

AMONG THE Churches

"Go to Church Sunday"

Salem Baptist Church.
Rev. E. W. Anthony, Pastor,
S. S. opened at 9 a. m. with a devotional period. Supt. D. Nicholson presiding. The attendance was very good.

At the 11 o'clock hour, the pastor brought a soul inspiring message. Surely there was a Pentecostal show from the subject, "God is Love", and every heart rejoiced.

At 3 p. m. unit No. 4, Deacon Austin, Captain, presented us a good feast. Again our hearts were made to burn as the following young ministers brought the messages.

Rev. D. Nicholson, subject "As the Eagle Stirrs Her Nest, (So Jesus Hath Stirred the Nation)".

Rev. Mosely, subject, "The Good Samaritan".

Rev. E. Greene, subject, "Proof of the Resurrection".

Rev. Clayton, subject, "The Christian Race".

At 8 p. m. the Pastor brought a baptismal sermon after which the Ordinances of the Lord's Supper and Baptism were had. Thus ended a high day for Salem. Come thou with us and we will go these good. E. W. Anthony, Jr., reporter.

Bethel Baptist Church,
29th and T Sts.,
Rev. J. H. Jackson, Pastor,
Mrs. J. C. Collins, Reporter.

The Sunday School was very nicely attended. The reports of the Sunday School Delegates, the Misses Sarah Tinker, Alice Garner and Cecil Walls were very interesting. These girls seemed very enthused over the Association.

11 a. m. in which members and regular morning worship began at friends told of their Christian experiences. They sang, prayed and told of the goodness of God toward the children of men. The Spirit was keenly felt throughout the services.

At 8 p. m. the congregation assembled again to partake of the wonderful Independence program. Each club of the church had a representative on the program. Many beautiful numbers were rendered. A special oration was given by Mr. Joshua Henderson.

Visitors and friends are always welcome to worship with us at the Bethel Baptist Church.

St. John's Church,
"The Friendly Church"
22nd and Willis Avenue,
Rev. L. P. Bryant, Pastor

The service at St. John's A.M.E. Church are well attended. The hot Sundays do not seem to alter the attendance very much.

The class leaders rally was quite a success. The leaders showed much interest in the work. Mr. Joe Womack reported the largest amount of money.

We are very pleased to say that there were seventeen delegates from St. John to go to the Sunday School Convention held at Atchinson, Kansas all last week. Mr. W. H. Shackelford was elected District Stewart to the annual conference which convenes here Sept. 27th.

We are having several out of town visitors every Sunday. Miss Eloise Jones of Fort Worth, Texas and a teacher in the public schools in Dallas, Texas, is spending part of her vacation with her cousin Mrs. M. E. Webb, before she goes on to Chicago to attend the Century of Progress.

Sunday, July 16th is Dollar Day at St. John. Let every member and friend come prepared to give one dollar.

The Sunday School and Christian Endeavor invite you to come to their services. Sunday school at 9:30 a. m. and Endeavor at 6 p. m.

Get the Omaha Guide and keep up with your church and social news. A full report of the Sunday school Convention will be in the next week's issue.

Mt. Moriah Baptist Church,
24th and Ohio Sts.,
Rev. F. P. Jones, Pastor

The worshippers of Mt. Moriah had a glorious religious experience Sunday beginning at 9:30 during the Sunday School hour led by the Supt. Sister Lewis, and her staff of consecrated teachers, who created a spiritual atmosphere, which deeply impressed the large student body present. At 11 o'clock pastor Jones brought Message from the text, 1 Cor. 13:2, subject "Stewards of God." The thought brought out was, that we are not owners of our bodies, or our possessions, God is sole owner, and we are trustees in general, of ourselves, and our possessions. To claim it as our own and use it selfishly as such, is straight out commercializing the graces of God for selfish ends. Thus instead of becoming an organized Soul Saving body, we become an organized racketeering body. Instead of helping the cause of Christ and fallen Humanity along the highways of life, we play the high class game of banditism by robbing God of his rightful claims, and the poor devotee, less fortunate Christian brother

A MESSAGE OF HOPE
By R. A. Adams
(For the Literary Service Bureau)
We live amid these trying times
Of stress and strain;
When seems to strive for truth and right
Is all in vain,
But truth shall over error win
And righteousness shall conquer sin.

We're living in this awful age
Of sordid greed,
When self surfeits and careth naught
For human need;
But comes ere long, as fitting should,
Era of human brotherhood.

Hovers this day, o'er all the world
Darkness and gloom;
And everywhere seems imminent
Approaching doom;
But sombre shadows must give way
And there must come a brighter day.

Right is opposed by rampant wrong
Just everywhere,
Yet, it behooves us not to yield
Unto despair,
And sit with countenance forlorn,
But wait the new day to be born.

"Town Talk"

Do you know Uncle Ross, no not Uncle Ross that runs the Drug Store, and not Tom Ross that all the high school girls GET CLOSE UP TO WHEN IT HAPPENS TO be raining around 2:15, but the Uncle Ross that used to write the children's column stories of the World Herald, Well Uncle Ross is connected with the public relation department of the North-western Bell Telephone Co. He called at our office, the largest Newspaper office of its kind west of the Missouri River, Monday to see the acting Editor, C. C. Calloway. The acting Editor let one of Dr. Lennox's fighting letters that was hitting just below the belt a little bit get by him. Sometimes Dr. Lennox cuts too deep and the acting editor is forced to put on the brakes. Did you think we permit them all to be published, I wish you could see some of those letters we have to forget on purpose once in a while.

You know the Omaha Guide is in a peculiar situation just a little bit different from Dr. Lennox. The Omaha Guide is not fixed up like Dr. Lennox for if he gets any bucks he gets from the colored folks, but if the Omaha Guide gets any bucks it gets them mostly from white folks. So you see things are just a little bit different. That is why we don't print all of Dr. Lennox's letters. Uncle Ross assured us that the telephone Co., is one of the finest companies in the world, and is mandated with the highest class executives that any firm could possibly hope for—men of their word and honor, and Uncle Ross said this with a smile. We think Uncle Ross is right. In the first place we get a check every month from those gentlemen, and that has just a little bit of weight on our thoughts. Of course, we were on the committee that had to wait only two hours thirty minutes for Mr. Belt, President of the company concerning a little neighborhood enterprise. We made an application for the use of the old Webster station for the Mid-City Community Center, and by the way, Dr. Lennox was on this committee too. As usual the Doctor made a professional call that delayed him, and when the chairman of the Committee, Mr. E. W. Sherman, with his co-workers, Mr. Harry A. Taylor, Mr. Herman Friendlander and Mr. C. C. Calloway were coming down from the office on the elevator they met Dr. Lennox going up. But you know suffering humanity comes first, and the Doctors are the only ones who can give relief in these cases. Mr. Belt's answer was yes by phone to our chairman. When the keys were turned over to us, don't you ever think that there was not a holle, went up to the high Heavens from other jealousy similar neighborhood organizations. Did you know we didn't pay one dime rent, and to make it more perfect we are furnished a telephone free. Isn't that something to be thankful for. Have you seen the Mid-City Community Center. Did you know that from 1600 to 2000 men women and children are using this building every week for educational and recreational purpose that otherwise they could not enjoy, without one penny of cost. Do you know that this was through the kindness of the Northwest Bell Telephone Company officials. Did you know lights, gas and water was furnished free. Did you know that nine men that live and do business in this community meet every Monday at 12 o'clock assist the three unpaid secretaries and the two unpaid men helpers to serve this large group of humanity that needs this service. Did you know there are three local Dentists that take turn about in relieving suffering humanity of their teeth trouble that cannot afford to pay. Did you know it is your duty to show some appreciation to an organization of this kind. A kind word to the officials would make the burden just a little bit lighter. Kind words like the following: Mrs. Kate Wilson says, "The Community Center is meeting the greatest need in our city to this community. Mrs. Mahammit says, Few people understand what a benefit this or-

ganization is to suffering humanity. I was very happy, indeed to give my time and help my co-workers to furnish up a kitchen in this building that every one will be proud of. Dr. Price Terrill says, it fills a vacancy for wholesome recreation—for boys in the gymnasium field that has never been filled in Omaha under proper environment. Dr. Wiggins says a medical dispensary is very badly needed and we may call upon him any time to relieve suffering humanity, who is unable to pay. T. P. Mahammit says it fits a need that has never been filled in Omaha for 50 years and that any one who kicks on a proposition of this kind is most certainly something wrong with their head if not their heart.

Good News! Dr. Lennox reports to the Omaha Guide office that Robert Dairy is going to put on two Negro drivers. Good work Dr. Lennox, we are with you when you are right.

Baby Jones is back on the Detective force, a running mate with P. H. Jenkins. Good luck, Baby. We wish you. The Wonder of the World in Omaha—Twelve Negroes going in one direction in one accord, and for one purpose. There is nobody in front or behind them either, and they are not going to jail or prison. Solve this riddle, and win a new hat. Write the Omaha Guide and tell us who you believe they are and the nearest guesser will get a new hat or a box of candy. Take your choice.

Latest Report.
It is reported that Tom, Dick, and Harry's dad has his handbag in his hand and Dad says he doesn't want to ever see another drop of liquor as long as he lives.

Johnny Horton says: ain't that funny my wife is working over there at Tom, Dick, and Harry's Dad's home with their mother. Do you think they have got their heads together. Wait a minute here comes a beautiful olive brown that lives on Grant Street, works in these political headquarters once in a while. Yes, and they tell me she's quit her husband, really what do you think is the matter with this generation? Is it in the air? Well I've got a good job now, and I am through with politics as far as the other fellow is concerned, I may study law and get into the game for myself someday, I am hoping that in time my wife will awake and come to her senses. I'm making 77 per month and the sons pressing suits, cutting hair, giving baths and serving 3.2. Well I'm living in hopes, and I am going to stay on the job.

\$1500 in one day. That's a record breaker for an eighteen year ex-coed. Miss Alberta Brown, better known as babe, an easy walking waitress at the old race tracks did this very thing in one day, and a few other 600 and 325 dollar days farther along, and at last a 65 per month. Why did O. C. ever leave? Well just a poor boy went wrong again. Did you know this young Miss finished High School in 3 years, and won many state honors at Kansas University in mathematics. She formed a habit of reading 3 to 4 books a day. She had such class mates as Langston Hughes, the poet. Who would have thought it. Miss Brown says now since the wild oats are sown she will return to the school room and finish her college work. Good for you, Bert, it's never too late to do good.

Congressman Burke suggest Shuler and Co. for a new job. We wish somebody would move this feller Shuler. He has been purchasing agent for the Court House every since Bob Smith hit him below the belt, and yet he has not spent one dime with the largest printing plant of its kind west of the Missouri river, viz., The Omaha Guide. Of course, there is a reason for all things. We did put one glove on Bob's hand but we didn't tell him to hit two at once. Somebody said if you want business, Mr. Business man, stay out of politics.

It takes lots of news to fill the Newspaper especially if there isn't any advertising in it, and it takes lots of money and machinery to get it together. Again we have inaugurated a new system trying to give you a new 8 page paper. But if we keep it up you will have to do your part. What is your part. Call the advertiser and tell him you saw his 'ad' in the Omaha Guide, but you'll have to give him an order, CALL WEBSTER 1750 and say I want to subscribe for the Omaha Guide for a year, 6 months or 3 months or on the 5 cent weekly basis. Any kind of order you want to give will be highly appreciated. NOW let this sink in, Newspapers cost somebody some money. Why not take the burden off of the few and spread it on the many. Depression is gone and we are coming. For the benefit of our advertiser we want 'the Guide in your home any way you want it put there. Mr. Art McCaw, who is in charge of the circulation department says he believes that the 5c weekly plan is the most logical plan, for anybody can manage to get a hold of 5c for two hours of good reading about things that are most vital to the welfare of the Community and himself. Give us a ring, WE, 1750. Get your name on the list and become a booster for your home town paper.

Miss Alberta Brown, North 24 St., popular night waitress is back on the job trying to turn red white and blue. where the famous Barb Q. wishes are served. Miss Brown in-

vites her old time restaurant acquaintances to pay her a call. Miss Brown says she must do it and do it with a smile. Yes, she serves 3.2. Wonder if those \$1600.00 horses are still on the tracks, if so where are they at, tell me please.

Sixty-one years old with twenty of that in prison and wants to go back. Loneliness is an awful disease. He had no one to say grandpa or dad. Look out Mr. baby Killer, you get awfully lonesome for love when you get around to the end.

German Y Hits The Jews
In Civil Service ruins so says one item on one page and right over on the other page 8 million fund wanted for Palestine, Maybe Zionist and Hitler are double crossing the Jews like Cook the head of the K. K. K. and the alleged Denhison machine. It was reported from reliable sources that the Denhison machine brought Cook to Omaha and set him up an office to use the K. K. K. propaganda to run the Negroes Jews, and Catholics into a huddle so that they could be captured for political purposes. By the way we never heard anything of the K. K. K. until about 60 days before election.

Open on 4th of July ALL DAY, so says the Used Car Dealer. Somebody said the auto dealer had to call his printer for some more dealer license cards on the 4th of July.

Why is it a car will run out of gas, a spark plug will go absolutely dead when you are out with your company and have on it a dealers license, or your license plate for this year hasn't come yet.

Hollywood is still having her trouble. Doug Fairbanks and Mary Pickford are slated for the divorce court, it is reported. Another Hollywood bright light, Mrs. Pearl Ray Reese and Mr. Russell Reese are also slated for the divorce court. Mr. Reese says ever since my wife worked in Hollywood things have been going wrong and I think she has quit me for good.

Not for a million and half in gold thrown down at my feet so says Mrs. Johnny Horton, better known in society as "Tiekie." No not again, never. I'm afraid of men. So Mrs. Horton, stated to an Omaha Guide reporter.

Miller Park jammed to capacity on 4th of July, in fact tables were scarce for luncheonette in every park in Omaha.

Nations will be Nations.
Everybody thought that McDonald, Harriet and Roosevelt had this World Economic Conference success sewed up in a sack. Wonder what happened. Do you suppose our interpreters are interpreting correctly. Seems to be a screw loose somewhere. Straighten out your own house and back yard before you start advising your neighbor about his house. He has not invited you yet and won't until Hitler starts pouring that poison gas from those 500 mile air planes and wrecking the seas, commerce with those two men submarines and then it will be sweet Uncle Sammy, can't you hear me now.

President Roosevelt back on the job. Things will be popping now with President Roosevelt back on the job to put pep in this 3,300,000,000 recovery act in 90 days. Lincoln, Nebraska won't be able to find a man for a job leave alone finding one so hungry he could not eat.

Good times are coming believe it or not. The Negro re-employment barometer is the best signs in the world on improved conditions for it is an undisputed fact he is the first hired and the last hired. It's reported to the Omaha Guide office that 25 or 30 employees some having been off for 6 months, and some for a year have been called into go to work, and a few new ones, for instance Haywood Bascom, is running on a bus line as a conductor in the name of a porter.

Times are so hard in Florida people are eating all the fish, and whales are committing suicide to keep from starving. 200 were found weighing from 3 to 6 tons that had been dead for three weeks from near starvation. 2 committed suicide.

No wonder the C. B. and Q., are borrowing so much money from the Reconstruction Finance Company. Think of it, a gentle foreman, Mr. Henry G. Kastlin found a purse with a spring tied to it containing \$300.00, and was dumb enough to exchange \$3,700,000 with a trickster for an idea. We are wondering how on earth he is a sucker born every day and the fair ground is a good place to catch them off watch.

Now get rid of your summer pests. Just get you a bowl of gold fish and you won't need any screens, so says Mr. H. Perkins at Baltimore, the mosquito raiser.

Did you know that the Ritz Theatre pays the operator 45 bucks a week. Did you know 95 per cent of this 45 comes out of Negroes pockets? Well, what are you going to do about it. That salary is about equalled to four grocery clerks, four delivery men, and a half dozen office girls. What would

you suggest to help get a 45 buck week job for some deserving colored youth. Write us and give us an idea. It might help work the problem out.

"Miss EYES"

Miss Eyes will keep you posted about the happenings among the "So called Society Bugs" from now on. So it will behoove you little Bugs, Big Bugs and Middle sized bugs to watch your step because Miss Eyes sees all and know all and from now on she will take the "sub" out of "Sub-rosa" and give the whole town the low-down.

Miss Eyes overheard two old hens at one of the recent club dances discussing a young couple that was "Just married." They were making the most gruesome forecasts and proficiencies that Miss Eyes has ever heard. They doubted whether they would be together two months, if he were able to take care of her, why she married him and the usual cracks that only hens like those two could make. Miss Eyes wanted to take them by their necks and knock their heads together because of their meddlesome tongues. And they are supposed to be so high and mighty too. Well, old hens you had better be careful or your names may be exposed sometimes in connection with some of the dirt you are getting into. Why can't you and your kind give this young couple a break? They may turn out to be one of your best married couples yet. At any rate they may make a better job than either of you have done.

Miss Eyes is wondering whether the young matron who married a few years ago and went out on the coast to live is here just to rest and pay a visit or if she is here because there may be marital troubles. Divorce seems to be the only fad worth mentioning out there, and it may be that this little matron is a strong faddist. Anyway we will give her the benefit of the doubt but in the meantime we will continue to watch.

A certain young lady around here is planning to get married. She is said to have a beautiful "truss" everything as it should be and expensive too. She has a good job here, much better than the one she intended has in the small city where she has planned to live. This little lady may be very wise but I wonder if she has taken very seriously the old adage that "When poverty comes in the door Love flies out the window?" Be careful young bride to be, use your head. If you could go right on holding your job here like the other young lady Miss Eyes would be for you but Be careful.

One of our biggest shot Older business men is head over heels in love with an "OFay." He has gone through the fire for her and is more than willing to go further. Everybody wonders why he became so sporty and so well dressed all of a sudden with his cane and gloves and different changes of suits but Miss Eyes has the full low down now and the best thing she can say to this gentleman is for him to "stay in his own back yard," or he will be sorry.

Speaking of modernistic marriages, Omaha can boast of one of the new ones. This young couple is supposed to be separated but to Miss Eyes' way of thinking they are only kidding themselves and acting nineys. She is at 3t beg. July 8th

home with her mama and she is inseparable. When asked how long they have been married. She blighly answers, "Oh! a couple of months out of a couple of years" and feels it a joke. Miss Eyes can't help but click her teeth over such doings and she certainly would like to spank both parties concerned.

WHEN THE big Al Capone's of Omaha get jail sentences its time for the little racketeers to "cheese it." When the two big bosses got theirs instead of being in sympathy with them the little shots snickered up their sleeves. Miss Eyes doesn't think the little shots would have been so tickled about the affair if the Big bosses did not try to play the "so-called" society around here so strong. You can say what you please but the little shots believe in staying where they belong, but these big shots have to be shown a thing or two before they realize that the underworld and any society won't mix so well together.

A certain widower around here has just recently gotten married. Miss Eyes understands that he married an out of town girl and quite a charming lady indeed. Miss Eyes thinks that the girls of Omaha did a bad thing when they let this widower get away because he has everything, property, car, swell home, Beautiful furniture and a good job. But I guess the girls around Omaha are just the least bit skeptical after all. Maybe they are right.

POLICE BRUTALITY GRAVELY INJURED NEGRO WOMAN
HOUSTON, Tex. — Mrs. Theresa Joseph, Negro unemployed woman is seriously ill today as a result of brutal treatment following her arrest because she protested at the Social Service agency here against the practice of compelling workers to wait all day, and often many days, before their "relief" is taken up.

She was sent to the city farm, where revolting conditions led her to go on a protest hunger strike. Through the International Labor Defense, Mrs. Joseph's liberation was obtained after four days.

While being brought back in a police wagon, Mrs. Joseph was thrown to the floor and guards, instead of helping her up left her to be bumped on the floor of the wagon to such an extent that a grave head injury developed.

She is now at home under the care of a doctor called by the I. L. D. Mass protest has been made to Mayor Holcomb against the treatment of Mrs. Joseph.

PROBATE NOTICE
In the matter of the estate of Edward Addison, deceased.

Notice is hereby given: That the creditors of said deceased will meet the administrator of said estate, before me, County Judge of Douglas County, at the County Court Room in said County, on the 28th day of August 1933 and on the 28th day of October 1933, at 9 o'clock A. M., each day, for the purpose of presenting their claims for examination, adjustment and allowance. Three months are allowed for the creditors to present their claims, from the 28th day of July 1933.

Bryce Crawford, County Judge.

This Year ... MAKE CANNING A SIMPLE JOB... COOK ELECTRICALLY

- Cool
- Quick
- Clean
- Convenient

With the electric range, canning doesn't mean long, tiresome hours in a steaming, hot kitchen. The "cold-pack" or "jar-pack" method is used. Put the cold food in cold jars, use cold water and put the jars in a cold oven... then turn on the heat and the food cooks right in the jars in the same position in which you have packed it. You don't need to be in the kitchen until it's cooked. Fruits and vegetables retain their shape, color and flavor.

Can electrically this year!
