

"REVEALING" YOUR PAST, PRESENT and FUTURE

BY ABBE' WALLACE

Longest established on the American Stage

M. L. J.—I read your column very often and I wish you would help me. Will I be successful if I take the course I am inquiring about?

Ans.—This BEAUTY COURSE would do you a world of good whether you plan to use it or not. It will teach you how to keep your own self looking nice. Take up this course and enter into a SALON in a larger city.

E. M. T.—I have been thinking constantly of my boarding school friend. Tell me in your column if he still cares anything about me?

Ans.—This LOUISVILLE MAN is not interested in his little girl friend that went to boarding school with him. He is engaged to be married to a girl in his city.

A. E. T.—I have written before but won't you answer this one. Will there be any success for me this summer?

Ans.—You have used good judgment in taking up the new FIELD that you are working in at present and it will prove very profitable during the summer. Your debts will be cleared up by winter.

M. H.—Will you please tell me where our pet dog has disappeared to and will we have him back again?

Ans.—Your little dog "Trixie" was struck by a fast moving car about the latter part of April or the first of May. I believe the accident occurred about five blocks from your home.

T. P. J. H.—I am very lonely and want someone to love. I want some nice looking nice boy to make me their sweetheart.

Ans.—Why don't you pick on the boy that hangs around your home all the time? He is just as much as interested in you as you think you are in him. He is too bashful to tell you that he cares for you boy he wouldn't visit there so much unless he was.

ELECTRIC HOUSEHOLD APPLIANCE IN EVERY HOME—SAYS PRESIDENT E. DAVIDSON

Plans for the most extensive and coordinated advertising and selling campaign ever attempted by the electrical industry in the middle-west were outlined at a recent dinner given by the Nebraska Power Company, and the Citizens Power and Light Co. More than 200 electrical dealers, jobbers and manufacturer representatives of Omaha and Council Bluffs and their trade territories were guests.

The campaign, it was explained, moving in close coordination with all electrical dealers in the two cities and in all of the communities served by the two power companies will cover a period of months. Advertising will be carried in the newspapers in the territories served by the companies.

After pointing out that coordinated advertising and selling are not now in American industry, J. E. Davidson, president of the Nebraska Power Co., and toastmaster at the dinner expressed the opinion that such a program here should meet with unqualified success.

"The time is opportune for the utilities, the manufacturers, the (See Page Two)

WASHINGTON, June 27—(CN S)—During the month of June, Washington graduated 1,659 Negro students from the various schools and institutions. one? Ans.—The boarder, you have accused is not responsible for he had nothing to do with the missing dresses. A person who was in your house on the night of the theft is the guilty party.

B. C. T.—I received a letter the other day that puzzles me. Please tell me who wrote it and what does it mean?

Ans.—A woman wrote the letter that she wrote in this letter. For further information send twenty five cents for a private reply. See foot note for particulars.

R. L. H.—I want to know if my husband will turn the good favor back to me or not?

Ans.—Your husband will never be as good to you as you have been to him since he has been out of work. He won't however give his OLD GIRL FRIEND all of his money who she does get work. He means well but is just not as thoughtful as you are.

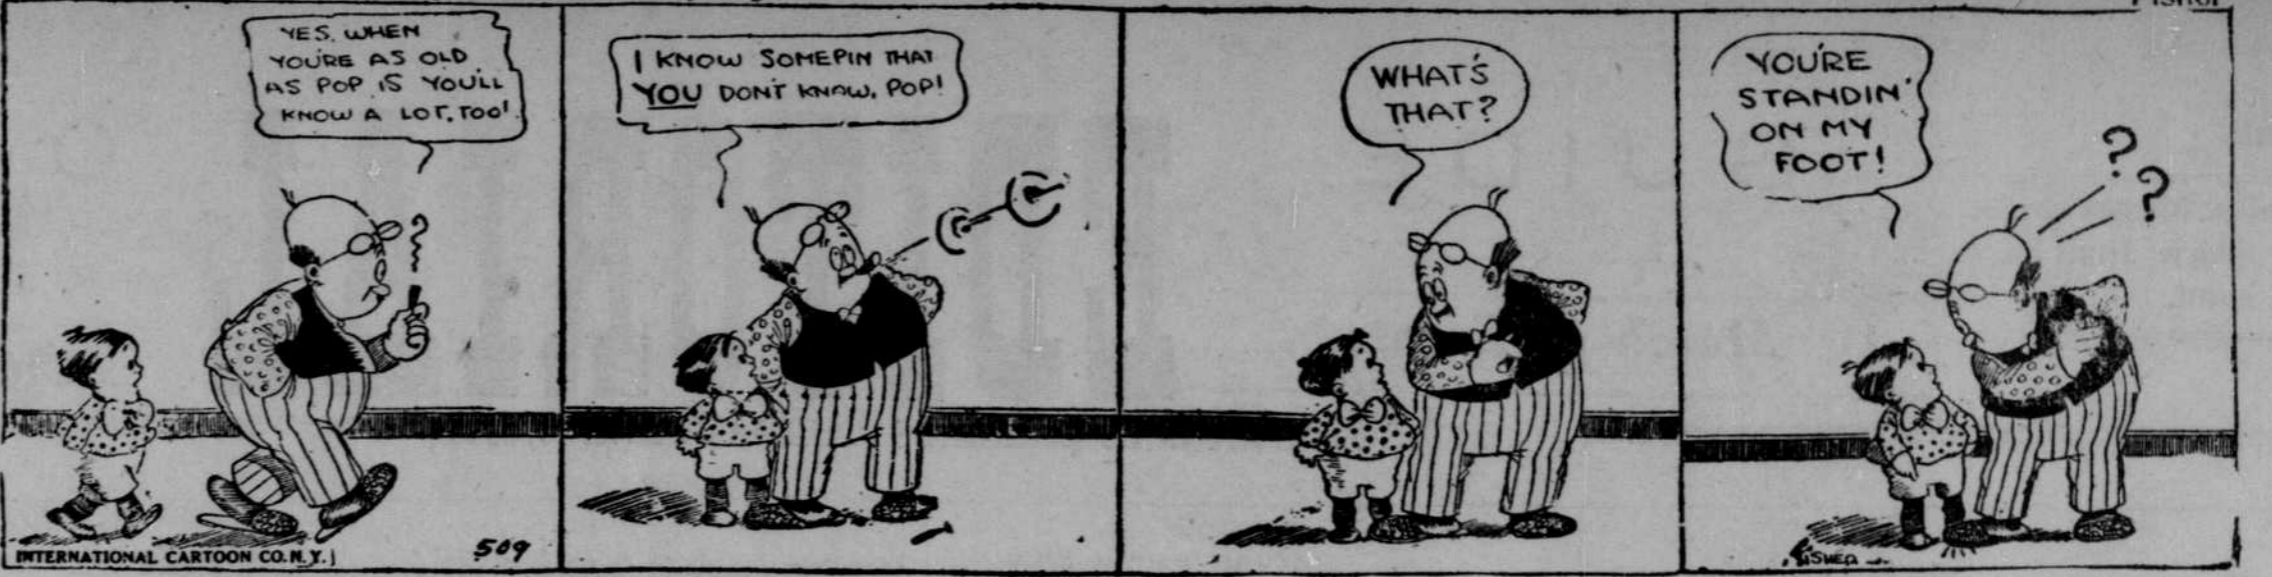

J. A. W.—I have kept company with a girl for about two and a half months and now I want to make her my little wife. Do you think she will be my wife for long?

Ans.—You have chosen a very good girl and she will make you a splendid mate. Do not worry about the little ADOPTED child that she has for this child will mean more to you than one of your very own. Set a date for this marriage for there is much happiness for you two.

R. M. C.—I am planning on moving very soon for I believe that I can cut expenses by doing so. Is this advisable?

Ans.—Your expenses would be much less if you do decide to move to BROOKLYN and try from the beginning to hold your budget down. You will make friends there who do not spend all they make but will help you to save.

Indiana Congresswoman Comes out for Anti Lynching Bill

NEW YORK, June 17—Sydney Strong, writer, publicist and traveler, made public this week a letter from Representative Virginia E. Jenckes, congresswoman from the SIXTH District of Indiana, replying to his query regarding her position on the Costigan-Wagner anti-lynching bill, in which she stated:

"I wish to be placed on record as being opposed to lynching and I shall support any and all anti lynching measures which may come before the Congress."

Mrs. Jenckes thus JOINS THE increasing majority of Senators and Congressmen favoring the Costigan-Wagner and Ford Anti-Lynching bills now awaiting vote in the Senate and House of Representatives.

HOME OWNERS LEAGUE PICNIC WILL AID DISTRESSED FAMILIES

One of the most worth while affairs ever sponsored by any organization in this community, will be held by the HOME OWNERS AND CITIZENS LEAGUE, at Krug Park, Wednesday afternoon and evening June 27th.

The first annual picnic of the Home Owners' and Citizens League to be held at Krug Park is primarily for the purpose of enabling the League to raise funds necessary to carry on its noble and humanitarian work of saving families and homes from foreclosure and eviction. The proceeds derived from this picnic will be used solely in behalf of hundreds of distressed families about to lose their homes and businesses and to keep these distressed families intact, who otherwise will be forced to give up their homes and as a result suffer much hardship and become dependent upon the community.

The Home Owners and Citizens League is the only group taking any definite action in preventing the disruption of the home and family by preventing foreclosures and evictions. Every man and woman, every citizen worthy of the name, should lend unqualified support to the League's noble cause by attending this picnic. Many valuable prizes will be given away and many special attractions at the Park will be free to all.

The Home Owners and Citizens League's offices are at 304 Arthur Building. Full information may be obtained regarding this picnic and

CHART NEW FIGHT FOR FEDERAL ANTI-LYNCH BILL

NEW YORK, June 27 — With the adjournment of congress on Monday and the seventh lynching of the year occurring in Kirbyville, Texas on Thursday, the National Association for the Advancement of Colored People announced today that the fight for a federal anti lynching bill will be continued.

Efforts to pass the Costigan-Wagner bill were pressed right up to the adjournment of congress by Senators Costigan and Wagner. On Saturday, June 16, Senator Costigan spoke saying:

"It (the bill) is demanded by every consideration of orderly government, humanity and wisdom. Public opinion supports it with overwhelming endorsements.....but it is more than evident that the constant priority given other bills by those having legislation in charge here will not include this civilized and civilizing reform." Mr. Costigan then presented a petition for the record signed by G. W. A. Murray and 560 other citizens of New York state asking enactment of the bill.

Senator Huey "Kingfish" Long spoke after Mr. Costigan saying the South had learned how to handle lynching and that when he was governor of Louisiana there was not a single lynching in the state. He said he hoped the northern and western states would learn to "exterminate lynching as well as we have done in Louisiana."

(Note: Louisiana's record of lynchings in recent years is: 1 in 1931, 1 in 1932, 4 in 1933.

On Monday Senator Costigan again called for consideration of the bill and Senator E. D. Smith of South Carolina and other senators objected to unanimous consent.

Put Candidates on Records Instead of lessening pressure, the supporters of the bill will increase it upon senators and congressmen between now and the opening of the next session of congress, the N. A. A. C. P. said.

"All candidates for the house and senate to be voted upon in the November elections should be put on record in writing on their support for a federal bill by voters in advance of the election," said Walter White, N. A. A. C. P. secretary.

"Every convention that is to meet between now and January 1 is asked to pass a strong resolution urging congress to pass the Costigan-Wagner bill when will be re-introduced on the first day of the new session," he said, "and all organizations, large and small, white and colored are urged to work continuously on this bill throughout the year.

"Continued agitation is doubly necessary now that the fear of federal legislation has made mobs leader. Lives will be saved if we keep up the agitation for federal action. The fight for this bill has just begun."

Proverbs and Parables

By A. B. Mann ("DON'T PUT ALL OF YOUR EGGS IN ONE BASKET")

(For The Literary Service Bureau) There is much of common sense in the admonition "Don't put all of your eggs in one basket." This means that putting all in one basket, that one being dropped, all your eggs will be broken and lost. The application is that in life one should be discreet; should not stake everything on one effort or one line of procedure, lest that one should fail and prospects be lost. But, carried too far, this would cause one to be impatient, erratic, unstable, and failing to concentrate, would weaken his efforts and sometimes hinder his coveted objective. Here, as in other lines, "The golden means lies between the extremes."

LOOKING BACK (A GADDDING WIFE)

By Videtta Ish (For The Literary Service Bureau) Whatever husbands may say or whatever they don't say, a man gets tired of having his wife "running around all the time." As I look back I remember how young married women used to stay at home. But now, they go and almost take the home with them.

This gadding means that often the house is not cleaned; the beds remain "tumbled up" all day; dishes remain on the table and unwashed; dinner is generally behind and often cooked so hurriedly that it is both unpalatable and unhealthful. And any kind of a man will get tired of such conduct on the part of his wife.

A friend of mine carried the thing so far as to leave the dinner in the pots and pans, and leave a note saying, "Honey Boy, you'll find your dinner cooked; I had to go out with Mildred." This young woman has had two husbands and lost both of them on account of this weakness. Better play safe, girls. Better "cut it out!"

Our "Inalienable Rights"

By R. A. Adams (For The Literary Service Bureau) In the Preamble to the Declaration of Independence it is asserted as an indisputable fact that "all men are created equal." This document further stresses that "all men" who are thus created equal, are by the Creator, endowed with certain inalienable rights and the cardinal ones mentioned are "life, liberty, and the pursuit of happiness."

Despite the fact that these "rights" are guaranteed to all citizens by the Constitution, to some millions of American citizens they are a hollow mockery. Farcical is the guarantee of life in Texas, a few days ago a Negro was murdered by two hundred whites, because he was seen in the company of a white woman. Liberty to the people of the darker hue is in word only. They are arrested for nothing, convicted on flimsy evidence or no evidence, and are given the severest sentences for trivial offenses.

America would be a paragon for other nations, but they have the right to shout, "Thou hypocrite, first cast to beam out of thine own eye." So, while America shall celebrate its natal day, it would do well to consider these mockeries; and it would do well to bring a movement back to justice which will assure to every citizen the "inalienable rights" thus guaranteed.
