Hotel Bars "Black Birds" NEW YORK, November 7—(CNA)—The greater portion of the "New Black Birds" was subjected to the most abject humiliation by the management of the Park Central Hotel at 54th Street and 7th Avenue, a few days ago, when a troupe of the playgoers attempted to reach the studio of a photographer who had been contracted to make pictures of the group.

A stiff verbal battle ensued between member of the cast and the manager of the hotel when the manager threatened to evict the group bodily from the lobby of the hotel. Also the actors threatened to bring suits against the hotel for violating the equality statute most of them were cowed down by their manager into using the freight elevator. In spite of the efforts of Lew Leslie, the manager of the show and his brother, news of the incident leaked out.

French Paper Reveal Slave Traffic
PARIS, France, November 7—(CNA)—"Price of Women in South Africa Down 60 Percent," is the headline in a French African paper, the "Tunisien" quoted in a recent number of "LaDefense," organ of the International Labor Defense of France.

The quoted article proves the contention of the French I.L.D., that French Imperialism has in no way put an end to slavery, but rather put it on a more cruel and business like basis. The article is carried by the "Tunisien" as an ordinary item of business news.

At this moment a woman of superior quality, which is to say young, healthy, unmarried and beautiful according to local taste, is worth just a little over 1,000 francs. A woman of medium quality costs 350 francs, and it is feared that heavy offering on the market will lower the price still further.

LYNCHERS OF HAWAIIAN NATIVE PLAN DIVORCE

Lynchers of Hawaiian Native Plan Divorce
NEW YORK, November 7—(CNS)—Tragedy that overtook Mrs. Thalia Fortescue Masse in Hawaii, where she was the victim of a brutal attack that shocked the nation, has wrecked her marriage to Thomas H. Masse, LSN.

The four white aristocrats who had lynched Kahahawai were defended by the famous lawyer Clarence Darrow, chief of the legal staff of the National Association for the Advancement of Colored People. They were "convicted" as they never even denied the crime, but sentence was commuted after they served one hour.

Darrow did everything possible to uphold the traditions of the Southern ruling class by attempting to have a jury with no dark-skinned people on it. By rushing to the defense of the four members of the white aristocracy in their cry of "rape" not only Mr. Darrow but the NAACP came out openly in support of lily white juries, and in defense of lynch law.

The Masse case, because of its sensational nature was exploited in the press all over the world. When letters demanding court martial of Lieutenant Masse, and Navy officers Lord and Jones, were sent to President Hoover and Secretary of the Navy Adams Mr. Adams replied that he "deprecated further agitation of the case." Hawaii is an important naval base.

Mrs. Masse, who had "peculiar tendencies," did not enjoy the social functions indulged in by her husband, the Lieutenant, but preferred to wander off alone, by the sea in the woods, where she could presumably commune with her thoughts. On one of these occasions, she strolled off alone into the night from a Honolulu night club, and on returning home in the early morning announced that she had been raped by five natives. Lieutenant Masse, USN, his mother-in-law, Mrs. Granville Forestque, society leader, and two officers of the Navy, (sworn to uphold law and order), engineered a diabolical plot, and in cold blood murdered Kahahawai, a native work-

er, who they claimed was the ring-leader of the "attack" on Mrs. Masse.

the beginning" said Dr. Cooper. "We hold midwifery is a necessary evil and therefore improvement of their service is the logical thing to do."

There are about 5000 midwives in North Carolina nearly twice the number of physicians. Most of their practice is among the poorer classes of people.

Last year 26039 mothers were delivered by midwives 51840 by physicians. Deliveries were made as follows by physicians: white 45,40; Negro 6082; Indian 219. In 1931 physicians delivered: white 44898; Negro 7225; Indian 246.

Midwives in 1932 delivered: white 8121; Negro 17514; Indian 400. In the previous year the figures were: white 6908; Negro 15993; Indian 333.

"The increase in deliveries by midwives is evidently an effect of the depression" observed Dr. Cooper. In 1930 the Bureau of the Census reports that there were 164 Negro physicians and 356 Negro trained nurses in North Carolina.

The number of mothers delivered by midwives in 1932 increased by 33 per cent over the 1931 number.

"The piece to start reducing the infant and maternal death rates is at the beginning" said Dr. Cooper. "We hold midwifery is a necessary evil and therefore improvement of their service is the logical thing to do."

FRANK SPENCER ALLEGED LYNCHING WITNESS SOUGHT BY MARYLAND AUTHORITIES

BALTIMORE, November 7—(CNS)—In its very full and graphic account of the lynching of George Armwood at Princess Anne last week the Baltimore Afro-American published a story of an eye witness. This witness Frank Spencer—gave names of several persons he alleged took leading roles in the mob scenes at Princess Anne October 17.

On receipt of a copy of Spencer's statement, Maryland authorities put detectives on the man's trail and queried the War Department for information about him. He was identified in the published statement as having commanded a Company C, in a 42nd Division regiment commanded by a Colonel House during the World War. The Department reported that neither a Captain Spencer nor a Colonel House was listed on the 42nd Division roster.

According to the Afro-American story Spencer is a resident of San Francisco, but was in Princess Anne October 17, house guest of a man he accused of being "one of the leaders of that mob." After the lynching, according to the statement, he came to Baltimore. At this writing Spencer had not been located.

WASHINGTON D. C. November 9—The Farmers National Committee for Action today sent a strong protest to Sheriff Bob Slay of Chambers County Alabama protesting against the jailing of Negro farmers and farm workers and demanding that the attempts to whip up lynch spirit against the Negroes be stopped at once.

In a statement to its 34 affiliated organization throughout the country the National Committee called for immediate mobilization in meetings and demonstrations to protest against the imprisonment of the Negro farmers and the new wave of terror which this latest attack launches.

"This new attack on the Sharecroppers Union should lead the Union to double its delegation to the Farmers Second National Conference in Chicago where in unity and solidarity with the impoverished white farmers of this country Negro and white they will lay down a program of action for real relief" a representative of the National Committee stated.

"One of the burning problems facing the exploited farmers of the country is the question of unity. This conference has as one of its primary aims strengthening the solidarity between impoverished Negro and white farmers. Such unity will bring more power not only to the Negro sharecroppers in Alabama but to the white farmers in the South to the ruined farmers of the entire country.

EX-SENATOR HEFLIN HAS IDEA THAT NATION NEEDS HIM BIRMINGHAM, Ala., November 9—Former Senator Thomas J. Hefflin is credited with having an idea that the nation needs him and is willing to make any sacrifice that may be involved in order to again serve his State and country in the halls of Congress.

He has under consideration it is said to run for the House in the Fifth Alabama District. He refused to support Al Smith in 1928 and was subsequently retired from the Senate.

BALTIMORE Md. November 9—Euel Lee legally lynched November 27 in the death chamber at Maryland penitentiary here was refused burial by the International Labor Defense and buried in the potter's field, on order of Judge Eugene O'Dunn. Orders to "shoot to kill" I.L.D. representatives if any attempt was made to give Lee a mass funeral were issued by the judge. The burial was made under guard of 50 police officers and hundreds of specially sworn deputies.

Governor Ritchie a week previously refused to supply adequate protection for George Armwood Negro, who was lynched in Princess Anne though he had been notified of the danger.

This week no attempt had been made to find the lynchers of Armwood. The affidavit naming them and presented to Ritchie by William L. Patterson, national secretary of the I.L.D. was ignored and Princess Anne authorities refused to grant protection to Captain Frank Spencer who made the affidavit, to return to testify before the grand jury supposed to be "investigating" the lynching.

NEGRO GETS FIVE YEARS FOR FIGHTING LYNCH MOB POPULAR BLUFF, Mo. November 8—(CNA)—In this small Southern town, as in most Southern towns, it's hard to tell the difference between the sheriff's posse and a lynch mob. In most cases they are the same. So James Turner, Negro citizen and man about town ran like hell when pursued by a mob of "angry" citizens down Main Street the other day and when his feet began to fail him and the mob was about to overtake him he fired a shot in the air from a delapidated old Indian pistol, hoping to frighten the mob. Beheld, the sheriff was leading the mob. Altho Turner was guilty of nothing he was given five years in jail for firing at a police officer.
