

PENNSYLVANIA LEADS STATES IN NUMBER OF NEGRO COPS

Washington—(CNS)—Occupation statistics for the United States released recently by the Bureau of the Census here, give an interesting picture of the country's law enforcement machinery.

Although the Negro population in States in the extreme South nearly equals that of whites, there are only 63 Negro police in Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Texas and Virginia.

Pennsylvania leads all other States in the number of Negro police, with a total of 302. Philadelphia is the leading city, having 219 Negro "cops."

OMAHA'S OWN Engine Company Number 4 Fire Department. The Colored fire department of Omaha with a fine record of two retirements.

The first Colored Company was organized January 6, 1895 with a personnel of five men including Samuel G. Ernest, captain, Joseph Henderson, lieutenant; Scott Jackson, driver, James D. Hardin, pipeman, Everett W. Watts, pipeman, the only surviving member of this company.

At that time it was known as Number 12 hose company, located at Twenty-seventh and Jones, the men working continuously with one days leave.

On April 29, 1900, the company was moved to 30th and Spaulding Street, and the name was changed to Number 11; remaining there until March 1, 1928 when it was moved to its present quarters, 16th and Izard, and renamed Engine Company No. 4.

The Company now consists of a double shift with ten men, J. C. Greer, senior captain, 26 years service, Alonzo Jackson, Jr. captain, 21 years service, Harry B. Lewis, ranking pipeman, 19 years; Jewel Rose, driver, 13 years; Melvin Freeman, driver, 13 years; Jasper Cole, pipeman, 10 years; Manuel Cook, pipeman, 9 years, and R. L. Green, pipeman, 4 years.

Retired Mr. W. H. Jackson served 21 years on the fire department. His application of thrift and cooperation of his wonderful wife now enables them to live comfortably on the pension which he receives from the city as a reward for his services. Quoting Captain James Greer, when asked for a statement concerning him, he said, Bill, as they call him was easy to get along with, was never up for charges for any offense. In fact a wonderful fellow who never said no when asked for a favor.

Mr. Frank Stewart served 21 years on the fire department, leaving with a fine record. Mr. Stewart has a beautiful home and is reputed wealthy, having invested wisely in several business enterprises, and is also director of Boy Scouts.

WILL AID VIRGIN ISLANDS

New York—(CNS)—A survey of the Virgin Islands in the Caribbean Sea is to be made this Fall by a social service expert to determine to what extent and in what direction the board of directors of the International Save and Children Fund of America, Inc., may help promote a program of self-sustenance there.

At a luncheon held last week the board voted to use some of its funds to aid conditions in the island territory as soon as the survey is completed.

Governor Paul M. Pearson outlined his twenty-year program of agricultural and industrial development, which he devised soon after taking office in March, last year.

Governor Pearson renewed an appeal for donations of musical instruments to public schools in the islands. He also urged an enlarged program of social service to correct evils attendant upon cramped living quarters and to provide jobs at living wages.

A TWENTY THREE BILLION DOLLAR BUSINESS

(By John Benjamin Horton, Jr.)

Food is a twenty three billion dollar business yearly in the United States. A fourth of the national income is required for food. As long as people eat, the food industry is assured of business.

It is the policy of the Omaha Guide to boost our new advertisers when they give us our rightful share of advertising and for this reason, I'm now acquainting our readers, who do not know of this wonderful Company, with the General Foods Produce Co.

General Foods has insured its own stability in this great industry by assembling a varied line of products. Consumers, dealers and stockholders have all gained through the General Foods policy of centralizing its administration, sales and other functions.

Today, there's room for only a few products of any one kind on a dealer's shelves. Therefore, those products which continue to be successful are those which are best known and in greatest demand by the public. Most of the major products of General Foods are leaders in their respective fields. They have been established through years of quality and continuous advertising.

A careful inspection of their products can be observed in this edition

of our paper in our advertising section.
