Why We Should All Support Bill Green

In going through this life we should all have good reasons for making known our thoughts and ideas.

Now let all of us keep these things in mind and vote for him on Nov. 6.

Jailed For Slander of Adventist Leader

The following statement was received by L. C. N. N. Hoyle, vice president of the United Methodist Episcopal Conference of Omaha, from New York City, Oct. 24: "Soaries arrested. Locked up for slander and criminal libel. Held in one thousand dollar cash bail."

R. L. Soaries, former vice president of the Conference, who has been directly or indirectly responsible for slander and criminal libel on the great leader, Elder J. K. Humphrey, was arrested and arrested for criminal libel and slander, and is being held under one thousand dollar cash bail in the New York jail.

BELIEVE IT OR NOT

BIRMINGHAM, Ala. (ANP)—The Hon. J. C. Robbins, work director for the Alabama Relief Administration in Coffee County, wishes to add the following story to the humor of the nation.

According to Mr. Robbins, he has had on work relief 350 colored men and women who were cheated out of the benefits of most of the education funds of the country when they were of school age.

The relief director got tired of all this Xing. He therefore obtained 350 pupils from the high schools and assigned one pupil as a teacher to each of the illiterates.

When the next pay day came, there were 350 signatures instead of 35 X's.

NRA HIGHLIGHTS FOR THE WEEK

NIRA UPHELD AGAIN The Bookbinders Trade Association of New York this week sought an injunction from Federal Judge Robert D. Patterson to prevent administration of the graphic arts code.

AUTO DEALERS LIKE THEIR CODE

A nationwide survey conducted by Automobile Topics finds that 80 per cent of the auto dealers of the country have already been benefited.

On the basis of the best facts available, Leon Henderson, NRA's chief economist, sees a substantial rise in business for the Fall and a less than usual slump during the remainder of the summer.

BERT MOORE'S COLUMN

HELLO FOLKS! Best wishes to all. Well, remember, I said last week not to be fooled by the beautiful weather we were having.

When persons are frightened, they are apt to emotional courts.

What I do is all that concerns me, not what some people think.

Even to candidates for State Senators who stand on down town street corners and talk to their former betters halves.

I held an interview with Detective T. Jenkins, enquiring about conditions in St. Paul, from where he had just returned with a prisoner.

What the secrets of most failures are—because they are not ready when opportunities come.

Things happen without rhyme or reason," says Bert Moore.

Things can happen in thirty seconds.

inhabitants. It is still referred to as God's Country.

To the Bradshaws, a prominent family of Topeka, Kansas, a baby boy was born. Owing to the condition of the new born child, it was necessary to use a pull motor.

At St. Louis, or there abouts, a child was born shortly after the sixth game of the World Series, when the teams were tied three and three.

A Republican Convention was knocking the New Deal. The Baron said, "How could some of the Republicans eat if it wasn't for the New Deal?"

I saw in the papers a few weeks ago where a prominent preacher said "The hot dog politicians must go."

So many people say that certain office holders are not good, but they didn't vote in order to keep them out of their offices.

One thing I noticed during the campaign is that the Republicans are riding the Democratic Mule.

Things happen without rhyme or reason," says Bert Moore.

Things can happen in thirty seconds.

HEAR GEORGE W. NORRIS FOR YOURSELF

HON. SENATOR GEORGE W. NORRIS North Omaha citizens will hear George W. Norris, November 3, time and place announced later, on "How to Cut Down Taxation and Increase Efficiency Without Interference by Big Interests in Our State Legislative Body."

VOTE FOR ONE-HOUSE LEGISLATURE

Proposal Is Sponsored By Senator Norris And Progressives of All Parties

TO THE VOTERS OF NEBRASKA When you go to the polls you will be handed a ballot on which the One House Legislation proposition will appear in the following form

330 YES "Proposed by Initiative Petition An amendment to the Constitution of Nebraska providing that beginning with the regular session of the legislature in 1937 the legislative authority of the state shall be vested in a legislature consisting of one house of not less than thirty nor more than fifty members.

VOTE "YES" The present two-house legislative system is an historical accident.

The structure of our state legislatures was carried over from the make-up of the colonial legislative bodies as they existed in 1776.

No good reason now exists for continuing this slavish imitation of an ancient English legislative system now in effect discarded even by England itself.

Adoption of the one-house Legislature proposal will result in the following advantages:

1. The jealousy, friction, and rivalry between the two houses, which often results in deadlocks and the defeat of constructive legislation, will be eliminated by a one-house legislature.

ASBURY PARK, N. J.—(ANP)—City officials announced this week the distribution of the funds thus far collected from admission fees to view the wreck of the Morro Castle, and colored citizens of the seashore resort were delighted to learn that \$1,500 had been set aside definitely for improvement of the Negro community.

Plans have been under way for some time, under the leadership of Paul Prayer, local business man, to establish a branch of the National Urban League which will serve as a center and guiding influence for programs of racial betterment for colored citizens of Asbury Park.

JUNE EMPLOYMENT

Labor disturbances and seasonal factors were responsible for a decrease in factory employment of 1 per cent, compared with May, and pay rolls decreased 3.1 per cent.

STUDY GUIDE REPRINTED

Less than six weeks ago, NRA published "What is the NRA?"—A Guide for Study and Discussion.

The New York Times says: "Study groups and community forums which plan next fall to delve into the intricacies of the NRA may cease their worries over outlines and procedure.

HANDICAPPED WORKERS

In line with its consistent policy to avoid undue hardships to any group, NRA appointed a special commission to study the effects of codes upon the employment of the physically or mentally handicapped.
