

# WHY County Comm- ission- er Wil- liam Barber

Should Be Sheriff

At no time in the life of men are their lives and character, so closely looked-into as it is when they are seeking public office.

Tuesday, August 14, the people of this state will go to the polls to nominate men to conduct the affairs of the nation, state and county. There are 12,000 Negroes living in Omaha and Douglas county, whose civic security has been threatened in the past few years and is growing worse every day.

A man for the office of Sheriff of Douglas County is to be nominated at the primaries. This is the most important office in the county. Our life, liberty we have studied with great care and happiness is in the hands of the County Sheriff. Therefore the life and public record of Commissioner Barber and we present him as the most logical candidate for our people's support for this office. He is considerate, conservative, free from racial prejudice, unhampered by political promises.

A native of Ohio, the state, whose people are known for the sacrifice made in behalf of our people in conducting of the underground railroad, assisting thousands of our people to freedom; caused "Uncle Tom's Cabin" to be wrote, which brought about the Civil War, freeing four million black slaves. We, as citizens of Douglas County cannot afford to go on record, as refusing to give him our support.

If you wish to know how Mr. Barber, stood, on the employment of Negroes look at his record, while in charge of the Smelters. Mr. Rayfield Parker, a businessman at 2522 Lake street will tell you that more Negroes were employed at the Smelters, under Mr. Barber, than ever before or since.

The Negroes know how they are subjected to mistreatment at the hands of officers. No Negro is safe unless he is protected by a man of sound principle and high character. You will find that Commissioner Barber is such a man.

There has been some misrepresentation on this subject and we are placing this in the Omaha Guide that the Colored people may be correctly informed.

READER FOR JOHN F. ROHN

A vote for John F. Rohn for nomination for Governor on the Democratic ticket in primary, Tuesday, Aug. 14, is a vote for more jobs in the State institutions for the Negroes in the State of Nebraska, so says Mr. Wallace H. Wilson, campaign manager for Mr. J. P. Rohn's activities in Douglas County.

BILL GREEN, CANDIDATE FOR COUNTY SURVEYOR ENDORSED BY THE GOODFELLOWS CLUB OF 100

The good-fellows Club of 100 have made a check of the candidates for Public officers, having in mind at the time of the investigation to acquaint the voting public of the merits and qualifications of the respective Candidates.

Do you know that the three hundred positions are available in the County Surveyor's office. At the present time none of these positions are held by colored voters, caused by the fact, that during the past 18 years we have never had a colored man who has turned his back on us when it came time to fill these positions. Are we going to continue to support men, who do not give us representation. The time has come for the Colored Voters of Omaha to say No.

William (Bill) Green, has been fair in the past, and we can depend upon him in the future. Bill Green, during his 11 years as foreman of the Omaha Street Cleaning department, under Dean Noyes, had employed more colored employees, than any other Department of our city government. Not because they were colored, but because, as he says, they were dependable, and rendered efficient service.

Bill Green says "that if elected County Surveyor, he will continue the same policy of giving Colored voters their share of representation, and will be given jobs based upon our ability to perform them."

Such a fair statement reserves the support of every Colored Voter in the City and County. We the Goodfellows club of 100, urged our friends to vote and work for nomination and election of Bill Green for County Surveyor of Douglas County.

DWIGHT GRISWOLD TO  
SPEAK AT KRUG PARK  
AT "JUBILEE ANNIVERSARY" AUGUST 6TH

DWIGHT GRISWOLD

Dwight Griswold, who is leading the field for the Republican nomination for governor will speak at the "Jubilee Anniversary" Celebration at Krug Park August 6th, at 7 p. m.

Griswold is closing an intensive speaking campaign in which he has spoken in nearly 200 towns. That out-state Griswold is assured by the large crowds

that have attended his meetings.

Griswold was the Republican Candidate for Governor two years ago. In the campaign he visited 382 towns in the fall election by 157,000 votes, Griswold was defeated by only 35,000, or a difference of 122,000 in his voting strength. Because of the fight that he made two years ago against the overwhelming odds presented by the Roosevelt landslide, the Republicans tilted to the nomination this year. They also feel that the Republican party has been kept alive in this state, and will win this fall, because of his leadership and the fight he made two years ago.

Said Mr. Harley O. Parsons, Mr. Griswold's campaign manager: that "A pool of the State that has just been completed by the Nebraska Press Association indicates that Griswold should carry approximately every county in the State over his nearest rival, C. A. Sorensen of Lincoln. A pool taken by the Nebraska City News Press and by several private organizations also show Griswold in the lead on tstate.

Says Mr. John Benj. Horton, Jr., Editor and Owner of the Omaha Chronicle and close friend of Mr. Griswold: "The Jubilee Anniversary" celebration is fortunate in securing Dwight Griswold as one of its speakers, as everything points to him as the next Governor of Nebraska.
