

Rheumatism

Is one of the constitutional diseases. It manifests itself in local aches and pains,—inflamed joints and stiff muscles,—but it cannot be cured by local applications. It requires constitutional treatment acting through the blood, and the best is a course of the great medicine

Hood's Sarsaparilla which has permanently cured thousands of cases.

Attorney General Mayer and to make him a traitor to the people in these election cases. They have been strong enough to withhold the republican legislature from passing a recount bill and they finally compelled Mayer to refuse to allow the citizens of New York to take quo warranto proceedings through his office, for in order to bring these proceedings it was necessary to have his consent. I have made every effort to have those votes counted because of the principle involved, for I feel that if a precedent is established by which the people's votes can be dishonestly counted and destroyed, and their will at elections defeated by corporations, a fatal blow has been struck at American rights and liberty.

"There is now little danger to any election thief or thug, to any criminal boss or corrupt corporation in any city or any section of New York state, for crimes committed against the election laws. The citizen no longer has any security for his ballot and if he has not he has no opportunity to protest against wrongs or to correct any evils no matter how great in our government.

"I have spent over \$100,000 in the attempt to have the people's votes in New York City counted. I have not given up the fight and I am in this campaign to continue the struggle of last year.

"I hope a legislature will be elected that will pass a recount bill so that this conspiracy against the people may yet be overturned. I hope that an attorney general will be elected who will allow quo warranto proceedings and will prosecute the big and little criminals who are responsible for the theft of the people's electoral franchises. I hope that a legislature will be elected that will pass a direct nominations bill, for the destruction of the boss evil can only be permanently accomplished through direct nominations.

"The mere overthrow of one boss is invariably followed under our present system by the substitution of another boss equally evil. To accomplish the permanent destruction of all bosses it is necessary to attack and eliminate the system under which bosses thrive. Direct nominations will overthrow not only the present bosses but the present boss system and it will place control of nominations in the hands of the people and remove it from the unclean hands of bossism and the greedy group of corrupt corporations.

"The corporation element of the republican party that slid their corporation ticket through a packed convention like so many greased pigs at

a country fair also struck out of the republican platform the clause calling for direct nominations, and thereby not only failed to indorse but actually repudiated the one honest and effective measure by which bosses can be destroyed.

"Any statement against bossism now by the slick and slippery nominees of that republican convention is as absurd as a declaration against corporations would be while Woodruff, Sheldon and Mayer conduct the republican campaign; while Ryan, Belmont, Rogers, Rockefeller, Morton and Morgan pay the freight; while Sheehan, Parker, Cleveland, Shepard, McClellan, Jerome and other corporation lackeys cheer lustily for the corporation candidates at so much per corporation cheer.

"I hope that a legislature will be elected that will investigate the criminal merger of the New York City traction lines, which the last legislature refused to do, and will expose the corrupt political partnership between the attorney general's office and Wall street; a legislature that will investigate the incompetent and other faithless departments; a legislature that will pass an employers' liability bill; a legislature that will sustain a conscientious governor, and will serve the people and not the trusts. And I hope a severe rebuke will be administered Attorney General Mayer that discredited camp follower of the corporations, that disgraced deserter from the people's cause.

"I hope a judiciary will be elected that will represent the people, and not the corporations; and I hope the people will believe me wholly and absolutely sincere when I say my only object in being in this campaign is to serve them and, if elected, to remove the government from the hands of the corporations who use it for their private profit, and restore it to the hands of the people, to be conducted for the public good.

To Discuss Immigration

Rome—Several newspapers here assert that the United States again has proposed an international congress to discuss European immigration to the United States to be held in Washington in 1907. The papers add that Great Britain, France, Austria, Russia, Italy, Denmark and Holland have agreed to send delegates.

WHAT LABOR'S M. P.'S COST

An interesting official statement is made with regard to the finances of the Labor party in Thursday's papers. Each of the twenty-nine M. P.'s qualified to receive benefits from the parliamentary fund is paid £200 a year, and this, with other necessary expenses—percentage of returning officers' fees, salary of a clerk to the whips, etc., and percentage to general fund—brings the total expenditure to £6,290 per annum. Last year's income being only £4,000, the executive announce that they will propose at the next annual conference that payments to the parliamentary fund of the Labor representation committee should be raised from a penny to two pence per member per annum. With an income of £8,000 a margin of £1,500 would be left to meet the further charges of maintenance and returning officers' fees anticipated from the increased representation of labor in parliament.—Spectator.

THE VANISHING HUMAN VOICE

A few more years and our ears will no longer be charmed by the sweet tones of the tenor and the soprano. The present fashion of violent sport is having a most disastrous effect on the singing powers of the lungs and it is probable that our descendants will never be able to enjoy the operas of Verdi or Rossini owing to the dearth of singers.—La Republique Francaise.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nervine which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"For eighteen years Dr. Miles' Nervine and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nervine, and at once I began to improve, and soon found myself in perfect health."
