NOTICE OF SUIT

In the District Court of Lancaster County, Nebraska.

William G. Houtz, plaintiff, vs. Adelia P. Fletcher, et al, defendants.

To Adelia P. Fletcher, widow of Asa Fletcher, deceased, Mamie P. Fletcher, George Fletcher, Mrs. George Fletcher, his wife, first name unknown, Anna Peck and George Peck, her husband, Walter M. Woodward, Edith Woodward, minor children of Nellie Woodward deceased, and the unknown heirs and devisees of Nellie Woodward, deceased, the unknown heirs and devisees of Asa Fletcher, deceased, and J. Marcus Snow, first name unknown, you and each of you are hereby notified that on the 4th day of January, 1906, the above named plaintiff filed his petition and commenced the above entitled action; the object and prayer of said petition being to foreclose two (2) certain mortgages executed by Asa Fletcher and Adelia P. Fletcher, his wife, to the plaintiff, on April 20, 1888, each for the sum of \$200 and interest thereon, at the rate of ten per cent per annum, one mortgage being upon lots 5 and 6, in block 1 of Brace & Strawbridge's sub-division of lot 13 of H. Culbertson's sub-division of the northeast quarter of the northwest quarter of the northwest quarter of the northeast quarter in section 19, township 10, range 7, and said mortgage being recorded in book 15 of mortgages at page 621, and the other mortgage being upon lot 2, block 8, Pleasant Hill sub-division of lots 3, 4, 5, and 6, in the northeast quarter of section 36, township 10, range 6, and said mortgage being recorded in book 15, of mortgages at page 622, said real estate all being situated in the city of Lincoln, Lancaster County, Nebraska.

Plaintiff alleges in his petition that interest has been paid upon said mortgages up to April 20, 1896; that the principal and interest from that date, on each of said mortgages yet remain unpaid; that no proceedings at law have been had for the collection of said mortgage debts; that the conditions of said mortgages have been

broken; that you each claim an interest in said real estate, but plaintiff alleges that if you have any interest, the same is junior, inferior and subsequent to plaintiff's mortgages.

Plaintiff prays for a foreclosure of said mortgages and that said real estate may be sold according to law to satisfy the same; the necessary affidavits having been filed, an order has been entered in said cause directing this notice to be published in this paper for at least four consecutive weeks.

You are required to answer plaintiff's petition on or before the 21st day of May, 1906, or the allegations thereof will be taken as true and judgment entered accordingly.

WILLIAM G. HOUTZ,
Plaintiff.

Have Smutless Grain

Of all the farmers' foes smut is the easiest one to conquer—in fact, no farmer need lose a dollar from smutty grain. If any facts in regard to grain have been conclusively proved, they are that:

Smut is the product of a germ that is planted with the seed. That seeds upon which the smut germs have been destroyed will not grow a smutty crop.

That wheat, corn, oats or barley treated with a solution of Formaldehyde will be freed from every trace of the smut germ.

Two points, however, must be observed: the Formaldehyde must be of a full-strength, commercially pure grade, and all the grain must come in contact with the solution. In the case of our Formaldehyde (the exact grade used at the Experiment Station), one pound added to forty-five gallons of water will be sufficient for from seventy-five to eighty bushels of wheat or corn or forty to sixty bushels of oats or barley. It costs 33 cents a pound. Is it worth ONE-HALF CENT A BUSHEL to free your seed from smut? Rather, you can afford to take chances when you can insure a smut free crop for such an insignificant sum.

SCAB ON POTATOES

What we have said about smut on grain applies equally well to potato scab and the use of Formaldehyde as suggested is a positive remedy for scab—it never fails when a good grade of Formaldehyde is used. Let us furnish our pure, fresh and full-strength Formaldehyde and you can depend upon results—we guarantee it to be the best grade used for this purpose.

NEW GERMANY

500,000 Germans Are to Found New State in Brazil

Germans long for a foothold in Brazil, and they are marching to a realization of their hopes with a patient confidence born of well-organized plans.

Already 500,000 Germans, emigrants and their offspring are resident in Brazil. In the south, where they are thickest, they have become the ruling element. German factories, warehouses, shops, farms, schools and churches dot the country everywhere. German has superseded Portuguese, the official language of Brazil, in scores of communities.

Twenty million pounds of vested interests claim the protection of the kaiser's flag. A cross-country railway and a still more extensive protected system are in the hands of German capitalists. The country's vast ocean traffic, the Amazon river shipping and much of the coasting trade are dominated by Germans.

Over and above this surely commercial conquest, however, looms a factor of more vital importance to North American susceptibilities—namely, the creation of a nation of Germans in Brazil. This is the avowed purpose

of three German colonizing concerns which have become lords and masters over 8,000 square miles of Brazilian territory, an area considerably larger than the Kingdom of Saxony and capable of dwarfing half a dozen German grand duchies.

It is the object of these territorial syndicates to people their lands with immigrants willing to be "kept German"—a race of transplanted men and women who will find themselves amid conditions deliberately designed to perpetuate "Deutschthum," which means the German language, German customs and unyielding loyalty to German economic hopes.

These various colonizing concerns conduct a sleepless propaganda throughout German speaking Europe. They vie with one another in painting Brazil as a picture of glorious future, always providing that Germans in Godly numbers go there to develop it.
