the people's party, writes as follows:

Editor Independent: My first vote for president was cast in 1892—for Harrison—not because I knew anything about it, but because my father was a republican and also because most of the so-called "successful" men

seemed to be republicans. By 1896 I had begun to do a little thinking for myself; therefore, in that year and in 1900 voted for the greatest man since the time of Lincoln, Wm. J. Bryan.

I am for him yet, first, last and all the time; but can not follow him into the Hill-Belmont-Cleveland-Parker camp. I am going to vote for Watson and Tibbles this time. Enclose one dollar to help the cause along and will send you a dollar each month until election; that is, if I hold on to my forty-five-dollar-a-month job long enough.

This is not for publication unless you desire to do so in which case please withhold my name and address.
