INITIATIVE AND REFERENDUM

Reforms That It Will Bring About When Adopted

The initiative and referendum will wipe out party bossism. It will destroy lobbying and corrupting party leadership.

It will place all the power in the non-office holding and non-office seeking people.

It will wipe out plutocracy and establish a pure democratic government.

It will place the power in the hands of the people to peacefully change their government when conditions require it.

It will so familiarize the people with

the laws that they will have little use for lawyers.

It will make three-fourths of the people home-owners.

It is the only measure that will prevent revolution.—The Forum.

The Aftermath

Mrs. Ferguson called her husband out to the dining room.

"George," she demanded, "who are all those strangers you have brought here to dinner?"

"The boys down at the office," he said.

"I'd like to know what this sort of performance means!"

"It means, Laura," answered Mr.

Ferguson, with a look of cast iron determination on his face, "that there isn't going to be any of it left to serve up at every meal for the next six days—not this year, by jucks!"

"What," asked the tall-browed professor, "are the principal by-products of the steel industry?"

"Carnegie libraries," promptly answered a student.
