\$52,000 FUND CREATED

New York, Aug. 7, (ANP)—The National Urban League announced Wednesday that the executive board had created a \$52,000 Fellowship Fund which will be known as the Ruth Standish Baldwin Fellowship Fund.

The Fund is to be raised as a feature of the 25th Anniversary of the National Urban League which will be commemorated this fall.

The huge number of applications for Urban League fellowships each year from young college graduates of high standing prompted the Urban League to create these additional scholarships in order to be able to aid a larger number of deserving young men and women desirous of entering the field of social work.

This year 165 fellowship examinations were given, and the few fellowships available indicate that there is a great need for larger funds in order to meet the demand.

Notice, Subscribers: If you don't get your paper by Saturday, 2 p. m., call Webster 1750. No reduction in subscriptions unless request is complied with.

Nazi Press Features Lynshing

New York, Aug. 2—Photographs of the lynched body of Rubin Stacy, who was killed by a mob at Fort Lauderdale, Fla., on July 19, are being featured in German newspapers, according to dispatches received here this week, as an answer to protests from the United States against the persecution in Germany of Jews, Catholics, Communists and War veterans. The finger of scorn is being pointed at the United States with sharp editorial comment to the effect that America should clean its own house before it attempts to tell other nations how they should manage their affairs.

Photographs of the lynching of Claude Neal and the report of the N. A. A. C. P. investigation of that lynching are being published in newspapers throughout the world. Clippings of newspapers and magazine articles of editorial comment on the Claude Neal and other lynchings are being constantly received by the N. A. A. C. P. As far as its means will permit, the N. A. A. C. P. plans to continue its campaign of publicizing throughout the world the treatment of the Negro in the United States. It hopes to be able to extend this publicity both in its appeal to world opinion for its effect upon the status of the Negro in the United States, and because of the increasingly international importance of the race problems.

Senator William H. King of Utah, who recently denounced Nazi persecution of Jews and Catholics and who has introduced in the United States Senate a resolution for an investigation of conditions in Germany, has been asked by the N. A. A. C. P. what he proposes to do about lynching. Senator King was one of the senators who voted consistently for adjournment during the recent filibuster against the Costigan-Wagner anti-lynching bill. The N. A. A. C. P. sharply queries Senator King regarding the "apparent conflict between your solicitude for oppressed peoples in Germany and your indifference if not hostility, to efforts to end equally barbarous practices in our own country." Senator King was asked, "Can you explain how America can with good grace protest against what is happening in Germany or anywhere else outside of the United States, as long as we do nothing about lynchings in

our own country?" and he is reminded that, terrible as conditions are in Germany, that country "has not yet sunk to our own level of burning human beings at the stake and inflicting unbelievably sadistic torture upon their victims, as is done in our own country."

TENTH LYNCHING OF YEAR DEMAND PASSAGE OF THE COSTIGAN-WAGNER BILL

Roosevelt Asked by N. A. A. C. P. to Urge Congress to Pass Anti-Lynching Bill Before Adjournment; Senator Bailey of North Carolina Challenged to Prove that State Can Prevent Lynchings Without Federal Aid.

New York, July 31.—The lynching of Govan Ward at Lousburg, North Carolina, yesterday caused the sending of the following telegrams to President Roosevelt and Senator Josiah W. Bailey, of North Carolina, today by the National Association for the Advancement of Colored People. The telegram to President Roosevelt read:

"The tenth lynching of 1935 occurred at Lousburg, North Carolina, yesterday when a man, alleged to be insane, was put to death in the State of Senator Josiah W. Bailey, one of the most vociferous leaders of the filibuster against the Costigan-Wagner anti-lynching bill. This is the fifth lynching since the filibusters succeeded in sidetracking the anti-lynching bill. Should Congress adjourn without acting against lynching it is probable and almost certain that human beings now alive will fall victims to mobs. Situation necessitates your urging upon Congress that it act without delay to pass Costigan-Wagner bill. Our country cannot with good grace denounce barbarism in Nazi Germany as long as these mob outrages disgrace America."

The telegram to Senator Bailey, one of the leaders in the filibuster which sidetracked the Costigan-Wagner bill in April, though 59 Senators were pledged to vote for the bill, read:

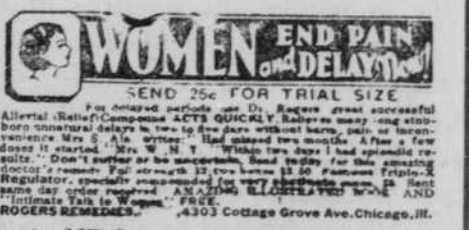

"On April 26 you vigorously attacked the Costigan-Wagner anti-lynching bill and asserted that 'we need no incentive to do our duty' in preventing lynching or punishing lynchings. Yesterday a mob in your own State, at Lousburg, presented you and the State of North Carolina with a challenge to prove the truth of your statement of April 26. Many white citizens of North Carolina do not believe that lynching can be stopped except by federal action. The eyes of the world will be upon you and your State to see if you spoke truthfully when you filibustered against the Costigan-Wagner bill."

Mrs. Gertrude Galloway returned Tuesday from a short business trip in Kansas City, Mo.
