Woodson Center News.

National Negro Health Week from April 1 to April 8 was given an important place in the activities of Woodson Center. Our Junior High School Club sponsored a Health Forum in which all of the older clubs participated. Dr. Wiggins and Miss Evelyn Evans R. N. spoke to the older boys and girls respectively, on contagious diseases, tuberculosis, and sex hygiene. Both of the speakers brought valuable information to the two groups.

The Golden Star Club, with the assistance of its sponsor, Mrs. T. Hancock and Miss A. Longmyer nurse at Woodson Center sponsored a "Health Movie," The History of God Liver Oil, at the Gym. The movie was largely attended by all of the children in the neighborhood, including those from the parochial schools and their parents.

Children of Woodson Center under twelve, and members of our junior clubs, put on a "Heath Parade" as a climax of Health Week activities. They marched through the streets displaying health banners with such slogans as: "Plant your garden now," "Is Yours a Tin can Alley," "Reach for an apple instead of a sweet," and don't forget your Cod liver oil.

Girls decorated their doll buggies, and cleaned up dollies who also took part in the parade. Children enjoyed refreshments and games after the parade.

Some forty odd boys and girls, members and guests of our junior High School club, enjoyed an indoor picnic Thursday evening at the Center. Girls wore gingham dresses and hair ribbons. Games and dances were enjoyed by all.

FREDDIE GETTING ROMANTIC?

What was it in the picture last Tuesday night at the Ritz Theater that caused Freddie McCowan to lean his head on the shoulder of Leona Davis in such a romantic manner? . . . Mose Ransom has become a which, which? . . . They are saying down on the Avenue, "Mose, Get Going

SMART GIRL

The little girl who tried to be smart one night last week, at a certain club party seems to have got caught in her own game. . . . It is suggested by some of your friends, Helen, that you be careful how you crack next time.

THEY SHALL NOT DIE TO CONTINUE IN N Y

New York—(CNS)—They Shall Not Die," the Scottsboro case drama, which was announced to close on Saturday night, will continue at the Royale Theatre. The box-office sale of tickets prices will be reduced to a \$2.50 top for the evening performance and \$2.00 for the matinees.

Opportunity Knocks

How would this strike you as an investment opportunity? You are given a chance to turn a certain part of your monthly or annual earnings over to a group of financial experts. A contract is drawn whereby you "buy" a definite sum on the easy payment plan. They will take your payments and invest them in government bonds, in the best industrial securities, in first mortgages on good rural and urban property. Their total investment, made up by hundreds of thousands of small payments such as yours, embraces the whole sweep of sound American business and productive enterprise. Stringent laws, passed for your protection, regulate the type of investments that can be made.

In order to assure you the ultimate in safety, the concern you turn your money over to has gigantic cash reserves, built up over many years, to stand behind your comparatively small investment. This isn't all by any means. If you die, even though that should happen after you have made but one payment, the full amount you have contracted for will be paid to your heirs. After a few years, you may borrow against your investment if need be—or you may drop further payments and receive a cash settlement, in case of dire necessity.

That sounds too Utopian to be true. But it is true—and the institution offering you that is life insurance.
