LOWER HOUSE HEATING RATES PUT GAS HEAT WITHIN REACH HUNDEDS OF OMAHAHOM

Easy Monthly Payments on Heating Equipment simplify the Purchase

The July 1st reduction in gas rates automatically adds hundreds more Omaha homes to the list of those who can afford to heat with gas. Heating with gas is no longer a luxury, for low rates put it in a class where it competes

with other fuels in the matter of cost.

Even before the latest reduction in rates, five-room homes were being heated with gas for as little as \$90.00 for the entire season—proof that gas rates in Omaha have been extremely low before, and an indication of what Omaha users may expect under still lower rates.

FREE ESTIMATE OFFERED

A heating expert from the Utilities District will be glad to make a free survey of your home, and an accurate estimate of the cost of heating it with gas. You are not obligated by this in any way, and you'll be surprised at the low costs under the new, reduced

Easy terms are offered on your purchase of a gas furnace. A small down payment, only, is required, and you have two years to pay the balance, if you like.

NO LONGER AN EXPERIMENT

And heating with gas has gone far beyond the experimental stage, for 1100 homes in the city now use it. In your own block is probably at least one home-owner who has tried it thoroughly, and who can give you a fair, unbiased opinion of it. Ask him.

ASK ANY HEATING CONTRACTOR FOR A FREE ESTIMATE OR CALL ATlantic 5760

Latest reduction gives Omaha lowest manufactured Gas Rates in America

he second reduction in gas rates during 1934 will show on the gas bill which you receive on or after August 1. Together, the two cuts in rates will save \$139,000 a year on Omaha's gas bills.

But this means even more in terms of home comfort. It means that you can afford to use gas for more uses-not alone for cooking, but for automatic water heaters, for heating your home, for automatic gas refrigeration.

GAS FREELY! . IT'S CHEAP IN OMAHA!
