PRESIDENT HOOVER OFFERS NEW DEAL TO COLORED RACE

PRESIDENT HOOVER, on Saturday, October 1, 1932, addressed a large delegation of colored voters at the White House. The President said: "I wish to thank you for your coming and for the presentation to me of so touching a statement. The platform of the Republican party speaks with justifiable

pride of the friendship of our party for the American Negro that has endured unchanged for 70 years. It pledges itself to the continued insistence upon his rights. "That the friendship and consideration of the party for the American Negro has borne fruit is evident in business, in the arts and sciences, in the professions—

and recently we have seen a great achievement of two splendid youths, Tolan and Metcalfe, in world supremacy in the Olympics. "It has been gratifying to me to have participated in many measures for advancement of education and welfare amongst the Negroes of our nation. I have had the cooperation of the ablest of leaders

ship from the Negroes themselves in these institutions and movements. No better example exists than the contributions made to the recent White House Conference on Child Health and upon Home Building. "I recall with great pleasure this co-operation in the relief of the Mississippi floods, and more

recently in relief of drought, and in the sound advice and assistance I have had in relief from the present distress and unemployment. "You may be assured that our party will not abandon or depart from its traditional duty toward the American Negro. I shall sustain this pledge given in the first instance by the immortal Lincoln

and transmitted by him to those who followed as a sacred trust. The right of liberty, justice and equal opportunity is yours. "The President of the United States is ever obligated to the maintenance of those sacred trusts to the full extent of his authority. I appreciate your presence here today as an evidence of your friendship,

For your convenience the Election Commissioner has arranged for you to register at the OMAHA GUIDE office 2418-20 Grant St. Thursday and Friday, Oct. 13, 14 from 1 p. m. to 9 p. m. If you have changed your address since the April Primaries, you must register again to vote Nov. 8, 1932.

Trustees of Howard University Get New Protest Against Johnson Administration

Washington—(CNS)—The regime of President Mordecai Johnson at Howard University and of Dean of Howard University Medical School, Numa P. G. Adams, again came in for scorching criticism and censure last week, when Benjamin L. Gaskins, attorney for Dr. Charles B. Fisher, member of the Howard medical faculty, made public his formal protest to the University Board of Trustees against what he termed the "attempted dismissal" of Dr. Fisher.

Making public a series of correspondence between Dr. Fisher, Dean Adams and President Johnson, Attorney Gaskins placed before the trustee board legal considerations which made it impossible either for Dean Adams or President Johnson to dismiss the faculty member, without approval of the full trustee board. The attorney ridiculed letters written by Dean Adams to Dr. Fisher as intended to cloud the real issues of the case. Dr. Fisher, an alumnus of the Howard Medical School and a prominent Elk, was dismissed by action of President Johnson and the executive committee upon the recommendation of Dean Adams on August 15. The recommendation of the medical school dean read as follows: "Recommendation 30: The discontinuance of the services of Dr. Charles B. Fisher, 1500 Tea Street N. W., Washington, D. C., as part-time Assistant in Biochemistry, with an expression of thanks for his services." The contention of Attorney Gaskins is that Dr. Fisher can only be dismissed by action of the medical school faculty subject to final approval of the full board of trustees. "We respectfully submit," concludes the formal protest, "that the actions of Dean Adams and the President are pure nullities; that they are not in accordance with the laws governing the University and that they would lead to an unjust result and should not be considered by your honorable body. "Dr. Fisher, as is his right and his duty, has maintained and still maintains that he is not bound by the action of any person or persons, officials or committees insofar as they have attempted to usurp powers reserved by the Congress and your By-Laws to you."

376 Negro Newspapermen In The United States

Washington—(CNS)—Negroes engaged in the profession of journalism total only 376 in the United States, according to statistics just released by the Bureau of the Census. This number is in comparison with the 51,468 white editors and reporters employed in journalistic pursuits. The number, however, represents an increase over the figure of 261 for 1920 and 171 for 1910. In 1930 Negro women so engaged numbered 76; in 1910 only 13 were listed as journalists, and in 1920 only 29.

"Where We Stand Politically"

Acting as an official organ in the community, The OMAHA GUIDE newspaper stands politically INDEPENDENT. It is the purpose of this paper to publish the news for the community interest, showing no favoritism, regardless of party affiliations. We will not permit any political organization to dictate methods to use, when we publish facts presented to us from an authoritative source. It has been the policy of this paper since the history of its beginning, to furnish the voting group of this community the absolute facts concerning the men who they select to make their laws, and run their government. This paper tends to show every citizen of this community, the Heart of the Man to whom he shall cast his vote, and not the party, whether he be Republican, Democrat, Socialist or Communist. The OMAHA GUIDE is anxiously waiting to support a program that will bring about an economic readjustment, restore the confidence once instilled into hearts of the American people; and when the Nominee, whoever he may be and whatever party he represents, answers the questionnaire submitted by the National Association for the Advancement of Colored People, Watch the OMAHA GUIDE.

"Stop Working Negroes for Flood Relief Flour," Judge Payne Warns Red Cross

New York.—Complaint transmitted to the National Association for the Advancement of Colored People to Judge John Barton Payne, Chairman of the Red Cross, that Negroes were being required to work in return for relief flour given them, in violation of the law, has brought a warning from him to the Florida Red Cross that this practice must cease. In a letter sent to Mrs. J. A. Goodrich, Executive Secretary of the Palm Beach County Chapter, a copy of which he sent to the NAACP, Judge Payne under date of Sept. 13, wrote: "You have heretofore been informed of the complaints which have reached us that colored people have been required to work in order to pay for the Government flour which is being distributed by the Red Cross. "The flour comes to us by appropriation from Congress and our duty is to distribute it equally to all needy people; treating all precisely alike—white and colored. Wherever persons white or colored—have been required

to work in order to get the flour and knowledge of this fact has come to us, we have done our utmost to stop it. Will you please see that the colored people are treated just the same as the white people in your jurisdiction."

The NAACP urges all persons having complaints of discrimination in the giving of free flour, to report these instances to the National Office at once, giving names, dates, and all essential facts concerning the discrimination reported.

Unemployed Married Men's Council Local B Gets Call for Cornhuskers

Mr. Matschuk of Elkhorn State Bank, Elkhorn, Nebraska, called the OMAHA GUIDE office, for the Unemployed Married Men's Council, Local B, to send a good Cornhusker, German preferred to Elkhorn. If unable to get German will take any other Nationality if they are an A No. 1 Good Cornhusker.

USEFUL INFORMATION

NEGRO NEWSPAPERS—

Some time ago I received a detailed letter from the Progress News Service, of Newark, New Jersey, disclosing the extent of their activities in behalf of Negro Newspapers in their particular community. Their working slogan is:

"A Negro Newspaper in every home in America."

I am not statistically informed on the progress they have made in New Jersey, but even without such information the idea merits the serious thought and action of all our readers.

The uniqueness of their slogan is that they include "every home" and not necessarily every Negro home—and why not? What better way is there for the white race to become expertly acquainted with Negroes than to regularly read of our activities through our own publications?

Personally, I have gained many devoted friends among the white race simply by sending pertinent individuals complimentary subscriptions, at my own expense, to a number of our race publications. Many of these correspondent friends had never before read a Negro publication. Others had read one or two nationally known race papers.

All of such readers, however, have indicated an amazement at the progress and the obstacles that Negroes are making and overcoming. And my mail, quite frequently, brings requests from these readers to give them detailed information concerning some individual or organization that they have read of in our papers and which, before, they had not known of their existence.

If I, in my peculiar circumstances, can materially benefit by such a simple expedient of having influential members of the white race read of our activities, how much more can

the race in general benefit by making the custom nation-wide?

And from a commercial standpoint the slogan, "A Negro Newspaper in every home in America", should be adopted by every race publication. Our circulation managers should not rest content by merely placing their particular paper in each race home but they should extend their circulation activities to cover "every home."

The appeal to white readers is a "natural" one. Every informed person wants to be, or should be, thoroughly informed on the thought and action of their community neighbors. There is no better way to achieve this than by reading the Negro publications. In fact, it would not be surprising to find that the results of such an appeal among the white readers would not actually exceed that among our own race subscribers. Remember the slogan:

"A Negro Newspaper in every home in America."

ROBERT TROYER SUBMITS PAST RECORD FOR RE-ELECTION

Due to economic conditions, the public defender's office is the busiest in the court house this month, according to Robert R. Troyer, public defender. People who have never had trouble in paying for their legal aid before are now unable to hire the lawyers, and must turn to the public defender's office for legal assistance, he declares.

Mr. Troyer was elected four years ago and during the four years he has been in office 85 per cent of the poor people he has defended in court, have been found not guilty of offenses charged, or found guilty of a less serious offense than that charged. Hundreds of people have gone to Mr. Troyer with wage claims to settle, or with their other legal problems which come under his jurisdiction. "I want to be re-elected to the office of public defender on my past record," Troyer declares. "I feel that I have discharged the duties of the office satisfactorily during the past four years, and my re-election assures the voters of a continuance of the policies which have made the office a success in the past."

KENNEL MAN DEAD

Charles Caves, former caretaker of the Tom Dennison Kennels, was found dead Thursday, Oct. 6, at his home 1315 Pacific where he lived in bachelor style. Caves' death was the result of heart failure. Caves and his little wire haired terrier Bubbles, were well known and well liked in spots about town. The dog Bubbles was a present to Caves from Tom Dennison.

Jean Calloway, Dreamland Hall, Monday, October 24th
