### COLORED REPRESENTATION

While America is puzzled over her problems, we find that our race problem is the most outstanding of any other group.

America affords many Negroes of culture, university honors and well trained business sense. The Negroes are suffering from hard times more than any other group because we are the first let out of employment and the last rehired. We want a new attitude of expression from our white brothers. We want colored representation. There must be an understanding and a cultivation of friendships between the races as we have never had before.

We are not only pleading for world co-operation, but community co-operation; to act or work jointly, to produce the same effect. We must have that new attitude, an attitude that will impel the business men who have the administration in hand to cease excluding Negroes from public works employment and stop discharging faithful Negroes of years service and replacing them with whites.

Groups solidarity is the best means of co-operation. Let's get together on colored representation for the service represented in this new phase will be for greater value to the community and to the race.

## Local

Race prejudice must go. The Fatherhood of God and the Brotherhood of Man must prevail. These are the only principles which will stand the acid test of good citizenship in time of peace, war and death.

(1) We must have our pro-rata of employment in businesses to which we give our patronage, such as grocery stores, laundries, furniture stores, department stores and coal companies, in fact every concern which we support. We must give our citizens the chance to live respectably. We are tired of educating our children and permitting them to remain economic slaves and enter into lives of shame.

(2) Our pro-rata of employment for the patronage to our public corporations such as railroad companies, the street car company, the Nebraska Power Company, the Northwestern Bell Telephone Company and other establishments which we are forced to support by right of franchise. Also our pro-rata of employment in return for the taxes we pay in our city, county state and federal government.

(3) To encourage the establishment of a first class hospital that we may get the best that there is in medical science from our doctors whom we know to be nearest us, also to encourage a high respect of them and encourage more of our girls to take nurse training.

(4) A one hundred per cent deportment of our citizens in our public or private places of business, especially on street cars. If we are to be respected we must act respectably, especially in public places where we are constantly before the public's eye.

(5) A one hundred per cent membership in the Omaha branch of the NAACP. should be had to encourage the efforts put forth by the founders of the organization and to assist the general office to establish a five million dollar endowment fund to maintain operating expenses and to further the principles of the NAACP. All people of all races must be educated up to a higher principle and a more thorough understanding of interracial relationship that our country may in reality be a government of the people, for the people and by the people in whole and not in part.

(6) The re-establishment of the Christian Religion as Christ taught it, for the uplifting of mankind, eliminating financial and personal gain. A practical Christian Religion, week day as well as Sunday. An attitude toward our fellowman as a brother in order to establish a principle which will guide the destiny of each other's children; our neighbor's children today are our children tomorrow.

(7) Courteous treatment in all places of business and the enforcement of the State Civil Right Law.

(8) To encourage and assist in the establishment of the following financial institutions near 24th and Lake Streets: A building and loan association, a state bank, administering aid and assistance to our widows and children.

(9) To encourage the erection of a one hundred thousand dollar Young Men's Christian Association Building near 24th and Lake Streets.

(10) To enlarge the Young Women's Christian Association that it may supply sufficient dormitory accommodations.

(11) To teach our citizens to live economically within their earning capacity by printing in each issue a budget system for various salaries.

(12) To make Omaha a better city in which to live by inaugurating a more cosmopolitan spirit among our American citizens.

(13) To put a stop to the Divorce Evil by passing a State law making the mistreatment of a wife or a husband by either of them, a criminal offense to be decided by a jury, first offense, jail sentence of a short duration; from one to five years in the penitentiary. This, we believe will make men and women think before marrying. second offense, one of longer duration; third offense,

(14) We must become owners of the city government by paying a seemingly higher salary to those whom we employ to administer its affairs, a salary that will attract, also, a first-class trust company for the purpose of tract men of high calibre.

## National

(1) Fight for a passage of the Dyer Anti-Lynch Bill and thus stop the shameful lynching of American citizens.

(2) One of our citizens in the president's cabinet.

(3) Federal control of the educational system that every child must have a high school education.

(4) Assist in the furtherance of research by our scientists and historians to prove that civilization was first founded in Africa.

(5) Establish a political influence which will bring about our pro-rata of higher appointments made by our chief executives.

(6) Stop graft in politics by passing a Federal Law making election day a legal holiday and compelling every American citizen of voting age to vote.

(7) Prevent further wars by teaching the so-called white race that it is high time for them to quit fooling themselves about white supremacy with only three-tenths of the world's population. They must be taught that color is due to climatic conditions. They must be taught that seven-tenths of the world's population is made up of darker races. They must be taught that the rays of sun that blaze upon the equator and turn the skin brown do not affect the power of the brain any more than the coldness of icy glaciers affect the brain of the white race; and that the darker races will not continue to be crushed by a money mad few. If the Fatherhood of God and the Brotherhood of Man are not welded into the hearts of this world's family now, by teaching the principles laid down by our Saviour, it will be welded into the hearts of our children some day soon, on the bloodiest battlefields this world has ever known.

(8) Cut down congressional representation from the Southern States in proportion to the number of votes cast.

The OMAHA GUIDE will put forth its best efforts to bring about the above 22 points with the assistance of those who believe it is for the best interest of good American citizenship.
