NIGHT CLUB OWNER KILLS DRUNKEN YOUTH ARMED WITH REVOLVER

INDIANAPOLIS, Ind. November 14—(CNS)—Raymond "Dee" David 43, proprietor of the Paradise Night Club shot and killed William Hindman, 24 who armed with a gun was trying to force his way into the club. Hindman was drunk and when refused admission said, "I pay \$20 to get in; there's a man in there I'm going to get."

Enraged at a point blank refusal he shot at "Dee" who returned the fire and Hindman fell dead with a bullet through his heart.

Held at first under \$25,000 bond "Dee" was later after an investigation given his freedom.

MAN AND WIFE ACCUSE EACH OTHER OF MAILING DEATH NOTES

WASHINGTON, November 14—(CNS)—William and Evelyn Smith, man and wife met in Police Court last week before Judge McMahon. William said that he didn't mind an occasional note saying he is doomed to die, but when circulars advertising an undertaking establishment began to arrive it is a little too much for him.

So William had Evelyn arrested, charged with threatening his life. Evelyn denied writing the notes or sending the circulars.

Assistant District Attorney Roger Robb had her write a similar note in court. Both he and Judge McMahon agreed that the handwriting looked identical and the case was about to come to a close.

But Evelyn had an ace in the hole, and she accused William of remaining the threatening notes and the funeral circulars to her. The case was continued until November 17, with William's record, if any to be looked up.

## BRITISH POLICE IN AFRICA RAID OFFICE OF SCOTTSBORO DEFENDER

LAGOS, Nigeria (West Africa)—November 13—By Mail—British police have raided the office of I. T. A. Wallace-Johnson general secretary of the African Workers' Union of Nigeria, here, and seized all the files of the organization.

Wallace-Johnson who has been known in America as organizer of a protest movement in British West Africa around the demand for the release of the Scottsboro boys, has also been a tireless fighter against the enormities of the British administration. In West Africa, taxation has been growing by leaps and bounds, and unemployment has swollen to unprecedented figures, laying the burden of the crisis on the exploited native population.

Among the exposures by Wallace-Johnson which have particularly irked the British Imperialists are the publicity he obtained for the cutting of the allowances of native policemen and firemen; the destruction of native stalls.

## ALABAMA LYNCHINGS OF INNOCENT VICTIMS BLAMED ON OFFICERS

CHATTANOOGA Tenn. November 15—(CNS)—An investigation of the lynching of four Negroes three months in and about Tuscaloosa Alabama by the Southern Commission for the Study of Lynching has resulted in the issuance of a report holding police officers responsible and indicating a belief that some if not all of the victims were innocent.

The commission headed by George Fort Milton editor of the Chattanooga News is composed of editors and educators from Southern communities. A summary of the commission's findings reads in part:  
 "Since August 12 mobs in the vicinity of Tuscaloosa Alabama have taken the lives of three Negroes and left a fourth for dead. Careful investigation of the situation reveals these facts: 1. One of the four mob victims was undoubtedly two others probably the fourth possibly innocent."

## NEGROES PLAY IMPORTANT PART IN RECENT ELECTIONS

WASHINGTON November 14—(CNS)—A score or more of Negroes were candidates for Assemblymen aldermen constables and members of school boards in several of the large cities of the country on election day November 7 and more than half of them were elected to office.

In New York City where the prominent candidates for mayor LaGuardia McKee and O'Brien all made definite and pronounced efforts to gain the support of colored voters the result shows that the Republican-Fusion candidate LaGuardia was the favorite; but in Harlem the Negro stronghold intimidation fraud and the improper use of the welfare funds and "free coal" kept down his vote.

In the 19th Assembly district in Harlem James Stephens Democrat for Assemblyman defeated Clayton T. A. French Republican; and Charles W. Bradford Democrat was elected Alderman over, Fred R. Moore Republican.

In the 21st Assembly district Robert Bernstein white Democrat defeated J. Dalmus Steeple Republican for

the Assembly. The defeat of Steele "the Mayor of Harlem" is the result of an error of omission as Steele could have had the votes of the Fusionists of the district but failed to get the signatures of enough petitioners to have his name put on the voting machines of the district. Conrad A. Johnson Republican won over John W. Smith Democrat for Alderman in the same district by 1054.

In Newark Essex County New Jersey William S. Hargraves Republican was elected to the State Assembly to succeed Mecer Burrell.

In Cleveland four race candidates were elected: Lawrence O. Payne John E. Hubbard and Dr. Leroy N. Bundy as councilmen; and Mrs. Mary B. Martin as a member of the Board of Education for a second term.

In Philadelphia John C. Asbury candidate for city magistrate went down with the Vare machine while Edward W. Henry former Republican and at present on the magistrate's bench was elected on the Democratic ticket.

## GEORGIA CHAIN GANGS MAY BE ABOLISHED

ATLANTA, Ga., November 14—(CNS)—The end of Georgia's notoriously inhuman chain gang system may soon lose its main support upon the completion of the construction of the \$1,500,000 prison in Tattal County.

It is claimed that the withdrawal of State felony convicts, the backbone of the chain gang is the aim of the State administration.

## Baby Dies After Doctor's Vain Hunt For Hospital

NEW YORK CITY, November (CNS)—A four months old Negro baby died at Hempstead, Long Island November 2 after an intestinal operation which was delayed for hours while authorities were searching for a hospital to which the child might be admitted.

The trouble was that the baby had whooping cough. None of the eight private hospitals in Nassau County is permitted to accept a patient suffering from a contagious disease.

It was recalled at last that there was an unequipped operating room at the Town Home. It was scrubbed out and Katherine Hurley, superintendent of Nassau Hospital, sent an ambulance load of sterilized equipment. Dr. A. S. Warmer performed the operation at midnight, which, surgeons had concurred should have been performed at 7 o'clock. At 4 a. m. the baby died. He was the only child of Mr. and Mrs. Leon Coleman of 93 Laurel Avenue.

## MARCH OF EVENTS

By REV. ALBERT KUHN  
 National Prohibition has become past history. In spite of the jibes that have been made at President Hoover's characterization of Prohibition as a "noble experiment" I agree with him. The experiment has been well worth making and will be of invaluable aid in further efforts to combat alcoholism successfully. In about one third of the states, state prohibition still exists, by state law. In most of them it will be dropped within the next year, anti-prohibition sentiment being at the present time in vogue.

Beer has now been re-instated for over two months. It had been preached to us that free beer would prove the new life blood of America and that with its introduction prosperity would flow back again with a rush. Well, here in Omaha the breweries are open again, but their business can hardly be called booming and the number of help they hired has hardly made an impression on unemployment in the city. Thousands of persons who shouted lustily against prohibition have not even gotten to the trouble as yet to sample the new brew. It's just like folk fighting for democracy and the right to vote and then, after they have won out, being too indifferent to vote.

Now with hard liquor coming back it will be interesting to observe the development of the new liquor trade. Already some of the rankest wet papers, like the Chicago Tribune, have announced that they will not admit liquor advertisements in their paper. The old cry of "unclean, unclean" is already being raised against the whiskey business. It may after all not be so easy for hard liquor to break into the circle of ethical business enterprises. But let us make no mistake; the danger that large portions of a people sink into alcoholism is ever existing. Both the federal, state governments are giving serious thought to liquor control legislation. Different states will no doubt handle the matter in a different way. The safest method of keeping down the liquor evil is in my opinion to keep private profit out of the traffic. There ought to be state controlled distilleries and importing houses and in each town or county that votes wet there ought to be retail establishments operated not in the profit basis but as public dispensaries where clerks sell the goods much like postal stamps, with no gain to themselves personally. The county could decide whether these selling agencies should not be provided with accommodations for consumption on the premises.

However uniformity in liquor regulation throughout the country or even within a state is hardly to be expected nor would it be advisable. In every district public opinion must be reckoned with and that varies enormously depending upon whether the district is urban or rural, old American etc.; we ought to know by now that without the support of the general sentiment of the people any system of regulation falls down.

In Germany Hitler's government and International policy has received the endorsement of more than 40 millions out of the 44 million voters. Only those who are blind to facts will deny that for the present at least Hitler has the bulk of the Nation behind him. France will think twice before she will provoke the German people to war while they are in such a mood, especially since both Italy and Great Britain give her no encouragement whatever. The Jews will receive fairer treatment by the German people when once their leaders have given up their efforts to dominate Germany politically and commercially as they have done since the war, previous to the Nazi revolution.

The Entre Nous Holds First Meeting  
 The regular meeting of the ENTRE NOUS was held at the home of Mrs. Alice Galloway 2814 North 28th Street, Sunday, November 12th 7 p. m. Work was started on the Scrap Books part of the Christmas to the poor, children and to those in the Douglas County Hospital. They are anxious to secure as many toys as they possibly can. No matter how dilapidated you may think the toys are, the club girls can rebuild them. If you have any, or if you know of anyone who has any toys that are no longer fit to play with, please call WEBSTER 1883 and some one will call and pickup your donation. The next meeting will be held at the home of Mrs. Elaine S. McGee, 2870 Grant Street.
