

Omaha, Nebraska, Saturday, Sept. 24, 1932

TOM DENNISON

The case pending in Federal Court against Mr. Tom Dennison and nine others including Lieutenant Harry Buford, has been put off on account of the health of Mr. Dennison, who recently returned from Los Angeles, where he went in hopes of regaining his health. He was accompanied by Harry Buford. According to the statement of three prominent physicians, Mr. Dennison is not sufficiently strong to face the ordeals of a court at this time. Lieutenant Harry Buford and Mr. Tom Dennison have a host of friends who have full confidence, that they will be vindicated of any complicity in the pending charges and who believe that this vindication will contribute to the complete recovery of the grand old man.

**Mayor WALKER of NEW YORK—**

The resignation of Mayor Jimmie Walker of New York City, the dandy best dressed Mayor and the most talked about of any man in his official capacity in the world, is indeed a blow to the plain people, who he has befriended in the City of New York; including 370,000 Negroes of Harlem. Once while Mayor Walker was visiting in Paris rumors reached this country that he had made some unfavorable remarks about the Negroes. When asked about this on his return it was flatly denied.

The actions of the Mayor toward his black subjects in Harlem, speaks for itself, and if Mayor Walker should ask to be vindicated at the polls in November, whether as Mayor of New York or the Governor to succeed Governor Franklin D. Roosevelt, who is assured of the election to the Presidency. Mayor Walker will receive the support of 270,000 black voters of Harlem. The fairness he has shown this group of citizens has endeared him to them.

When Mayor Walker was first elected the black citizens of New York there were 2 million dollars per year on the pay roll, this pay roll has been increased to 4 million per year. There are 550 teachers in the Public schools, nine of whom are teachers in the high

schools. There are 500 laborers, with Ferenc Morton as civil service commissioner; James S. Watson, Asst. Asst. Cooperation Council; Cornelius A. Hughes, Clerk, Board of Elections. Thomas H. Church, District Court Clerk.

**MA FERGUSON OF TEXAS—**

With the nomination and election of Mrs. Hiram Ferguson for Governor of Texas and his Honor John N. Garner, for Vice President, Texas should well be proud of its place in the sun. The Negroes of Texas will rejoice at the success of Mrs. Ferguson. It was she who enacted the term "The Forgotten Man" long before the words were expressed by Governor Franklin D. Roosevelt, during the administration as Governor of Texas. When she visited the penitentiary institutions of Texas and found men in prison for long terms for next to no offense at all. Mrs. Ferguson who is affectionately referred to as "Ma" Ferguson, liberated a large number of these forgotten men and restored them to their rightful place among the citizens of Texas. Eight hundred of whom were Negroes. Without any objection from Mr. Garner who is running for Vice President on the Democratic ticket.

by ANDREW STUART.

**Governor Chas. W. Bryan**

In discussing national politics, the people seem to loose sight of the fact that the States are ruled by the "State Rights Bill" that is so inacted into the constitution that it controls the civic and economic structure of our nation. It is for this reason that the people should pay more attention to the election of the candidates who are to administer local and State laws. Governor Charles W. Bryan, candidate for reelection on the democratic ticket, has served this State faithfully and honestly. He has not failed to curtail overhead expenses, reduce taxes, without jeopardizing the business of the State. The colored people have been protected in their civil rights, far beyond that in any other states. The election of Gov. Bryan and C. F. Beushausen, Lieut. Governor will assure a continuation of the good relation of the people.

The appointing of the Misses Mat-

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

**TITUS--PEARLS**

To help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental power dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—general health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! To-day! In 2 weeks time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks treatment. C. O. D. Orders accepted. Write for Booklet.

**FRANCIS MATTHEWS  
DEM. COUNTY CHAIRMAN**

makes an appeal to the colored voters Omaha could get favors from a Democrat straight this year regardless of the voters previous political affiliation.

Matthews said he asked this because it was a foregone conclusion that Nebraska was going to give Franklin D. Roosevelt and Governor Charles Bryan overwhelming majorities in the November election and that the only way Omaha could get favors from a Democratic President and a Democratic Governor is to elect Democratic representatives who will be the only ones to get favors from democratic administration.

"Everybody admits" says Matthews that Roosevelt and Bryan are going to be elected, therefore, it is foolish to try to send a Republican Congressman to Washington or republican representatives to Lincoln.

A Republican request for favors for Omaha will be ignored by President Roosevelt said Matthews, but if we elect Ed Burke our Democratic Candidate to Congress, he will be able to represent Omaha as it should be represented. "Ed Burke," said Matthews "is one of the outstanding men in Omaha. As President of the Omaha School Board he established an excellent record and was particularly interested in seeing that the colored people got their rights. The way to thank him for this service is to vote for him in November.

Matthews says, that every colored voter in Omaha ought to vote for the Democratic Candidates for the Senate and House to give Governor Bryan a friendly group of law makers and that if we do this Governor Bryan will give the State the best administration we have ever had.

The County Chairman said that Governor Bryan has been particularly friendly to the colored voters and he is the first Governor to ever see to it that the colored people had their proper share of public offices. Now the only way to show the Governor that this work is appreciated is to vote for him and for the Legislative candidates.

Matthews also pleaded for the election of W. M. and (Ike Mahoney for Tom O'Connor for Register of County Commissioner, Joe Lovely for Public Defender, and for the entire State Democratic Ticket.

**NEGRO SCHOOL GIVEN \$48,000 IN NORTH CAROLINA**

Edenton, N. C.—(CNS)—The Chowan County Board of Education last week received a \$48,000 donation from the Rosenwald Fund to be used for the purpose of building a new colored school here. According to estimates, the new building will be ready for occupancy at the beginning of the coming school term.

Has an excellent record, and should be re-elected.

**COURTS OKAY "SHORTS"**

If Chicago girls want to play tennis in the new "shorts," polo shirt, shorts and a smile, it's okay with Chicago courts, they have declared a decision restraining park officials from interfering with players such as a costume. This ruling coincides with informal opinions expressed by physicians and tennis champions.

Left: Jolita Macready of Chicago wearing the costume which started the latest battle around what is this and that in the matter of women's apparel or lack of apparel. Upper right: Mrs. Dorothy Weisel Heck, Western Women's Tennis Champion and wife of the Cubs' third baseman, who thinks the

new costume "sensible" and predicts that if some ranking player would adopt it, it would sweep the country

globe quickly becoming a recognized

activity. Lower right: Dr. William Muhlbauer, vice-president and medical director of Union Central Life Insurance Company, who sees in the costume an opportunity for girls to acquire more of the valuable Vitamin D from the added skin surface exposed to the sun's health giving rays. He declares girls need the benefits of summer sun even more than men because, up to 35, they resist disease less easily.

**: : STATE and NATIONAL AFFAIRS : :**

Senator Tydings suggests that Mr. Hoover and Mr. Curtis are "riding the same horse, but in two directions."

In a nation-wide poll being taken by the Hearst papers Roosevelt is running about two to one over Hoover.

The Western Leader says: "We of us are just about out of everything ought to be out of the depression. Lots else." What a blessing is Hoover prosperity!

Cotton is going up in price because everybody now wears cotton. The silk wearing crowd met their Waterloo in 1929. And wool—well, the woolen industry went with the disappearance of the silk worm.

The democratic organization of this state will be happy for any man or woman's assistance in precinct organization work. Just write the democrat state central committee, Lincoln Hotel, Lincoln.

"Nebraska's greatest business governor," so declared Mayor Will Madgett, of Hastings, in his introduction of Governor Bryan to the Hastings fair visitors. Mr. Madgett is a republican, but he appreciates public officials who possess business ability.

A moratorium for sixty days, is the edict from Washington. Sixty days from now will be election day. Many of us have enjoyed a moratorium for the past three years, because from what we have now, nothing more can be taken.

If Governor Bryan has accomplished nothing else, all intelligent and unbiased citizens will frankly give him credit for reducing by three million dollars the amount of money raised by a state tax on property for the years 1931 and 1932.

You were told eighteen months ago that state government could not be conducted on the appropriations Governor Bryan requested. Thus for no department have closed shop for a lack of money to operate them. They are, on the other hand, showing a handsome saving of the amount allotted them by the governor. They have felt the need of saving and not spending.

The taxpayers have profited accordingly, many thousands of dollars.

It is conceded in every quarter that George Hall will be the next state treasurer. He was elected state treasurer in 1912 and became noted for the manner in which he conducted the affairs of that office. He is a conservative in money matters, rigidly economic, a tireless worker and furthermore knows the duties of the office to which he aspires as no other man.

Nation's Business says: "Any man whose assets inventory 25 percent of what they were three years ago has shown extraordinary financial acumen. Any man whose assets inventory 35 percent of two years ago is a worker of financial miracles. Any man whose assets inventory 50 percent is a darned liar." This is the result of Hoover policies and the president says he is proud of his record and will continue his present policies if re-elected. Will you vote for him?

Republican speakers face an embarrassing situation in the present campaign. Their party has been in absolute control of the nation and most of the state for the past 14 years. It was during this period the present economic condition developed. The depression came about under republican policies and Presidents Hoover emphasizes the fact that if he is elected there will be no change in the present national policies. In other words, if you like the present conditions, vote for Hoover. If you do not like present low prices and unemployment, vote for Roosevelt and a change in

the farms and grass will grow in the streets of the cities." This is a literal and exact truth. Agriculture is the basic industry upon which the comfort, prosperity and life of every citizen depends. Under the administration and policies of Herbert Hoover the price of farm products has fallen lower and lower until now the prices are far below the cost of production. What is the result? Not only is the farm industry prostrated but eleven million men walk the highways begging for food and shelter. There can be no recovery until the farmer is paid a living price for his products.

A striking example of the wasteful methods of republican bureaucracy is found in the United States Department of Commerce, which made its most rapid expansion when Mr. Hoover was secretary. From an appropriation of \$10,329,608.44 in 1914, the department grew to receive \$54,969,586.67 in 1932. Its activity is largely to collect dull data and print it in unread circulars so that in 1931, 11,319,540 copies were printed and circulated at public expense. Is it any wonder the Hoover administration created such a staggering deficit as to cause the now annoying federal taxes?

A prominent judge in discussing the proposed Sorenson state police patrol plan said: "I have talked to many about this bill and have found but one voter who was favorable to it. Many voters who have been strong supporters of Sorenson heretofore, say that he will get no further support from him. Should the act become a law, it easily could become one of the most dangerous and costly rackets, not only because the criminal racketeer with a badge stuck on his coat could stop and hold up travelers but with a large body of men selected by the Superintendent some of them could and would pull some fool stunt." Most of the road accidents happen in the cities where policemen are thick.

The people of Kansas are pointing with pride to the fact that through the efforts of taxpayers leagues and kindred organizations they have secured a reduction of a million dollars in the amount of money raised by the state tax on property for the year of 1932. Kansas is late in getting into the tax-reduction business. In Nebraska, due to the determined and successful fight made by Governor Bryan with a republican legislature in 1931, state appropriations were cut down and the state tax on property was reduced three million dollars for the biennium or a million and a half for each of the years 1931 and 1932. Counties, cities and school districts are following the good example set by our state government.

The Hamiltonian theory of government is that the rich should be made richer so they could take care of the poor. The Jeffersonian theory of government is "Equal rights to all and special privileges to none." President Hoover is a splendid exponent of the Hamiltonian theory. He has loaned huge sums of public funds to great corporations, railroads, insurance companies, banks, etc., and hopes that some of their inflated prosperity will filter down to the farmer and home owner. The total failure of the Presidents theory is clearly demonstrated by the present depression. The republican party with its Hamiltonian theory of government has had complete control of national affairs for fourteen years and present conditions are the direct result of that theory put into full force and effect.

**ALLEGED WHITE FATHER SUED FOR PATERNITY BY COLORED HUSBAND**

Washington—(CNS)—Charging that Arthur Markell, white newspaper man, former employer of his wife, Lucille Pindexter Edwards, was the father of his wife's child, and through

various fraudulent means persuaded her to induce him into marriage to shield himself from the consequences of his illicit relations with her, William Edwards, colored, of 1717 Nineteenth street, northwest, filed suit through his attorneys W. L. Houston of Houston and Houston, asking for \$20,000 damages from Markell.

Edwards claims that he has been and still is an honest, respectable citizen and has always enjoyed the respect of the people in his community, and that he had always carried himself in such a way as to one day marry some good and worthy woman of his own race and rear a family. He charge in his bill that his wife through the machinations of Markell has made this impossible, for that on February 28, 1930 he began friendly relations with Lucille Pindexter but that at the same time he was engaging in clandestine illicit relations with Markell and did continue same up until March 1930. As a result of this he claims she became impregnated by Markell and delivered a child about December 13, 1930. He states that when Markell became aware of her condition, in order to evade responsibility for his illicit actions and to escape the disgrace and ostracism that would follow, he fraudulently forced her to represent to Edwards that he was the sole recipient of her affections and that he was responsible for her condition.

On account of these false representations Edwards claims that he married her and lost his health, peace of mind and personal fortune in excess of \$904.00 for expenditures incurred during her confinement, which rightly should have been Markell's. Edwards asks the court to award him damages of \$20,000 and court costs.

Edwards a month ago filed papers asking for annulment of his marriage charging fraud. He based his claims at that time on the fact that his wife and he are both dark-skinned and could not be the parents of a fair-skinned child.

Later, Edwards claims, his wife admitted to him that the child was not his. His suit for annulment followed.

Markell is married and resides at 1746 K street, northwest, and is employed by a local daily newspaper.
