

# Stand Up For Nebraska!

## Railroad Rule and Extortion Must be Ended

The heels of Harriman, Hill and Rockefeller must be lifted from the neck of our fair Commonwealth. Ten million dollars per year does not cover the extortion collected by the railroads in Nebraska. Think of it, Ten million dollars in excess of legitimate profits.

### THIS MUST BE STOPPED!

We must save this money and redeem our reputation. The Free Pass Brigade controls Caucuses and Conventions and herds the voters into the Railroad Corral. The Free Pass must go. One word from the people is sufficient to redeem the state. Will they speak that word? They will when they are aroused and know that the opportunity is at hand to throw off the Railroad Yoke. *The Independent* is dedicated to the work of redeeming Nebraska from railroad rule and railroad extortion. Let us have your support and your assistance in the work. Read our campaign offer and then go to work yourself and get your neighbors to work to swell the list of readers of *The Independent*. When you work to swell the list of readers of *The Independent* remember you are working to redeem Nebraska from railroad corporation rule, to defend your homes and families against the exploitation and greed of Harriman, Hill and Rockefeller, who at present dictate our politics, rule our state and plunder our people.
