Rex Drop Two Close Games to Little Rock

CUDAHY REX LOSE TWIN BILL TO YOUNG 'UNS, LITTLE ROCK NINE WIN 6-5, 4-3 as McCARROLL DOES IRON MAN STUNT

McCarroll, with plenty of stuff on the ball, pulled a successful "iron man" stunt out at Western League park under a boiling hot sun, Wednesday afternoon, to top of the success of the Fourth of July excursion to Omaha by the Little Rock Colored Travelers.

McCarroll tossed both games against the taut Cudahy Rex, Omaha sandlottery and came out head and shoulders above the rest in a pair of tight games. The first 6 to 5 and the second 4 to 3. He pitched the open, then relieved Freeman in the fourth inning of the second.

In the opening game the Rex came up one run short in the final inning rally, scoring two on errors and a double by Wright and Smith's tap, but that wasn't enough.

YACHTS READY FOR RACE TO HAWAII

SAN PEDRO, Cal.—Modern Magelans laid in stores Tuesday and gave the final check up to 12 sleek sailing craft which will start on a 2,200-mile race to the Hawaiian Islands at noon Wednesday.

Handicap ratings range to more than four days between the scratch starter, Fandango, L. E. Hoffman's 84 foot schooner, and F. C. Elman's borrowed single master, the little 27 foot sloop, Common Sense III. These will be computed at the end of the race when the last yacht has dropped anchor in Pearl Harbor or signified that it has dropped out.

LONDOS BEATS ERNIE DUSEK

Harrisburgh, Pa.—Jim Londos, defending his newly won heavyweight wrestling crown, conquered Ernie Dusek after 50 minutes and 10 seconds of grappling Tuesday night. Dusek, groggy after he was hurled from the ring, was pinned with a body slam and press. Londos weighed 200; Dusek 278.

GAMES POSTPONED

All games in the Mid City Senior League were postponed last week on account of rain.

6 AMERICANS AMONG 16 SURVIVORS AT WIMBLEDON

WIMBLEDON, England, June 30.—The United States held six of the 16 places in the quarter finals of both the men's and women's singles divisions as the first week of play closed Saturday in the All-England tennis championships.

Frank Shields, lanky New Yorker, and George M. Lott, Chicago doubles player, joined their Davis cup teammates, Sidney B. Woods of New York and Lester Stoen of California, in the "round eight" as King George and Queen Mary headed a crowd of 20 thousand that watched the Wimbledon stands under a scorching sun.

But as lay resumed Monday, only Wood, singles ace of the American Davis cup squad, was favored to advance toward the men's title now held by Jack Crawford of Australia. Stoen must lay the defending champion before advancing any further. Lott

TUXEDOES WIN, 14-2

The Tuxedoes, the fastest kittenball team in the middlewest, before the largest crowd of the year downed Adams, Nebraska, 14 to 2.

The Tuxedoes in fine shape showed plenty of class in their long drives and their excellent base running that accounted for the large score.

Adams received their two runs through the generosity of the Tuxedoes, who entertained the enthusiastic crowd immensely.

OCCUPATION STUDY MAY BRING TO PUBLIC NOTICE CHISLERS ON RELIEF ROLLS

WASHINGTON, July 6.—(CNS)—A small army of interviewers, clerks and supervisors are soon to compile information in Washington, Baltimore and Norfolk, as well as 75 other typical cities, to determine the number and proportion of persons on urban relief rolls who are capable of being gainfully employed. The investigation may also bring to public notice a number of persons who have left gainful occupations in order to get on the relief rolls. The information will be made available in the Fall, and if persistent rumors are confirmed, a considerable number of the 4,000,000 families now on relief rolls will be found to embrace a horde of persons who are more willing to be on the relief rolls than to work at gainful occupations.

Lawson, Pickett, Spearman. Double J. Hawkins to S. Hawkins. Sacrifice—Lee. Hit by Pitched Ball—Greenwood (Hicks). Bases on Balls—Evans 2, Greenwood. Struck Out—Evans 4, Greenwood 4. Runs and Hits—Greenwood 3 and 2 in 3 1-3, Freeman 0 and 2 in 2-3, McCarrroll 0 and 4 in 3, Evans 4 and 5 in 6 2-3, Crump 0 and 2 in 1-3. Winning Pitcher—McCarrroll. Losing Pitcher—Evans. Wild Pitch—Greenwood. Left on Bases—Rex 10, Little Rock 4. Umpires—Tracy and Daley. Time—1:45.

Andy Jensen

Andy Jensen, 45 years in one spot, is now a candidate for County Assessor on the Democratic ticket in the August primaries. Mr. Jensen is the son of a pioneer North 24th St. business man, who for more than 50 years, given employment to 6 negroes in their Laundry plant, known as the Jensen Laundry at 24th and Erskine Street.

Mr. Jensen says that if he is elected as County Assessor, you will not have to fight for your pro-rata employment in his department and that is no pre-election talk either. My past record should be sufficient proof." Political Advertisement

6 AMERICANS AMONG 16 SURVIVORS AT WIMBLEDON

faces Fred Perry, one of England's Davis cup singles champions, and the erratic Shields tackles the other, H. W. "Bunny" Austin.

Wood faces much simpler opposition in Vernon Kirby, South African star, who staged an upset Saturday by eliminating Baron Gottfried von Cramm of Germany, 6-2, 2-6, 6-4, 6-2.

The women's quarterfinal pairings next week pit Cilli Aussem, German star, against Helen Jacobs and Mme. Rene Mathieu, France's outstanding player, against Sarah Palfred.

Shields Saturday beat Christian Boussus, left-handed Frenchman, 6-4, 3-6, 6-4, 7-9, 8-6. Lott beat Harry Hopman, former Australian Davis cup player, 4-6, 6-3, 6-2, 6-2. Perry subdued Adrian Quiet, young Australian, 6-3, 6-4.

Virgin Island League Seeks to Oust Governor Pearson

WASHINGTON, July 6.—(CNS)—The Suffragist League of the Virgin Islands demands the removal of Paul M. Pearson as Governor of the Virgin Islands. The protest, signed by Ella Gift, acting president, charges Pearson with "maladministration, inefficiency and misleading qualities."

Miss Gift assails the Governor for employment of a well to do business man as an NRA inspector of public safety, for alleged failure to eradicate malaria and for allegedly inefficient hospitals.

"Poor people," she wrote, "who are taken to the hospital because they have no proper care at home are sent out of the hospital before they are strong enough to walk because there is not enough money allotted the hospital for the maintenance of these patients."

"We even had typhoid fever the last six months, which I believe is due to the insanitary conditions in which the gutters are kept. This small island has never been in such plight before, until this present administration came here."

Miss Gift asks that regulation of the island be placed under the American Navy.

The question is asked: "Can it be true that in the rum producing Virgin Islands there is also brewed a strange elixir which prolongs the reign of Governor Paul M. Pearson?"

"Or is it the political brew of Washington which linds the governor the necessary strength to hang on to his office despite opposition of the people of the Islands and many Administration leaders?"

ENTERS RACE FOR GOVERNOR

R. L. Cochran, state engineer, announced his acceptance Tuesday of the filings made by petitioners in behalf of his candidacy for the governorship of Nebraska, with the following statement to the press: "Today I have accepted the filing made by petitioners for me the office of Governor of Nebraska. The privilege of having had a part in building the state road system, with

THE TUXEDOES IN ACCIDENT

The Tuxedoes on their way home from a Fourth of July game, at Adam Nebraska, in the car driven by Howard Hazley, collided with another car at 50th and Hamilton Sts., injuring Adolph Bolden, "Sozz" Smith and Willie Ware.

The Tuxedoes may have to revamp their line-up, as it is probable that these players will be out for the remainder of the season.

GLOBE TROTTERS WIN, 5-3

The fast rising Globe Trotters in the Junior League, downed the Trinity M. E. nine, 5 to 3. Holloway starred with three out of three trips to the late.

BONERS

The ANZIES are a ferocious half-cannibal tribe that live in the heart of Africa.

BONERS are actual humorous tid-bits found in examination papers, essays, etc., by teachers.

Venison comes from frogs.

out creating any indebtedness, has been such a satisfaction to me that I have been somewhat reluctant to accept this filing. As a result, however, of the requests which have come from all over the State by petitions, letters and personal calls, urging me to become a candidate for Governor, I have come to feel that I could be of greater service to my native state in the office of Governor than in my present position.

"These earnest demands have convinced me that as Governor of the State of Nebraska I would be given the united support of its citizenship working for the things needed most by and for the greatest benefit to the majority of its citizens.

"I will run independent of any state or group.

"My campaign will be made on my record of public service.

"As Governor I will employ the same business efficiency in all state departments as I have always used in the Department of Roads and Irrigation.

"I favor a continuation of the present tax reduction program, at least until such time as the revenue from the farm, factory and business generally, has sufficiently increased to justify greater governmental expenditures. I am opposed to any new forms of taxation.

"I favor the continuation of our present highway program, which includes not only improvement of the main routes but also extensions of the secondary and feeder roads, that the farmer may be served in marketing his products. I am opposed to the construction of either state or county highways.

"I favor the utilization of the waste waters of the state. I believe my residents in North Platte in the heart of the irrigated district, my ownership of a farm near there, and my experience in irrigation engineering over a period of years in administering the waters of the state, qualifies me to cooperate and assist in the development and administration of needed projects."—R. L.

While in Washington recently, I announced to the people of Nebraska that I would be a candidate for the United States Senate in the August

MERCHANTS STILL WIN

The Mid City Merchants trimmed the Pants Store, 12 to 1. Goldman of the Merchants allowed only two hits.

PARKER HAS EASY MATCH

Chicago, Ill., July 3.—Frankie Parker, defending champion, and Betsy Grant, seeded No. 1, had no trouble Tuesday in the national clay court tennis tournament. Parker entered the fourth round with a 6-0, 6-2 win over Art Kaiser of Chicago; Grant beat Walter Haynes, 50-year old veteran who won the title in 1911, 9-7, 7-5, and beat Leonard Patterson, Los Angeles, 7-5, 6-3 to reach the quarter-finals.

TUXEDOES WIN AGAIN

Monday July 2, the Tuxedoes neatly tucked another victory under their belts, when they defeated the Sedgewick, Iowa team, 14 to 5, before a record crowd.

AMERICAN CREWS, SCULLERS TO RACE THAMES RIVER

HENLEY-ON THAMES, England.—The biggest representation of American crews and scullers ever gathered on the green banked Thames will take the water in the preliminary and first rounds of the classic Henley races.

Conditions were usually fast Tuesday night as the crews took their practice paddles over the mile and 550 yards course which is used as the standard distance for sprint races the world over. If there is a following breeze, records may be shattered.

The Kent (Conn.) school eight, defending the Thames challenge cup, faces the hardest test of any of the American crews in meeting Quintin club of London. Before the draw they were favored a probable final-

Primary. That decision was made after a thorough analysis of the records and a careful study of the statements made by those already filed seeking the Republican nomination for that office.

The rank and file of the Republican party should have an opportunity to vote for a candidate who is not self appointed, nor selected to represent that element of our party which two years ago sought to incorporate it and use the party for their own selfish ends. Our party should have a candidate who is not a rubber stamp for any group of individuals but one who will fearlessly and courageously represent all of Nebraska, all of the time, in the United States Senate.

Nebraska is primarily an agricultural state. If Nebraska is to prosper, the farmer must prosper. A candidate should be elected to represent the people of Nebraska who is thoroughly familiar with farming and who understands the farmers' problems. Such a background can only be gained by living in an agricultural community. The people of a farm state like Nebraska need a representative in Washington who believes in the farmer, a Senator who will preserve the farmers' markets and one who will see that a parity price is continued placing agriculture on a par with all other industry.

The setting up of codes in all forms of industry for both industry and labor, eliminates unfair trade practices and guarantees to labor a living wage and to industry a legitimate profit. Why has agriculture been left out of the picture? The industry of this state is agriculture. One who orders a beefsteak in a restaurant today pays a profit set up under the codes in turn to the restaurant keeper, the distributor, the wholesaler, the packer, the commission man, and to the railroads for transportation. The only one who is not guaranteed a profit is the farmer. We should either go back to the old axiom that "competition is the life of trade" or else the farmer should be guaranteed under a code the same privilege that is now guaranteed to all other forms of industry. Recently in the papers General Johnson said you couldn't pry the codes away from industry with a crow bar. The only recourse left then for the Nebraska farmers is to come together in a huge mass meeting and write codes for all branches of agriculture, fixing the price on their commodities guaranteeing a legitimate profit.

Mutual insurance of deposits is absolutely sound and should be continued that confidence be maintained serves have gone up all over the country and there isn't any question but that the mutual insurance of deposits has been responsible for the increase. The Mutual Insurance of Deposits Act is nothing more than the

BILLY LOVE EASY VICTOR

DES MOINES, Ia., July 3.—Billy Love, 133, Omaha welterweight, decisively outpointed Jess Akerman, 135, Des Moines, in the six round main event of a boxing show at River view Park here Tuesday night.

PARKER HAS EASY MATCH

Chicago, Ill., July 3.—Frankie Parker, defending champion, and Betsy Grant, seeded No. 1, had no trouble Tuesday in the national clay court tennis tournament. Parker entered the fourth round with a 6-0, 6-2 win over Art Kaiser of Chicago; Grant beat Walter Haynes, 50-year old veteran who won the title in 1911, 9-7, 7-5, and beat Leonard Patterson, Los Angeles, 7-5, 6-3 to reach the quarter-finals.

START 'EM OUT YOUNG

Looking back over the field of Omaha athletes, I have failed to find one that has begun his training young. I don't know whether it is the lack of proper facilities or are they just uninterested until later. The success of our best athletes has come from an early start. Take in the tennis world, Frankie Parker, when he was just 16 years old he could defeat some of the old veterans of the game. Even Omaha's own Tex Mahacek, of South High, got his try out with the St. Louis Browns last year at the age of 16. These boys are doing nothing unusual, it is a common occurrence (else where besides North Omaha). Maybe they are a little better than the average run, but that's not the point. They got the proper start at an early age.

As soon as our boys can tattle, in stead of taking up some sport that will build them up mentally, physically, and morally, they fall in line with the rest of the pool hall bums and so called slickers. I have seen some good athletes in the making go bad just that way.

Another thing is that they refuse to practice and stick to strict rules that are so necessary in making an athlete. In stead they would rather take their ability for granted and loaf somewhere in the shade.

Oh, yes you can start them out right but will they keep on going that way? I do give one group of younger credit for sticking together thus far and developing a pretty nice baseball team and in the winter a real basketball team. They are the Mid City Aces; Richard Brown, Earl Anderson, Fred Harrison, Pete Powell, William Wade and Herman Kemp. They have a good start. I hope they keep going that way. Of course, they are not up to par, but they'll pass.

We have a little better opportunity to help the little lads get the right start in the Mid City Community Center and its fine staff, use it.

Most ball players believe there are only so many hits in each piece of wood, consequently they object to lending their favorite bats because the borrower may use up some of the hits, evidently some of our sandlot players haven't ever had a favorite club to loan, according to their batting average.

farmers who built this country with funds that was made from the soil. It is doubtful if there has been a time when one in public life could be of more service to people in Nebraska than now. With the background of having lived in an agricultural
