Big Meeting at Center

The Emergency Advisory Committee of the Mid City Community Center and the Omaha Urban League Tuesday March 6th at 7:30 p. m. gave a dinner meeting at the closing session of the Conference on the Economic Status of the Negro at the Mid City Community Center Building 2213 Lake Street.

The principal speakers of the evening was George K. Hodge Federal Reemployment Director for Nebraska; A. L. Foster executive secretary of the Chicago Urban League was unable to attend.

Mr. Hodges speech was as follows: "Your chairman has allotted me fifteen minutes to discuss the problems of reemployment. Therefore I shall devote five minutes each to the past present and the future.

The Past: Where President Roosevelt assumed the duties of his office he was faced with an unemployment problem affecting one third of the population of the nation.

An emergency existed and therefore the N. R. A. was created. In signing the act; the President said that history would probably regard it as the most important and far reaching legislation ever enacted by the American Congress.

Our President frankly admitted that the program of Recovery could not succeed without the whole hearted cooperation of industry of labor and every citizen of the nation.

Among the other agencies to help the administration the National Reemployment service was established. Here are the high spots for Nebraska. 60000 Nebraskans applied for employment the first of August. September first brought the realization that the Federal Aid Program in Nebraska would not be started in time to relieve the situation during the winter months.

Through regional meetings with representatives of city and county officials we promoted local projects which provided work for about 15000 people. On November 15 1933 the Administration announced the Civil Works Administration which proved to be a Godsend to Nebraska. 33000 workers have been employed up to this time. It is now the intention to taper the number of CWS employees so that it will lay the way first so that all of the CWA workers will be off the CWA payrolls.

The Present: There are 124000 registered applicants for work in Nebraska. There have been 56000 workers placed on temporary and permanent jobs since the opening of our office last August.

While 124000 are registered we estimate the legitimate unemployment in the state at 60000. One half of these needy folks have been working on CWA projects while an equal number of needy cases have been standing around.

Relief rolls as of November 16 1933 have been practically cleaned up. However since that time others have found it necessary to apply for aid until there are know more on re-

lief now than were recorded as November 16 1933.

The Future: There are 25000 potential jobs in the Federal Aid Program of River Highways and Public Works. Administration Projects. This leaves 41000 needy folks which the administration hopes will be absorbed by industry at the note of 10 per cent week. It is my personal opinion that industry in Nebraska is not speed up to meet this stock. The re-employment cases of the fall of 1932 has been postponed to the Spring of 1934.

What can be done about it? Here are a few suggestions.

1. There must be no further delay in PWA program.

2. Industry will probably be faced with the necessity of working hours so that more people will be hired.

3. In some localities some form of modified CWA will have to be continued.

The danger ahead lies in the part that the spirit of wholehearted cooperation will be affected by the coming elections. Criticism of politicians can unarm the confidence of the good achieved to date can be discounted or betrayed.

Only the whole hearted cooperation of every American Citizen can bring about worth while Recovery.

I have confidence that even through the clouds gather in the Spring if people will continue to uphold the present administration can great President of those United States will meet the men—if and when it arises."

Mr. William Haynes worker with Mr. Hodges on the reemployment business says "it was a very good banquet. Also the speeches and entertainment was very conservative as well as entertaining. Those that were not here just missed something."

According to Mr. Black chairman "I'm sure all those present will agree with me that this banquet is something that will be a lasting picture in our minds."

Mr. W. Robert Smalls secretary of the K. C. Urban League says "I am certainly glad to be here on this occasion. Mr. Parkinson when introduced to the audience made special

note of the ability of several of the workers in this community. He said "Mr. Kerns is the most persuasive man in Omaha when he goes after a thing he usually succeeds."

"Another Young lady who is now in the athletic program here at the Center used to work in my office. I will be glad when that program is over so I will be able to get her back again."

Mr. Parkinson, was speaking of Miss Bobbie Turner Davis 2514 Corby Street.

Dr. Lennox On The Job

NATIONAL REEMPLOYMENT SERVICE

Douglas County Court House Omaha Nebraska.

Dr. G. B. Lennox 1804 North 24th Street Omaha Nebraska.

Dear Dr. Lennox: I certainly appreciate your graciousness in writing Mr. Randall Bairt State Director Federal Emergency Relief and Miss Frances Perkins Secretary of Labor regarding the satisfactory conclusion of the question of discrimination against Negroes on public work projects in Omaha.

As I thought over our interview last Sunday I have been very conscious of your generosity and your broad minded views on the situation and assure you that any information that you desire will be freely given on request.

Very truly yours WILLIAM PARKINSON Manager

Miss Frances Perkins Secretary of Labor Washington D. C.

Dear Miss Perkins: I am writing you in regards to communications and a conversation I have had with Mr. William Parkinson Federal Relief Director of this city in regards to employment. I was greatly impressed with various information after a consultation of an hour or more. Mr. Parkinson expressed himself freely and with sincerity; emphasizing fairness all along and freedom from prejudice.

I was also shown any number of cards and the method of handling employees was explained to me; the above party stating he was unable to determine the nationality of this or that party employed. In dealing with various employees without a doubt his policy is to be fair with all regardless of nationality and his intentions to see that no discrimination is manifested when hiring man to work on these projects.

Mr. Parkinson further stated he realized some of the statements I had made were true but these happenings

did not occur in his office.

I had no ill feelings towards any official in charge of federal employment. My only desire was to see employment given to all and every man dealt with fairly. I am sure from your expressions it is your intention that everyone receive the same consideration of employment as others. Unfortunately there are some who receive more consideration than others but I am sure this is not your purpose. We are in hopes such conditions will work out in time.

Calling the attention of your department to various discriminating actions I am sure they will be rectified; hereafter however to jeopardizing time I shall take up further situations that may arise directly with Mr. Parkinson fully believing he will do whatever he can to bring about an adjustment.

I am hoping you will appreciate my communicating with you at this time as I do not want to misrepresent or misjudge any fair dealings; realizing Mr. Parkinson deserves consideration.

Thanking you very much for your past consideration and any future manifestation you may give.

Respectfully yours DR. G. B. LENNOX.

Mrs. McCain refuses to state reasons for Mr. Bryant's return except that he wants to see his father and relatives. It is also known that he had written to his father to send him the necessary funds to pay for his trip home. It is said that at one time Mr. Bryant had his own night club orchestra in New York but through certain business dealings and a touch of New York night life has now left him penniless.

PITTSBURGH WRECK COST LIVES OF TWO AND SEVERAL INJURED

PITTSBURGH, Pa. March 4—(CNS)—The death toll in the wreck of a Pennsylvania Railroad train here on February 26 was placed at nine, of which number two were Negroes. Thomas Jeffries of Youngstown, Ohio; and an unidentified colored woman about 45 years old. It was a five-car eastbound train from Akron, Ohio. Plunging around a Northside curve in this city, the engine ripped through a snow-covered switch and the train divided and flung itself over a trestle.

What had been a high-speed, brightly lighted train became a mass of twisted steel under a collapsed bridge, with behind it a thread of curiously split rails. For hours while

bitter cold hampered the rescuers, acetylene torches flared over the scene as the dead and injured were removed.

Among the forty odd injured were following colored persons: Melvin Brown, porter New York City; bruised leg; Harry W. Smith 42 dining car employe of Pittsburgh; Leonard Miller 37, dining car employe of Pittsburgh; and George Dockett 45 porter of Philadelphia.

Exile Returns to State Welcomed by State Legislature

COLUMBIA, S. C. March 7—Sixty years ago in 1874 Green Coleman a Negro citizen of this State was elected to the Legislature as a State Senator. He served until White Hampton, riding the roads by night with his Red-Shirts "took over" the State as Governor and Coleman was with others driven from the State.

The "Senator" bent and stooped with age returned last week to the legislative halls where he was ordered to leave almost sixty years ago as a published exile—a "man without a State."

His return was a "sensational entry" into the State from which he was banned. He was accompanied by a motorcade of prominent Charlotte business and professional men.

The General Assembly met in joint session to receive the aged Negro.

After he was ordered from the State, Coleman went to Charlotte where he was given refuge. He worked as a commercial painter until the infirmities of age caused him to stop. Recently he expressed a wish to return to Columbia before he died. He had never returned to South Carolina after his banishment.
