FACTS ABOUT JOHNNY OWEN  
OUR NEXT STATE REPRESENTATIVE  
(9th dist.)  
(by J. Johnson)

Johnny Owen was our outstanding athlete while attending our Omaha Schools. He is the only Negro athlete in the State to win 4 major letters; in fact he is our only race 4 letter man. He won 11 major sports letters during his High school days. A record for any athlete to look up to. A record that will perhaps stand for sometime in Omaha. Owen was the leading pitcher of the city during his school days here. He pitched his team to a championship, against such men as Mel Harder (who is now with the Cleveland Indians) and Hal McKaine (who is now with Chicago White Sox) He played quarter back on the football team and was the outstanding star each game. He was the fastest dash man on the track team and a clean cut basketball star. Owen's qualities of leadership were eminent, and he being the only Negro on the teams, he was elected captain of some team, in each school which he attended. (Leadership must be recognized). One of the coaches remarked: That Johnny Owen was one of the most courageous athletes he had ever tutored, a brilliant scholar and a gentleman. Through his athletic contact Johnny developed a fine personality, a good sense of honesty, clean sportsmanship and fair play. A clean winner and a good loser. Owen was not only an athlete but a fine student and more yet, a scholar. He was on the highest honor roll each year, and was exempted from taking examinations every year, (except the year he suffered a broken leg in football and was absent most of the term.) Johnny Owen won the scholarship and deserved it, but Johnny Goodman, who is a fine golfer, was also in his class and who is an orphan boy, needed the award most, and it was therefore granted in his behalf. With such an outstanding record, one would naturally get the "big head" or egotistic, but not so with Owen, he has remained the same levelled headed, cool, clean cut, ever smiling Johnny Owen, and we know if we elect him as the Representative from this district, he can

be depended upon to do his duty and make a fine record in the Legislative Halls at Lincoln. "Let's Vote for Johnny Owen".

### TO WHOM IT MAY CONCERN

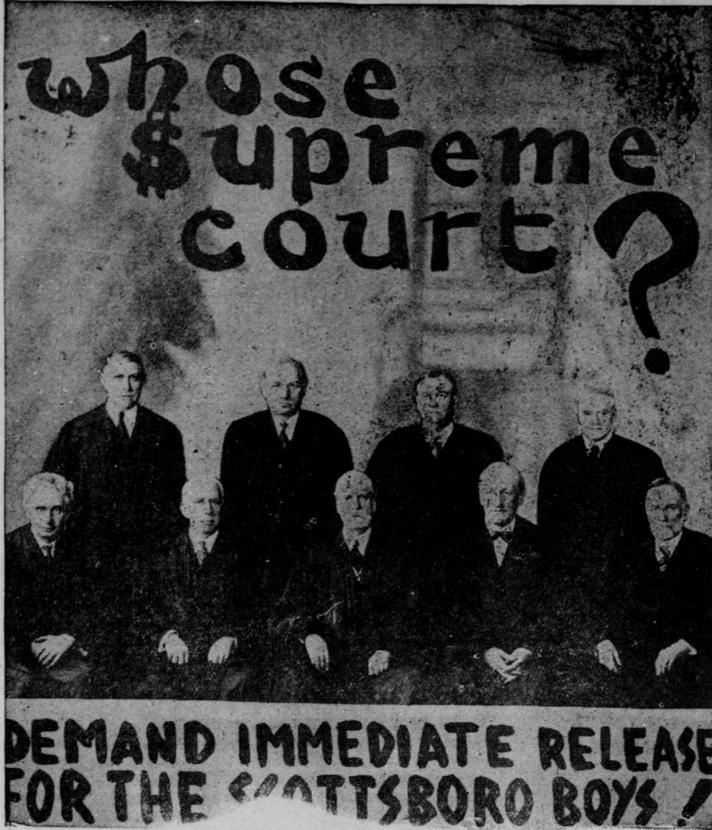

Oct. 26, 1932—To whom it may concern,—Charles G. Thomas wishes to make a reply in regards to his case with the World Insurance Co. After having been treated by several Doctors and Surgeons from the Nebraska University Hospital, and two local physicians, the World Insurance Company sent their Company doctor to call on Mr. Thomas, and when he had examined him, and reported the condition to the Insurance Company, they refused to accept his and other doctors' statements as true. Why then, does the World Insurance Co. require their policy holders to secure the services of physicians in order to collect their disability claims—and have they any other means of determining the actual condition of their insured? If they have, I'd like to know it. I still feel the Company is unfair.

### JOHN ADAMS, JR., CANDIDATE FOR LEGISLATURE 10 District

I stand for safe, sound, honest and efficient government. If elected to the legislature, I will support any sound and logical legislation for the betterment of my district, city, county and state. I feel that the tax burden of the citizen of Nebraska should be made lighter by the adoption of a program of economy in state government. I will support any sound and logical legislation that might be proposed at the next legislative session to aid the ex-service men who were sacrificed upon the fields of France by a democratic president. I will support any sound and logical legislation proposed, to adopt in the state of Nebraska the "Old Age Pension Law" as used in many states of the Union which if adopted would do away with the poor farms, decrease the expense of the state in taking care of the Old, and which will enable our aged to spend the last days of their life in their own home instead of being herded together on county farms and in poor houses. I will support the legislation which I have reason to believe will be introduced at this legislative session to repeal the state statute providing for deficiency judgments in foreclosure actions on real estate. This will be a benefit to the people of this community and state who are forced to allow their property to go into foreclosure be-

### NEBRASKA'S DISGRACE!

### Swat Crime In Nebraska VOTE FOR HIGHWAY PATROL BILL

Will Save Money For Taxpayers

The state now has three law enforcement agencies as follows:

1. The state sheriff's office for which there is appropriated every two years \$75,000.

2. The state fire marshal's office for which there is appropriated \$80,000.

3. A bureau in the department of public works for the enforcement of motor vehicle laws for which there is appropriated \$50,000.

These appropriations total \$205,000 and the people do not now get that much in protection. Under the present plan the three departments mentioned have separate offices, separate sets of clerical help, separate sets of state automobiles and separate heads. It is obvious that consolidation would mean a saving for the taxpayers.

Those who state that the proposed bill will increase taxes are

Give The Bill A Chance To Show What It Can Do.

either unfamiliar with the terms of the bill or are deliberately spreading a falsehood for political reasons.

The proposed bill will not only lower the cost of law enforcement by the state, but will save money for the people in many other ways:

1. By bringing about a decrease in automobile deaths and injuries the dates for automobile liability insurance and accident insurance will be cut from 10 to 25 per cent.

2. By stopping the bootlegging of gasoline in Nebraska the state will secure every two years from \$600,000 to \$800,000 additional revenue from gasoline taxes.

3. The saving to farmers, wage earners and business men from prevented robberies will run into many hundreds of thousands of dollars.

4. The saving in hospital, doctor and funeral bills from the decrease in deaths and injuries on the highway will amount to at least \$1,000,000 a year.
