DO YOU WANT A REPRESENTATIVE TO THE STATE LEGISLATURE

Petitions are now being circulated in Douglas County calling for the placing of the ballot of a proposed amendment to the constitution whereby there shall be one House of the State Legislature, rather than a House of Representatives and a State Senate as at present and that there shall not be less than thirty members in THE NEW house not more than fifty.

Voters should be called upon to consider just what this will mean. It will mean the further removal of the government from direct control of the people and the loss of the balancing power of the two houses. To the Negro voter it means much greater disaster. It means the re-districting of consolidation of legislative districts and loss forever of a Negro representative at the State Capital.

CALIFORNIA'S LESSON

(From the Omaha World Herald—Monday, May 14, 1934) Wednesday night near Los Angeles two masked men kidnapped from his estate William F. Gettle, a wealthy oil man. As they carried him off they answered a friend's remonstrance with the snarl: "No soft stuff. We're here here for business. This is kidnapping."

This incident reminds us of inevitably of the kidnapping in California last year of Brooke Hart, of his murder, and of the lynching at San Jose of Hart's abductors, together with Governor Rolph's comment: "This is the best lesson that California has ever given the country. We show the nation that this state is not going to tolerate kidnapping."

Governor Rolph thus had condoned one of the greatest crimes against society, a crime greater even than kidnapping—lynch law. The truth is now brought home to him that any concession to violence, no matter by what pretext, breeds more violence. The war upon kidnapers was hurt, rather than helped, by the San Jose lynching. California now gives that lesson to the nation. One hopes Governor Rolph has learned it at last.

THE CHURCH INQUIRY COLUMN

By Madoline E. Sterling.

"SAFETY FIRST"

By Rev. F. P. Jones Pastor of Mt. Moriah Baptist Church "If any man will come after me, let him deny himself."

Matt. 16:24. These words, spoken by Jesus himself, do not mean occasional acts of self-denial, temporary fasts self-imposed moments of hard-ships; but they can a total repudiation of self as the object of love. An unconditional surrender of self as the first object of consideration. Unless this is done no Christian can adopt the maxim; "Take care of Number One," unless he has made Christ Number One.

"Safety First" may be a very good motto if only we define 'safety' aright. Whose safety are we referring to? certainly not our own: But the safety of life? If not why? The call is to the world, and 'Whosoever will, let him deny himself, take up his cross and follow me.' Are you living the 'Safety-First' come?"

society, the safety of others, the safety of others, the safety of the kingdom of God. He who places any one or anything else first is guilty of reversing the Christian order.

Is it possible to modify the tendency of human nature so as to set up another personality than our own, as 'number one'? Of course it is possible.

When a man marries, if he has a worthy idea of matrimony. His feelings of loyalty, love, and devotion, are sometimes lavished with extremity, upon another—his wife. The whole philosophy of selfishness may be shattered, by the sight of a baby's face, or the thought of a little life so helplessly dependent, and so divine.

This program of the 'Christ Life'; Self dethroned, Christ enthroned and the adoption of Christ's standard of values. We must care for the things that he cared for; we are forced to admit things that were made supreme by him.

However much we may be inclined to do otherwise, we are forced to admit that this old world in which we live has changed the philosophy of the life which Christ taught and lived, to a self-centered committee of three, consisting of "I, Myself and Me."

But remember, my friend, there is no other standard, no other philosophy by which we may live as Christians, except the standard, and the philosophy that were established by Christ himself.

He is the only 'Code' by which we should be governed, the only 'Safety First' sign that should guide us. If this is done, we may be assured that we are denying ourselves, and following in the footsteps

CRIME FORSEEN IF SCHOOLS DON'T PREPARE STUDENTS

Washington—(CNS)—The recent National Conference on Fundamental Problems in the Education of Negroes meeting here last week was told by President Roosevelt that: "As yet all too small a percentage of the Negro children of our country, especially in its rural sections, enjoys adequate or equitable facilities for the education which is America's goal for every child." And that "We have neither schools enough properly to accommodate the children who should be in attendance, nor educational offerings of the quality and variety adapted to their needs."

At the same time Dr. George J. Ryan, president of the Board of Education, in New York City, told a group of educators that: "Unless the school system is capable of preparing young people for the leisure of tomorrow, as well as for the vocation, the country will pay for the neglect tenfold and over in crime, debility and human waste."

The educators met to begin a movement to prepe the damage of the depression in schools in the United States Dr. Ryan said:

"You can patiently wait for, national most every field, but you dare not in almost every field, but you dare not permit millions of school children to grow up either physically or mentally starved."

"Nothing offered in later years can fill the void caused by malnutrition of mind or body during the tender formative years of the growing child."

"For the best interests of humanity the backward march of education must be halted. Our Nation can survive only so long as we are true to the basic ideals of education. We can not be loyal to our nation if we suffer our schools to be destroyed any further."

Dr. Harold G. Campbell, superintendent of schools, said educators have been "shocked to witness the enormous toll that education has had to pay on the battle fields of the present economic depression."

"The heroism of the American teacher in their efforts to save education from the horrors of this economic war can never be fully recorded." Dr. Campbell concluded.

The National Conference on Fundamental Problems in the Education of Negroes set forth the following as "Immediate National Objectives and Ideals"—to be based on the principle of the single standard in education.

A. AVAILABILITY OF EDUCATION—schools and colleges available and accessible for all Negro children,

LOUISIANA PEACE OFFICERS ASK ANTI-LYNCHING LAW

Repudiate Mob Violence and Endorse Work of Southern Women for of teachers, curriculum offerings, adequate in length of term, number equipment, and facilities.

B. TEACHERS AND TEACHING—Selection, training, compensation and working conditions of teachers in keeping with the highest standards of professional growth and leadership in recognition of their outstanding importance in the education of Negro children and in the leadership of Negro life; and the acceptance of the responsibility by all teachers of Negro youth to teach the fundamental principles and issues underlying our economic and social order.

C. FINANCIAL SUPPORT—Adequate financial support for all schools for Negro children equitably distributed, and intelligently administered, with full recognition that there can be but one standard of adequacy.

D. ADMINISTRATION—Larger participation in the administration and control of schools by intelligent representatives of the people served; and curriculum differentiation and adaptation based on individual needs rather than on race.

E. SEGREGATED SCHOOLS—Discouragement of and opposition to the extension of segregated schools.

Vocational Agriculture Boys

Get Production Loans Washington—(CNS)—Boys enrolled in vocational agriculture courses in 5,300 rural high schools in the United States who are still minors may obtain loans for financing farm projects, obtain loan from production credit association cooperative plan worked out by the Farm Credit Administration and the agricultural service of the Federal Office of Education.

Under the Smith-Hughes law, through which Federal assistance is extended to vocational education programs in the various States, farm boys who enroll for vocational agriculture courses are required to undertake supervised farm practice. To start their projects, which are conducted on the home farm under the supervision of the agricultural teacher, pupils frequently find it necessary to have a flock of chickens, some cattle, seeds, fertilizer, or similar supplies necessary for the proper handling of these projects. It is to furnish funds for outlays of this character that production credit loans have been arranged.

Production credit associations as organized and chartered under the Farm Credit Act are authorized to make loans to farmers for general agricultural purposes. These associations, however, do not handle loans for as small amounts as are ordinarily required by vocational agriculture students to finance their school projects. Added contract. To overcome these difficulties, therefore, boys needing loans may secure them as a group in a chapter of the Future Farmers of America or a similar organization of vocational agriculture students. Group borrowers will organized themselves into a Student Credit and borrow the total amount needed, as one loan, through an "adult borrower" who will give a "master" note for the total amount for a period of time coincide with the duration of the projects covered. As collateral for his master note the adult borrower will present the individual notes of each student borrower, signed by the parent or guardian or another adult, and endorsed by the adult borrower.

To safeguard these production loans to vocational agriculture students, a statement setting forth the nature, purpose, plan, kind and scope of the project of each participant, and the assurance of the supervisor or sponsor that the conduct of these projects will be supervised and proceeds of all sales therefrom remitted to the production credit association credit association, must be submitted with each loan application.

WINS INTER-RACIAL RECOGNITION

(Continued from Page 1) heard the sermon.

Monday night's service was endorsed by local ministers of churches of both races. Rev. M. B. Pringle, president of the Council Ministerial Association presided.

Addresses 800 at Union Service The new world trend toward nationalism is the most pernicious and insidious propaganda ever fostered against the teachings of Jesus Christ, Dr. Jeltz declared before an audience of 800 persons at a union service at the Broadway Methodist Church.

"The religion of Jesus is not the religion of lynch-law America, Nazi Germany, soviet Russia or fascist Italy," he declared. "For dress it up as you may, national class and race prejudice are left over forms of an old world isolation which is only destructive and has no place in the new world of increasing proximities."

He said that wars for the most part have been started by people living on a purely physical plane, abetted by persons living on a mental plane. He declared that the task of the Christian church is to lift men to the highest, the spiritual plane.

A chorus directed by Mrs. Jeltz sang spirituals. The meeting was opened with an invocation by Rev. E. Berg of the Seventh Avenue Baptist church. Dr. A. A. Heath of Broadway church gave the introductory remarks. Rev. George Slater, jr. of Bethel A. M. E. church and Rev. Rhoades of Bethel Baptist church spoke. Rev. M. B. Pringle of the First Christian church, president of the Council Bluffs Ministerial association introduced the speaker. Rev. O. J. Burkhardt secretary of an Omaha Ministerial union, gave the benediction.

Monday's service was the 144th interracial meeting Dr. Jeltz has conducted.

Appears at St. John's A. M. E. Church

Dr. Jeltz appears in Omaha at St. John's A. M. E. Church at a great union revival, Tuesday, May 29th. Bethel A. M. E. and Cleaves Temple C. M. E. churches unite with St. John's for this mammoth meeting. Dr. Jeltz will conduct services in the city for three weeks.

DOINGS AMONG THE HOTEL AND DINING CAR WAITERS

BY HOPIE

Mr. Leon Moore, and Mr. Howard Ousley, U. P. Waiters who have been for months traveling with the Union Pacific's new train, left about May 22nd for Chicago, to take charge of the new train again, which will be exhibited at the Fair. These two outstanding young waiters have made themselves real men, in the hearts of the Union Pacific officials. Luck to Mr. Ousley and Mr. Moore.

Mr. Theo. A. Thomas, one of Hotel Paxton's well known waiters, who has many friends among the guests of this hotel, have been chosen again, as head waiter, at the Omaha Field Club. Mr. Thomas is well known at this club. Except for two seasons '32 and '33, when Mr. Edgar Lee and Mr. Devere, respectively handled the club. Mr. Thomas had it for many years. The club opened on May the 19th with a bang. 522 members was handled by this most competitive head waiter, in such a well planned and efficient way that the members and manager could not say too much of Mr. Thomas after the Orchestra played "Home, Sweet Home."

Mr. James Calloway, who was in touch with the Valley Queens officers planning to give the Omaha Waiter's Association's friends another kick in life, by giving them a ride up the stream of the old Missouri River, was indeed a sad looking young gent when he returned from down stream Friday after seeing the Queen conquered by the King Missouri. Mr. Calloway, you know, is the chairman of the Waiter's Entertainment Committee.

Mr. J. Fisher, who for ten years was an important figure in the Fontenelle Dining room and recently at the Paxton, has taken up the position of Head Waiter, at the Clover Leaf Club. Mr. Fisher is broad and should have no trouble in placing this club, through good service and courteous waiters in hearts of Omaha's pleasure seeking patrons. We all wish Mr. Fisher, loads of luck.

Mr. Jerry Owens, who was with the U. P. Dining Car Co. for 17 years and a highly thought of waiter has now received a year round position at the Omaha Field Club. He seems to be making many friends here, just the same as he did with the traveling pub-

TO FILE ON DEMOCRAT TICKET

Rep. Johnny Owens

Mr. Johnny Owens, Representative to the Nebraska legislature from the ninth district, will file on the Democratic ticket for reelection. Mr. Owens served as representative during the last session of the State legislature.

Many favorable comments have been made on Owens conduct of his office. In commenting on Representative Owens' work, Governor Bryan said, "Owens is a credit to the House of Representatives. The people of his district should be proud of the record he has made since he has been

His every move and act has been that of a perfect gentleman, and very much in keeping with the position that he holds. I believe that he is known and respected by his co-workers as an outstanding representative."

Mr. O'Malley, speaker of the house of Representatives, of the State Legislature during the past session said, "Owens is one of the standing members of the House of Representatives. He is a credit to his race and a decided asset to the lawmaking body. The people of his district may rightfully be proud of him. He commands and receives respect as a gentleman and a legislator."

Owens' legislative re-districting victory cutting off the redominate white section of the ninth and replacing it with the heavy Negro populated sections of the tenth district to make the ninth district, thereby assuring a race representative to the legislature in the future, was a master stroke of legislation, showing tact, wisdom and foresight. This measure is one of the most far-reaching and beneficial pieces of legislation vitally affecting the race voting in the passed history of the State of Nebraska.

Mr. Willis Thomas, one of Omaha's popular waiters has bade us good bye for the summer and has cast his lot with the Palmer House in Chicago. A letter last week in formed us that he is O. K. We miss you Mr. Thomas

Mr. Toney Jackson well known head waiter, at the Omaha Country Club for many years, is now at the Hill Hotel and has a swell position there.

Mr. Jackson just came back from a vacation out of the city. We do hope he will gain many friends at this Hotel, as he did at the Club. Mr. Tunnis Gordon is also at this Hotel. A swell combination to have on any Hotel manager's payroll. They will bring him lots of new and help him keep his old business.

Mr. Henry Sherron, Hotel Paxton's head bus boy for years, until Jan. 1933, has returned from the U. S. camp, where he spent 13 months, and is working as a regular extra waiter at Hotel Paxton again. He can carry 30 dinners on his tray with ease. Don't try it please, waiters.

All extra waiters were called into service Saturday as all of Omaha Clubs opened their doors to its members. Some night clubs were short of help as most all waiters answered the three big clubs call.

Mr. William Ousley well known Paxton waiter will leave about the 20th of June to visit relatives in Chicago. Mrs. Ousley will leave a bit earlier, the 12th. She has a sister here and I am sure their vacation will be a pleasant one.

Several of Hotel Fontenelle's waiters have left for the Country and Happy Hollow clubs.

Mr. Roy West head bus boy at Hotel Paxton will leave about the first of June to join his mother in Brooklyn, N. Y., where she spent the winter. Mother will remain in the city of Rose but Mr. West informed me he will be back in our city, about July the 5th. Nice trip Mr. West.

Mr. D. Creeg, of Kansas City, Mo. and now head waiter at Lake Okoboji has asked for the service of Mr.

Prevention of Lynching

Lake Charles, La.—At the recent meeting here of the Louisiana Association of Peace Officers, 109 officers from all parts of the state personally signed repudiation of mob violence and endorsed the program of the Association of Southern Women for the Prevention of Lynching. The meeting went on record also as favoring a state anti-lynching law. Sheriff Hughes of Shreveport for repulsing recent mob attack on the Caddo Parish jail.

The anti-lynching cause was presented by Mrs. Ben Knox, of Shreveport, state chairman of the Association of Southern Women for the prevention of Lynching. Her address was heard with marked interest and sympathy by the assembled officers, and the Association's anti-lynching program was endorsed in a resolution from the floor. Mrs. Knox then presented for personal signatures the following statement:

"Believing that lynching does not belong in our American civilization; that it is within itself a violation of the law; that it is un-American and dangerous; we, the undersigned Peace Officers of the State of Louisiana, endorse the educational program of the Association of Women for the Prevention of Lynching."

One hundred and nine of the assembled officers promptly affixed their signatures, including sheriffs, deputies, mayors, detectives, police

chiefs and patrolman. Mrs. Knox was invited to attend next year's convention of the officers and was booked for another address at that time. Reporting to the headquarters of the anti-lynching association in Atlanta, she says:

"The convention was a most interesting event for me. Never have I had such a royal greeting, reception and response. I feel that the way has been paved for our women all over the state to visit their respective sheriffs and shall begin at once the effort to have them do so."

The Association of Southern Women for the Prevention of Lynching was organized in 1930 by Mrs. Jesse Daniel Ames, of the Commission on Interracial Cooperation. It now has in thirteen states branches with 19,000 signed members who have pledged themselves to combat lynching in every way possible.

May Queen to be Crowned

A May Queen will be crowned Monday evening May 28th at 8:30 p. m. at Clair Chapel. Everyone is invited to come out and help crown your choice for Queen.

These two young men seem to be very classy club waiters as well a hotel.

Mr. Scroggins, head party man at Hotel Cornhusker at Lincoln, Nebraska is back in the city. Friends seem to think he will join the staff of Mr. Creeg at Lake Okoboji. Very good and reliable waiter to have on a payroll.

Mr. James Corbett, who has been batching on the side after serving his most popular guests at Hotel Paxton is expecting Mrs. Corbett home soon, who has been at the bedside of her sick mother, in Sioux City, Iowa. Wife's biscuits will taste awful good Mr. Corbett.

N. A. A. C. P. CHARGES PLOT TO KILL ANTI-LYNCHING BILL

(Continued from Page 1)

tor Long would lead a filibuster, against the bill. Since receiving the petition Senator Long has denied the statement that he would oppose the measure.

Fight Kidnapping; Ignore Lynching "A bitter struggle is ahead if the bill is to be passed," declared Mr. White. "At least fifteen lynchings have been prevented since the Costigan-Wagner bill was introduced in Congress through fear that such lynchings would help in the passage of the bill. Should Congress adjourn without taking action we fear that such lynchings would help in the passage of the ill. Should Congress adjourn without taking action we fear that the removable of apprehension that federal legislation may be enacted will result in a new outburst of lynching. That is why the organizations supporting the Costigan-Wagner bill are determined to force action at this session."

Congress quite properly has passed legislation agint kidnapping. But there have been not more than three hundred kidnappings in all of the U. S. during the last forty five years, at the same time there have been more than five thousand lynchings Surely if Federal legislation against the horrible crime of kidnapping. Of which there have been relatively a far smaller number there should be legislation against the horrible crime of lynching where there should have been sixteen times as many of these crimes.

MUTT AND JEFF—What a Monkey Sees A Monkey Does

By BUD FISHER
