Race prejudice must go. The Fatherhood of God and the Brotherhood of Man must prevail. These are the only principles which will stand the acid test of good citizenship in time of peace, war and death.

(1) We must have our pro-rata of employment in businesses to which we give our patronage, such as grocery stores, laundries, furniture stores, department stores and coal companies, in fact every concern which we support. We must give our citizens the chance to live respectably. We are tired of educating our children and permitting them to remain economic slaves and enter into lives of shame.

(2) Our pro-rata of employment for the patronage to our public corporations such as railroad companies, the street car company, the Nebraska Power Company, the Northwestern Bell Telephone Company and other establishments which we are forced to support by right of franchise. Also our pro-rata of employment in return for the taxes we pay in our city, county state and federal government.

(3) To encourage the establishment of a first class hospital that we may get the best that there is in medical science from our doctors whom we know to be nearest us, also to encourage a high respect of them and encourage

(5) A one hundred per cent membership in the Omaha efforts put forth by the founders of the organization and a branch of the NAACP. should be had to encourage dollar endowment fund to maintain operating expenses and to assist the general office to establish a five million and to further the principles of the NAACP. All people of all races must be educated up to a higher principle and a more thorough understanding of interracial relationship that our country may in reality be a government of the people, for the people and by the people in whole and not in part.

(6) The re-establishment of the Christian Religion as Christ taught it, for the uplifting of mankind, eliminating financial and personal gain. A practical Christian Religion, week day as well as Sunday. An attitude toward our fellowman as a brother in order to establish a principle which will guide the destiny of each other's children; our neighbor's children today are our children tomorrow.

(7) Courteous treatment in all places of business and the enforcement of the State Civil Right Law.

(8) To encourage and assist in the establishment of the following financial institutions near 24th and Lake Streets: A building and loan association, a state bank, and also, a first-class trust company for the purpose of more of our girls to take nurse training, administering aid and assistance to our widows and children.

(9) To encourage the erection of a one hundred thousand dollar Young Men's Christian Association Building near 24th and Lake Streets.

(10) To enlarge the Young Women's Christian Association that it may supply sufficient dormitory accommodations.

(11) To teach our citizens to live economically within their earning capacity by printing in each issue a budget system for various salaries.

(12) To make Omaha a better city in which to live by inaugurating a more cosmopolitan spirit among our American citizens.

(1) Fight for a passage of the Dyer Anti-Lynch Bill and thus stop the shameful lynching of American citizens.

(2) One of our citizens in the president's cabinet.

(3) Federal control of the educational system that every child must have a high school education.

(4) Assist in the furtherance of research by our scientists and historians to prove that civilization was first founded in Africa.

(5) Establish a political influence which will bring about our pro-rata of higher appointments made by our making election day a legal holiday and compelling every American citizen of voting age to vote.

(6) Stop graft in politics by passing a Federal Law chief executives.

(7) Prevent further wars by teaching the so-called themselves about white supremacy with only three-tenths of the world's population. They must be taught that color is due to climatic conditions. They must be taught that seven-tenths of the world's population is made up of darker races. They must be taught that the rays of sun that blaze upon the equator and turn the skin brown do not affect the power of the brain any more than the coldness of icy glaciers affect the brain of the white race; and that the darker races will not continue to be crushed by a money mad few. If the Fatherhood of God and the Brotherhood of Man are not welded into the hearts of this world's family now, by teaching the principles laid down by our Saviour, it will be welded into the hearts of our children some day soon, on the bloodiest battlefields this world has ever known.

## The Household

By LYDIA LE BARON WALKER

THE problem of keeping your wardrobe up to date and when traveling or on a vacation, and at the same time not increasing expenses materially, is one which the suggestions given here should help to solve. Speed of the work is needed also. When garments are sent to be laundered, several days are generally required for the job. In the meantime you are minus clothes which may be much needed.

If there is space in trunk or large suitcase to pack a tourist's folding ironing board, and an electric iron, you can do most of the work yourself, that is if you are willing to expend the effort and take the precious moments away from actual vacationing. If not try cold water pressing to remove wrinkles. Put a paper on a table or bed, and over it lay two thicknesses of hand towel, or a bath towel.

Lay the article to be pressed smoothly on it, or in pleats according to the way the garment is made. With a damp piece of cloth (a clean handkerchief or a face cloth will do), rub the wrinkle gently until it disappears. The moisture will do the work quickly. Continue rubbing lightly until dry and smooth. Many wrinkles can be taken out in a few moments. Mussed places respond to this same treatment. Hang garments carefully on coat hangers being sure to have shoulders fitted smoothly over hangers.

Laundrying Handkerchiefs. Handkerchiefs can be laundered well by washing in cold water first, and then in hot preferably. Stretch smooth on any hard smooth surface. Window panes offer just the right surfaces but it is unwise to use them as they show from the outside, and objections will be raised. A mirror or the marble top of a wash stand or table, is excellent. The porcelain slab back of a bathtub—if you are so fortunate as to have a private bath—any of these places supply good surfaces. Stockings and wash gloves of all kinds can be kept spotlessly clean with very little labor. When worn they will stretch smooth. Fancy cuffs

to gloves can be carefully pressed and smoothed by rubbing as in cold water pressing. Then arrange smooth and flat and put under a weight. If a book or magazine is used for the weight, be sure to cover it well with paper, and place a sufficient thickness of dry white cloth (a thickness of towel for instance) over the gloves to absorb any dampness. Never use any but an old or cheap book. It is wise to have crinkly crepe night gowns, silk crepe of this sort can be bought, and gowns made of it also. These will launder beautifully and should never be ironed anyway. Glove silk lingerie is recommended for easiness of laundering at no extra cost.

Cherry Jelly.

(Any kind except wild cherry or chokecherry).  
3 cups (1½ pounds) juice  
6½ cups (2½ pounds) sugar  
1 bottle fruit pectin.  
To prepare juice, stem and crush about three pounds fully ripe cherries. Do not pit. Add one-half cup water, bring to a boil, cover, and simmer 10 minutes. (For stronger cherry flavor, add one-fourth teaspoon almond extract before pouring). Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard one-half minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about nine glasses.

## Care of Rubber Plant

When the lower leaves on a rubber plant turn yellow and drop off, it is not an indication that something is wrong with the plant. Whenever a rubber plant starts to send forth new top growth, it invariably loses its lower leaves. The rubber plant requires a soft made up of equal parts of soil, well rotted manure and good garden loam. In winter it should be kept in a fairly sunny place where the temperature remains around 65 degrees.

It must have a great deal of fresh air and be thoroughly watered every day. The foliage should be sprayed every week.

Once in eighteen months is often enough to transplant the rubber plant.

## Embroidered Napery

White tablecloths of wide plain linen without the satin finish sometimes today have beautiful embroidery, worked for borders, and center pieces. A late whim is to have cross stitch borders. Work it in white on heavy round thread linen counting the threads as in cross-stitch canvas. For a small luncheon cloth one border is sufficient, although three lend more distinction.

Randolph Calls Uppn A. P. of L. Convention to Back Wagner-Costigan Federal Anti-Lynching Bill

SAN FRANCISCO, Oct. 2 — The following resolution was introduced by A. Philip Randolph, National President of the Brotherhood of Sleeping Car Porters in the Fifty-Fourth Annual Convention of the American Federation of Labor, which opened in San Francisco, October 1st.

Whereas the lynching of human beings and mob law are a shame and disgrace to our American civilization, holding our country up to the ridicule and condemnation of the entire civilized world.

Whereas, nearly five thousand lynchings have occurred in the United States of America in the last fifty years, over one thousand of which were white people.

Whereas, lynching and mobocratic germs, like disease germs, know no color, race, nationality or religious lines, since history shows that wherever lynching becomes a custom that a black man may be the victim today, but a white man will be the victim tomorrow.

Whereas, mob and lynch law are on the increase, striking here and there at the heart of the labor movement and an unconstitutional form of government indicating the utter helplessness of individual states to cope with this crime against humanity.

Therefore, be it resolved, that the 54th annual convention of the American Federation of Labor assembled in San Francisco, herewith proclaim to the world its absolute and unequivocal condemnation of lynch and mob law, and call upon Congress and President Roosevelt to enact and execute the Costigan-Wagner Federal

Anti-Lynching Bill with a view to wiping out this shameful blot of barbarism from American soil.

Be it further resolved, that this resolution be sent to the members of the House of Representatives and Senators, urging them to back this

measure, and that a copy of the resolution also be sent to the following national organizations that are supporting the bill: Federal Council of Churches of Christ in America, National Student Council, Young Women's Christian Association, American Civil Liberties Union, Race Relations Committee, Society of Friends, National Urban League, National Association for the Advancement of
