DRINKING PARTY ENDS IN CUTTING

On September 10, David Campbell, 3018 W Street was at the home of Sweet Perry, 2009 North 25th. A party was under way, and all had been drinking. About 8 p. m. an argument was started as to whether Ollie Oliver, who lives at the Perry home, should go home with Campbell. The tussle began and Perry cut Campbell in several places. He was taken to Dr. Hawkins', 2120 1/2 North 24th for first aid. Sweet Perry and Ollie Oliver were booked for investigation.

MAN CUTS WOMAN SEVERELY

Last Saturday night, Mary Williams, 1518 North 25th Street was sitting on the porch with the man she had been keeping company with when Claude Parks, alias "Big Chief" walked up to the porch and starting cutting her with his razor. Mary was treated by Dr. H. Wiggins, and later removed to Covenant Hospital. No arrest on Parks has been made as yet.

ESTRANGEMENT ENDS IN SHOOTING

Mrs. Cora Johnson, 3210 Emmett Street, who is employed in the Saunders Kennedy Building, frequently known as the Brandeis Theatre Building is alleged to have been accosted by her husband, George in an attempt to recover their estrangement Monday morning at 5:30. Harlem Workers Join Needle Strike

NEW YORK—(CNA)—About 300 workers in Harlem garment shops last week joined the strike of 60,000 Negro and white workers in the downtown district.

The International Ladies Garment Workers' Union is supplying scabs in shops that are out on strike under the leadership of the Needle Trades Workers Industrial Union at 1850 Lexington Avenue, which is a 100 per cent N. T. W. I. U. shop.

The I. L. G. W. U. is also forcing workers back to shops on the old scale of wages and hours from \$3 to \$8 per week, with hours running as high as 70 hours per week, at the same time forcibly taking out \$5 from pay envelopes for "the union." Workers in the 183 East 107th Street and the Hudson Dress shops are complaining of this racketeering.

COURT AGAIN UPHOLDS REV. DR. BERRY

NEW YORK—(CNA)—Efforts of the Bishops Council of the A. M. E. Church to oust Rev. L. L. Berry, denominational secretary of foreign missions, were blocked a second time when the courts of New York overruled the action of the Council in replacing Rev. Berry with the Rev. Cral L. Flipper, son of Bishop Flipper, senior member of the council.

The Rev. Berry was elected on April 11 to succeed the late Rev. E. H. Colt. He was ordered out of office by the Bishops Council in June, contending that he had been elected by the missionary department and not appointed. Rev. Berry refused to accept the ruling and appealed to the courts, which have twice upheld him.

The case vividly exposes the struggle among the "spiritual shepherds" for self and the best paying positions in the church organizations. These are the same gentry who preach patience and contentment to the starving masses.

R. C. Price Makes Report On Storz Affair

PRESIDENT'S REPORT OF THE FREDRICK A. STORZ 3.2 PARLOR 16TH AND GRACE STREETS

Monday, September 4th, my attention was called to a sign or rather several signs, posted in the 3.2 parlor licensed in the name of Fredrick Storz, located at 16th and Grace, by Mr. E. W. Killingsworth, I immediately wrote a letter to Dr. G. B. Lennox, instructing him to take the matter up with the City Prosecutor, Mr. Dennis O'Brien. I had an opinion from C. A. Sorensen, relative to those signs, taking the second thought, that Mr. Sorensen was out of office, I wrote to the present Attorney Mr. Paul F. Good for an opinion, because an opinion from Mr. Sorensen would not be recognized, because he was no longer the Attorney General. Within thirty six hours I had received an opinion from our present attorney general, the Honorable Paul F. Good, stating it was unlawful to post signs of that nature. I had another report, that those signs, "No colored trade solicited," had been removed, and they had substituted another, "Storz private Buffet, we solicit our patronage." I was driven over to the 16th street place by Mr. Robert Green. A gentleman by the name of Mr. Manley, who was with the party, accompanied me into the place. I asked for two glasses of beer, and I was asked if I had a membership card. The bartender told me, "that they had changed things around there, and no one was allowed to be served unless they were members." Having had much experience in legal redress work, I decided to help the chairman of the Legal Redress Committee, because I felt we had a very hard case.

I started laying my foundation, for the "Sham Membership Club." My first step was to appoint a white man chairman of a committee, to investigate the surrounding circumstances of this "Membership Club." Then I appointed a man who was so near white that no one could discern, as chairman of committee, with instructions to get three or four people that could pass for white, and to

REV. BROWN "NOT INTERESTED" IN DOUBLE LYNCHING REFUSES AID SCOTTSBORO DEFENCE

NEW YORK—(CNA)—Rev. Abner Brown, pastor of the Metropolitan Baptist Church 128th Street and 7th Avenue, stated he is not interested in the Scottsboro boys; he is not interested in the Alabama lynchings, nor is he interested in the Scottsboro cases in Harlem. These remarks were made at the Baptist Conference, August 21st., to a committee composed of Allan Taub, I. L. D. lawyer who was recently run out of Tuscaloosa, Alabama and 2 members, from the I. L. D. Harlem Section, Mabel Bunas and Robert D. Smith who had gone there to ask the ministers the privilege of speaking in their churches.

Rev. Brown's exact words were: "I am not interested in the Scottsboro boys nor in anything that goes on in Alabama. Let them take care of that themselves. This is New York. Nothing like that will interfere with my church." When Preacher Brown was reminded there are many Scottsboro cases, in Harlem also, he said: "I don't care where there are Scottsboro cases, I'm not interested." When a Negro preacher of Harlem openly states that he will not do anything for the Scottsboro boys, that he is not interested in the Alabama lynchings, nor wants to help the Negro people in general, it is time he is exposed to the public in general.

Small Home Owners Deluge U. S. Office with Cries For Aid

NEW YORK—(CNA)—Hundreds of small home owners this week stormed the newly opened offices of the Home Owners Loan Corporation in the Empire State, demanding loans to save their heavily mortgaged homes from foreclosure. Most of the applicants were turned away.

15,000 applications had been received during the day by mail, according to Vincent Dailey, general manager of the local office. Dailey admitted that many thousands of small home owners were in danger of having their homes taken away by the mortgage companies and other loan sharks.

The new applicants given aid yesterday were all white home owners. Negro applicants were generally told to "return tomorrow."

Roy Wilkins in Washington To Voice Objections

NEW YORK—Roy Wilkins, Assistant Secretary of the NAACP, who made a first hand investigation of the treatment of Negro laborers on the Mississippi levee, left last night for Washington to voice the N. A. A. C. P.'s determined opposition to discriminatory provisions of the contractors' code which has just been submitted to the NRA. According to the NAACP analysis of the code it does not in any way benefit or improve the condition of the 30,000 Negro laborers on the Mississippi Flood Control Project. The code provides a minimum wage of forty cents an hour, but contains the "joker" that where the minimum wage was less than forty cents an hour on July 15, 1932, the minimum wage shall be thirty cents an hour, a differential of ten cents per hour. Wages paid Negro levee workers, was a "book" wage of around ten cents an hour, as was exposed by the N. A. A. C. P. in its investigation.

The contractors' code is not even content with this discriminatory provision. It contains the additional provision that "nothing herein contained shall be construed to apply to employees whose rates of wages are established for specific projects by competent governmental authority in accordance with law or with rates of wages established by contracts now in force." This provision could pre-

Quoting My Readers!

Alfred Hendricks, business writer and counsellor, of New York City, writes:

"... Congratulations for the very good work you are doing towards putting our group on its feet—economically..."

The publisher of Shining Light Survey, East Akron, Ohio, voluntarily paid me this tribute in his July, August issue:

"... IMPORTANT! Here's a \$10,000 trip to the trade. If you have ANYTHING that sells to colored people, get in touch with Clifford C. Mitchell, 3597 South Parkway, Chicago, Illinois. He holds the key to everything important in this class of trade. Name lists galore. Classified O. K. He's a writer for approximately one hundred and fifty Negro publications and if He'll say a word for you, I have an idea your mail man will soon start complaining. When he speaks, not 10,000, but many hundreds of thousands listen in..."

And here's a letter from a Chicago firm:

"... May we commend you on your helpful and constructive articles now appearing in the colored papers throughout the country.

"In a desire to cooperate with you and your readers we are enclosing herewith some of our literature and one of our Almanacs which throughly describe the business we have developed during the past twenty years, dealing in Medicinal Roots, Herbs, Leaves, Barks, and Flowers, Nature's Remedy from the Fields and Forests, having a complete line of over a thousand different varieties and which have been used for many different ailments, with a large percentage of beneficial results.

"We will be glad to furnish each of your readers, absolutely free, one of our Almanacs if they will write direct to the Illinois Herb Company, Suite 810, 869, 443 South Dearborn Street, Chicago, Illinois.

"If you are over in our neighborhood please feel free to call upon us..."

I thank you for the Almanac which I can use daily and would suggest that my readers write for a free copy. And thanks are due to the Dixie Specialty Company, Box 2318, Roanoke, Virginia, who sent me a generous supply of their Dixie Blossom Hair Pomade. In fact I never will be able to use all they sent me so I guess I will have to find some profitable way of disposing of it.

And speaking of disposing of the above product, Dr. Joseph Baumwell, of the NOBLESSE PRODUCTS LABORATORY, who manufactures an expensive and high grade line of cosmetics for the theatrical trade has offered to furnish me with as much of their products as I care to handle if I desire to introduce it in the colored field through my string of agent contacts. The proposition is well worth thinking over and I will, come correspondence from agents on the subject.

Miss Gannell Chapell, of Los Angeles, California, writes in to ask me why I don't get some of the large advertisers of the country interested in the colored trade, and for me to try and get them to use colored models in their advertisements and to get these advertisements placed in the colored newspapers.

And J. E. Mitchell, editor of the St. Louis Argus, writes in somewhat the same objective view point.

For the benefit of the above readers and our newspapers in general, I can promise that during the next few weeks I expect to hold interviews with these large advertisers and get their reaction at least.
