### A COMMUNITY CENTER

It looks as if the Northside is about to have a missionary of opportunity by which the entire community will get an intimate acquaintance of social and economic interplay.

After careful investigation and many days of ceaseless effort by a group of Northside business men, a community center is being set up as a contribution to society at large. In fact, a newcomer has been admitted to the gallery of progress and social uplift of our community.

A careful study has been made of this project and an ambitious people are anxiously waiting to join forces to make this a better community in which to live.

A community center is a great asset to any community, for it offers a blending of new culture by which the youth may be guided, an institution of service and a simple happiness to those less fortunate.

Mt. Moriah Baptist Church, 24th and Ohio Streets, Rev. F. P. Jones, Pastor, Thomas Baltimore, Sec'y.

Sunday marked another high day with us generally. Sunday school which opens at 9:30 is demonstrating much enthusiasm in the Hill Top Race which is being conducted by Miss Anna Speese. Every teacher is making a strenuous effort to bring their class to the top. Dr. Jones was present and delivered a very inspiring address to the Sunday School. The Pastor Rev. Jones preached both morning and night to a very good attendance. Our Pastor is very much pleased with the growing interest of the Church and its auxiliaries. Dr. J. H. Jackson and his congregation were present Sunday afternoon at 3:00 o'clock under the auspices of the Missionary Society, Mrs. F. P. Jones President. Bethel Choir sang beautifully, and a wonderful message was delivered by Dr. Jackson to a packed house. Everyone present admitted that it was good to have been there. 6:00 BYPU. The Willing Workers group rendered another fine program. They wore added new uniforms which they were added much to their demonstration and the group went over the top in a very nice way. This is the only BYPU of its kind in the city. Come and See. On Sunday the 19th a special message will be delivered by the pastor at the morning service. At night we will be honored by a message from Dr. R. T. Frye, President of Western Baptist College, Kansas City, Mo. Don't miss this opportunity to hear this great educator, and Gospel Minister. The True and Tried Group will present a

very rare treat at the BYPU. hour at which time a number of guest artists will appear, among them will be Mr. Oscar Washington who will be the principal speaker. Dinner will be served in the dining room beginning at 1:00 o'clock. Everybody welcome.

## 4,000 Women Tell Monday Methods For Easy Washing in Their Homes

- A—Washer
- B—Table for hamper
- C—Sieve
- D—Tubs with shell or lid
- E—Sorting table with shelf and drying rack above
- F—Steel
- G—Ironing board
- H—Hamper
- I—Ironing machine
- J—Clothes rack storage space

Study of washing methods at the University of Nebraska reveals four arrangements in the country's households. These are named by the authorities for convenience: Ideal, Adequate, Kitchen and Minimum. Shown here are the ideal home laundry room and floor plan. How far does your plan differ?

One important discovery in the investigation which included interviewing 4,000 women throughout the United States, is that housewives easily can make slight changes in their methods and thus come much closer to the ideal plan and ideal results.

The plan shown calls for a first-floor room with sorting table, two stationary tubs, laundry stove power washer overhead drying rack for days when it is not possible to dry in the sweetening outdoor air, ironing machine and clothes rack.

Plans and descriptions of the other

rooms as given in April McCall's show ways by which it is easy to improve the routine. If clothes washing is done in the kitchen, for instance, or a wash-house or enclosed porch, there are ingenious ways by which women can enjoy some of the conveniences they may now think not obtainable. "Proper equipment saves housewives millions of dollars and millions of hours annually," said J. R. Bohann, secretary of the American Washing Machine Manufacturers Association. "Almost any housewife can gain still more by taking a little time to analyze her Monday arrangements and compare them with methods that have been proved most satisfactory to others."

### THE NEBRASKA LEGISLATURE

The Legislature is steadily grinding along with many perplexing problems yet in front of them to be solved. The famous Newbauer license Bill which was relifted in the House was approved by the senate and signed by the Governor. It carries with it an emergency clause that will enable the thousands of people who are waiting and watching the situation to get their license for all cars from 2800 down for \$3.00 and above 2800 for \$5.00 and all who have already bought their licenses will be refunded their money paid above the present price.

There is now an important bill before the house which substitutes for house roll 418. This bill is for an act concerning the general welfare of the people relating to public policy on the unemployment compensation under the control of the department of labor; providing for a six hour day and five day week on public work; providing a minimum wage and administration provision for loans from the federal government to the state, counties, towns and villages and other political subdivisions of the state repealing all acts or parts of acts in conflict herewith. Section 4 of this bill reads thus: The employment under this provision shall be extended, first to the citizens of Nebraska; second, to citizens of the U. S. regardless of creed, race or color. If this enactment is carried out it will open to our race doors that are now closed.

The Legislature will have its hands full this week in trying to carry out the administrative pledges, the code law repeal and repeal of the intangible tax, salary reductions, auto license fee revision and insurance moratorium. An enactment of an income tax are among the matters hanging fire in the upper and lower house this week. These matters must be settled before the work of the big budget bills are taken up looking to the end of the session.

The house and senate revenue com.

mittee members discussed Monday night in a joint meeting the gross income and sales tax.

The Nebraska Legislature as a whole will stand pat for the veteran's funds. Veterans all over the country are becoming aroused over what indicates drastic reductions in administrative relief and compensation to be imposed by President Roosevelt, but Nebraska service men have but little cause for fear of that measure, affecting the appropriation of this state, this has been indicated by the house finance committee which is now considering the general appropriations measures. General Bryan has asked the Legislature to set aside \$59,610.00 as an appropriation for 33.35 compared to \$60,220 two years ago. If this sum is approved by the house and senate, which at this writing I am sure it will be, there need not be any worry on the part of the Nebraska veterans.

The house claims committee voted to cut 20 percent from the jail feeding claims of county sheriffs. The claim for feeding after other items had been stricken amounted to \$38,855 of which \$31,099 was for Douglas County.

Washington BELIEVED IN THE POWER OF WANT-ADS

TODAY, just as in George Washington's time, the most useful method of securing a house, a lot, an automobile or the public notice in any other "Want" is to "get public notice" of THAT want, and the most economical method of giving the public notice of YOUR want is the "Want-Ad" section of this newspaper.

Race prejudice must go. The Fatherhood of God and the Brotherhood of Man must prevail. These are the only principles which will stand the acid test of good citizenship in time of peace, war and death.

(1) We must have our pro-rata of employment in businesses to which we give our patronage, such as grocery stores, laundries, furniture stores, department stores and coal companies, in fact every concern which we support. We must give our citizens the chance to live respectably. We are tired of educating our children and permitting them to remain economic slaves and enter into lives of shame.

(2) Our pro-rata of employment for the patronage to our public corporations such as railroad companies, the North western Bell, the Nebraska Power Company, the Streetcar Company, the Nebraska Company and other establishments which we are forced to support by right of franchise. Also our pro-rata of employment in return for the taxes we pay in our city, county state and federal government.

(3) To encourage the establishment of a first class hospital that we may get the best that there is in medical science from our doctors whom we know to be nearest us, also to encourage a high respect of them and encourage more of our girls to take nurse training.

(4) A one hundred per cent department of our citizens in our public or private places of business, especially on street cars. If we are to be respected we must act respectably, especially in public places where we are constantly before the public's eye.

(5) A one hundred per cent membership in the Omaha branch of the NAACP. should be had to encourage the efforts put forth by the founders of the organization and to assist the general office to establish a five million dollar endowment fund to maintain operating expenses and to further the principles of the NAACP. All people of all races must be educated up to a higher principle and a more thorough understanding of interracial relationship that our country may in reality be a government of the people, for the people and by the people in whole and not in part.

(6) The re-establishment of the Christian Religion as Christ taught it, for the uplifting of mankind, eliminating financial and personal gain. A practical Christian Religion, week day as well as Sunday. An attitude toward our fellowman as a brother in order to establish a principle which will guide the destiny of each other's children; our neighbor's children today are our children tomorrow.

(7) Courteous treatment in all places of business and the enforcement of the State Civil Rights Law.

(8) To encourage and assist in the establishment of the following financial institutions near 24th and Lake Streets: A building and loan association, a state bank, administering aid and assistance to our widows and children.

(9) To encourage the erection of a one hundred thousand dollar Young Men's Christian Association Building near 24th and Lake Streets.

(10) To enlarge the Young Women's Christian Association that it may supply sufficient dormitory accommodations.

(11) To teach our citizens to live economically within their earning capacity by printing in each issue a budget system for various salaries.

(12) To make Omaha a better city in which to live by inaugurating a more cosmopolitan spirit among our American citizens.

(13) To put a stop to the Divorce Evil by passing a State law making the mistreatment of a wife or a husband by either of them, a criminal offense to be decided by a jury, first offense, jail sentence of a short duration; from one to five years in the penitentiary. This, we believe will make men and women think before marrying, second offense, one of longer duration; third offense, second offense, one of longer duration; third offense, second offense, one of longer duration.

(14) We must become owners of the city government by paying a seemingly higher salary to those whom we employ to administer its affairs, a salary that will at-and, also, a first-class trust company for the purpose of tract men of high calibre.

### National

(1) Fight for a passage of the Dyer Anti-Lynch Bill and thus stop the shameful lynching of American citizens.

(2) One of our citizens in the president's cabinet.

(3) Federal control of the educational system that every child must have a high school education.

(4) Assist in the furtherance of research by our scientists and historians to prove that civilization was first founded in Africa.

(5) Establish a political influence which will bring about our pro-rata of higher appointments made by our chief executives.

(6) Stop graft in politics by passing a Federal Law making election day a legal holiday and compelling every American citizen of voting age to vote.

(7) Prevent further wars by teaching the so-called white race that it is high time for them to quit fooling themselves about white supremacy with only three-tenths of the world's population. They must be taught that color is due to climatic conditions. They must be taught that seven-tenths of the world's population is made up of darker races. They must be taught that the rays of sun that blaze upon the equator and turn the skin brown do not affect the power of the brain any more than the coldness of icy glaciers affect the brain of the white race; and that the darker races will not continue to be crushed by a money mad few. If the Fatherhood of God and the Brotherhood of Man are not welded into the hearts of this world's family now, by teaching the principles laid down by our Saviour, it will be welded into the hearts of our children some day soon, on the bloodiest battlefields this world has ever known.

(8) Cut down congressional representation from the Southern States in proportion to the number of votes cast.

The OMAHA GUIDE will put forth its best efforts to bring about the above 22 points with the assistance of those who believe it is for the best interest of good American citizenship.
