## IMPORTANT NEWS OF THE WEEK

George J. Gould won a decisive victory at Toledo over Joseph Ramsey, Jr., in the contest for the control of the Wabash railroad, electing all of the six directors to be chosen by the bondholders. The vote cast by Mr. Gould was 228,510, against 31,840 for Mr. Ramsey. The latter claimed the right to vote under the cumulative system which would have given him 121,040 votes. This was disallowed by the tellers and Mr. Ramsey was given only 31,840. When the meeting opened George Greer, for Mr. Gould, withdrew the nominations made previously and substituted the names of Thomas H. Hubbard, E. T. Jeffrey, John T. Gerry, Winslow S. Pierce, R. M. Galloway and E. T. Welles. The names withdrawn were those of Russell Sage, Robert C. Clowry and W. B. Saunders.

A program of special interest to fruit men has been arranged for the annual convention of the Missouri state horticultural society to be held at the Coates house, Kansas City, October 28, 29 and 30. A feature will be a series of illustrated lectures. The executive committee of the society has asked the government to send a representative from Washington to deliver one of the lectures. J. H. Powell was the choice of the committee. He has charge of the export fruit shipping business for the department of agriculture. If he accepts he will talk about how to care for fruit in cold storage. J. M. Steadman of the university of Missouri will talk on "Insects" and J. T. Burrill of the university of Illinois will lecture on "Fungus Diseases." Invitations are being sent liberally in an effort to have the convention a success in an attendance. The society has 1,000 members and about 200 are expected to attend the meeting. The fruit exhibit will be made a feature. Premiums amounting to \$150 have been offered.

The last action of the Panama canal commission before sailing from Colon for New York was the annulment of the contract awarded to J. E. Markel of Omaha for feeding and caring for the employes of the canal. The reason for this action is that Chief Engineer Stevens, through the department of materials and supplies under Jackson & Smith, is handling the commissaries successfully, rendering the employes against the arrangement with Mr. Markel. Protests made by the employes against the arrangement it is believed, also influenced the decision.

John Williamson, congressman from the Second Oregon district, convicted in the land fraud suit started by the federal government, was sentenced in the United States court at Portland, Ore., to serve ten months' imprisonment and to pay a fine of \$500. He was also reprimanded by the court for his failure to set a good example in his exalted public position. Marion R. Biggs, ex-United States commissioner, was taxed by the court with similar dereliction of duty and given an equal penalty.

Prince Sergius Troubetsky was stricken with apoplexy when attending a conference of M. Glasoff, minister of education in St. Petersburg. He died in two hours.

The price of \$7,750,000 as the value of a telephone franchise for twenty-five years in New York City was submitted to the board for estimate and apportionment by an expert, employed to state the sum which should be

obtained by the city in return for granting such a franchise. The Atlantic Telephone company has applied for a twenty-five year franchise and the estimate was made for this company's application.

Sir Henry Irving, the famous English actor, died suddenly on Friday night, October 13. His manager, Bram Stoker, declares that Sir Henry died of a broken heart because of recent losing ventures in the theatrical business. The financial failures were nothing as compared with the failure of the people to appreciate the artistic productions.

Over 1,000 farm laborers, made desperate by the existing famine, invaded the market place at Ecija, forty-eight miles from Seville, Spain, seized the entire stock of food and money, destroyed the market and threw the town into a panic. The inhabitants hastily applied for military relief.

The state auditor and insurance commissioner of Arkansas, Avery E. Moore, in a letter to the agency director of the New York Life Insurance company in Arkansas, demanded restitution of the money given by President McCall to campaign funds and demanded that McCall resign.

A special committee of the Peoria school board made a start on the task of determining, so far as possible, Dougherty's total peculations from the public funds in the last twenty-five years. It was decided to turn the entire investigation over to professional accountants.

The emperor of Russia and the emperor of Japan signed their respective copies of the peace treaty, thus officially ending the war.

The decision of Judge Eason in the Taggart divorce case was in favor of Captain Taggart.

**Direct Nomination of Senators**  
The new primary election law of Illinois is to be used to settle the fight in the republican party for United States senator. "Any one who wishes to be a candidate for that office," says the Chicago Chronicle, "can secure an expression of opinion on his claims by his party at the primary election by filing a petition to that effect signed by 5,000 or more qualified voters of the party to which he belongs. At a recent meeting of Senator Cullom's friends in this city it was proposed that 50,000 signatures be secured instead of 5,000."

**BETTER THAN SPANKING**  
Spanking does not cure children of bad wetting. If it did there would be few children that would do it. There is a constitutional cause for this. Mrs. M. Summers, Box 109, Notre Dame Ind., will send her home treatment to any mother. She asks no money. Write her today if your children trouble you in this way. Don't blame the child. The chances are it can't help it.
