# LET ATTORNEY JOHN ADAMS JR. BE YOUR SERVANT

COURAGEOUS

TRAINED

OUALIFIED

DEPENDABLE

Let's send Attorney John Adams Jr., to the legislature to be the servant of the people. We know him to be a clean, dependable, qualified and courageous young man. He is a graduate of the University of Nebraska, finishing a six year course in Arts and Sciences and Law, and has been very active in the civic and religious life of the community.

Mr. Adams is anxious that the Old Age Pension Law be amended so that it will really mean something to the old people of this great state. Mr. Adams also feels that the legislation requiring the merit system for state and local appointments will open up avenues of employment for our boys and girls who are graduating from the schools year by year with very little opportunity to use their talents. He also feels that members of school boards should be selected by districts.

Mr. Adams states, "that a man in public office is a servant of the people and should be willing to cooperate with and work for the best interest of the people."

We sincerely hope that you will give Mr. Adams your vote on November the sixth. You have until October the 26th to register if you are not registered at the present time.

Very truly yours, Robert Smith, Clerk of the District, Court., Rev. L. P. Bryant, pastor of St. John A. M. E. Church., The Young People's Republican Club.
