

WANT BEEMER DEPOSED

Butler County Citizens File Petition
With Governor, Charging Undue
Activity in Securing Pardons

David City, Neb.—Several petitions which were signed by hundreds of David City and Butler county citizens were filed with Governor Sheldon, petitioning him against reappointing A. T. Beemer warden of the state penitentiary. The petition is as follows:

"To the Hon. George L. Sheldon, Governor of the State of Nebraska: We, the undersigned electors of the state of Nebraska, do hereby protest against the reappointment of A. L. Beemer as warden of the state penitentiary of this state for another term for the following reasons:

"First—Said Beemer has been in said position for a period of four years and should now be retired and there are plenty of good and well qualified men competent to manage the financial affairs of said institution and perform the other duties in connection therewith and that a change in wardenship would be for the best interests of the law-abiding citizens of Nebraska.

"Second—It is a notorious fact that the said Beemer has been unduly active in securing pardons, commutations, reprieves and paroles for some of the worst criminals who have been

incarcerated in the penitentiary during the term of said Beemer.

"Third—We think that the best interests of the law-abiding citizens of Nebraska will be best served by not retaining the said Beemer in said office."

Objects to Joint Committees

After reading of the minutes in the house of representatives Monday Tremor Cone, of Wahoo, objected to the appointment of joint committees for the following reasons.

It is destructive of the individual rights of the members.

It destroys the effect and efficiency of the standing committees.

It takes the consideration of questions from the standing committees.

All this centralization of power is dangerous and contrary to the spirit of the constitution.

Would Investigate Norris Brown

Representative Van Housen of Colfax county, created a little excitement in the house of representatives Friday morning by introducing a resolution reflecting upon the official conduct of Norris Brown as attorney general of the state, setting forth in detail the charges that have appeared at different times in the press during the state campaign. The charges imply collusion between the attorney general and the State Journal Printing company, the grain trust and the lumber trust and demands an investigation of the attorney general.

It has been common knowledge that a number of republican members were personally opposed to the election of Norris Brown to the senate and that certain interests would like to compass his defeat. A resolution similar to the one introduced by Van Housen was passed around among the anti-Brown republicans, but none among them would assume the risk of openly antagonizing the party declaration in convention, or of losing influence in the legislature by opposing Brown when there was not the slightest chance for success. The fusionists generally hoped that some republican might be found to father the resolution, but none could be found.

Upon the assembling of the house on Monday the Van Housen resolution was called up and a motion made to lay it upon the table. The motion carried by a large majority, every republican voting for it. The fusion vote was not unanimous for the resolution.

Beatrice—The quarterly meeting of the Farmer's Elevator company was held at Pickerell Saturday and about seventy stockholders were present. The report of Manager J. D. White on the business of the company since the opening in November, 1905, showed that a half million bushels of grain has been handled and that over \$200,000 has been paid to the members for the grain. These figures would have been much larger but for the shortage of cars, which has embarrassed the company for a long time. Very often members of the company have brought grain to town and have been unable to sell to their own elevator because

Don't Neglect It

It is a serious mistake to neglect a weak heart. It is such a short step to chronic heart disease. When you notice irregularity of action, occasioning short breath, palpitation, fluttering, pain in chest or difficulty in lying on left side, your heart needs help—a strengthening tonic. There is no better remedy than Dr. Miles' Heart Cure. Its strengthening influence is felt almost at once.

"I have used 10 bottles of Dr. Miles' Heart Cure and can truthfully say it has done me more good than anything I have ever used, and I have tried nearly everything that I know of. The doctor who attended me asked me what I was taking and I told him Dr. Miles' Heart Cure, he said it was not going to do me any good, but it did. I have not taken any for a year now, and while there is occasionally a slight symptom of the old trouble, it is not enough for me to continue the use of the medicine. If I should get worse I would know what to do. Take Dr. Miles' Heart Cure as I did before. I consider myself practically cured of my heart trouble."

Work and Fatigue

What fatigues the motive power is getting to work. Once the mind is fascinated and the field of consciousness restricted to a single object, the brain works without exhausting itself. Let us apply ourselves for a good time to whatever we do, and have several hours of sustained labor. By quitting the task to dream, to smoke a cigarette or to watch a fly one becomes exhausted.—Paris Revue.
