N. A. A. C. P. Accuses Senator Bailey Of Lying

Washington, August 23—Senator Josiah W. Bailey, of North Carolina, one of the leaders in the filibuster against the Costigan-Wagner anti-lynching bill, was charged today by Walter White, Secretary of the N. A. A. C. P., of deliberate distortion of the facts regarding the lynching of Govan Ward of Louisville, N. C., on July 30th. The controversy is one of the most acrimonious of the present session of Congress and reveals according to informed observers here, how deeply opposition, even in the South, to the filibuster is getting under the skins of Bailey and other Southern Senators.

TOOK OFF 17 LBS. OF UGLY FAT
HEEDED DOCTOR'S ADVICE
Mrs. Robert Hickey, Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."
Mrs. Hickey paid no attention to gossipers who said there was no safe way to reduce. She wisely followed her doctor's advice. Why don't you?
Get a jar of Kruschen today (lasts weeks and costs but a trifle). Simply take half teaspoonful in cup of hot water every morning. All details.

The N. A. A. C. P. Secretary charges Senator Bailey with lying unless his State can and does apprehend and punish Ward's lynchers. The full text of Senator Bailey's letter and of Mr. White's reply are:

August 15, 1935
"I have your wire of July 31st. "I did assert that the people of the United States need no incentive by way of Federal interference to prevent lynching. I did assert that there had been more improvements in the reduction of the number of these crimes than in the number of the reduction of any other crimes whatsoever. These statistics were supplied by the Tuskegee Institute and are not to be questioned. I do not think Federal action would have the slightest thing to do with the stopping of lynching. I shall resist the Costigan-Wagner bill as often as it comes up and it makes no difference whatever to me that the eyes of the world will be upon me and my State to see if I spoke truthfully and I need no reminder from you on this subject. I have nothing but contempt for your suggestion that I have spoken other than truthfully, and you know that you are lying when you undertake to make it appear that there has not been a very great reduction in lynchings throughout the country and in the South and in my State the past forty years. You have the facts before you. The idea of invoking the Federal power to prevent a crime, the number of which committed in the country is less than fifteen in a year, is an absurdity upon its face. I understand very well what your organization is up to and I do not hesitate to say that so far from advancing the interest of the race, it is doing as much as anything to keep the race race-conscious and in a condition of unrest."
"I do not want any more wires from you or any communications. You ought to go out and make an honest living instead of trying to attend to other people's business and taking up collections from people who are deluded by the folly which you put forward."

Very truly yours
(Signed) J. W. Bailey,
August 21, 1935
"My Dear Senator Bailey"
"Had I not with my own eyes and ears observed the hysterical bitterness you displayed in filibustering against the Costigan-Wagner anti-lynching bill, I should have been unable to believe that a member of a solemnly deliberative body like the United States Senate could have deliberately distorted the plain English language as you have distorted my telegram of July 31st in your reply to me of August 15th. My telegram to you regarding the Louisville, North Carolina, lynching of Govan Ward on July 30th read:
"On April 26 you vigorously attacked the Costigan-Wagner anti-lynching bill and asserted that 'we need no incentive to do our duty' in preventing lynching or punishing lynchings.' Yesterday a mob in your own State at Louisville, presented you and the State of North Carolina with a challenge to prove the truth of your statement of April 26. Thoughtful Americans, including many white citizens of North Carolina, do not believe that lynching can be stopped except by Federal action. The eyes of the world will be upon you and your State to see if you spoke truthfully when you filibustered against the Costigan-Wagner bill."
"No statement is made therein as to whether or not lynchings are decreasing, increasing or remaining the same. Can it be that the reason you failed to answer my direct question as to what you and the State of North Carolina plan to do to bring the Louisville lynchings to justice is because you know that neither you nor your State plans to do anything. The plain question is this: What do you intend to do to make good your boast that North Carolina needs no Federal or outside help to apprehend, convict and punish any and all persons who commit or participate in a lynching in North Carolina? The question as to whether or not you told the truth in the filibuster is not going to be answered in any other fashion except by the apprehension and punishment of the Louisville lynchings. If they are punished, then that action and it alone will proclaim to the world that you told the truth. Likewise, failure to punish the Louisville lynchings will prove that you did not tell the truth, and there is no escaping that fact through hysterical statements such as contained in your letter of August 15th."
"I note your letter of August 15th states that you desire no further communications from me. It is not difficult to appreciate your wish to have the last word on this lynching which must humiliate and embarrass you in spite of your self-righteous attitude."
"I note further your statement that 'it makes no difference whatever to me that the eyes of the world will be upon me and my State to see if I spoke truthfully.' Is it beyond your comprehension to realize that the time has long since passed when territorial subdivisions, whether they be nations or states, can ignore what the outside world thinks? Not even the most notorious European dictators dare be so arrogant."
"My comment on your remarks about 'earning an honest living' is that I prefer my own means of earning a livelihood from an Association

to which contributions are wholly voluntary, to your own where you draw a salary from public funds raised through the taxation of Negroes as well as white citizens, yet utilize that position to prevent effective action against that bestial and un-Christian crime of lynching which President Roosevelt has rightly termed 'that vile form of collective murder.'
"Perhaps even you have learned by now that the leading newspapers of your own state, and thoughtful North Carolinians of both races, not only do not approve of your attitude but heartily disapprove your participation in the filibuster to prevent even an honest debate and vote upon the Costigan-Wagner anti-lynching bill. I have too much respect for the integrity and intelligence of the large and constantly growing number of decent citizens of North Carolina not to feel confident that they will resist your threat to filibuster against Federal anti-lynching legislation 'as often as it comes up.' Do you not realize, my dear Senator Bailey, that the world is moving forward and that the growing number of intelligent people, especially younger ones, will not countenance your continued efforts to block action to eliminate bestial mob violence from our national life?"
"Ever sincerely,
"(Signed) Walter White"
"Secretary"

The N. A. A. C. P. also sent the following clipping to Senator Bailey from the (Decatur HERALD, Decatur, Ill., August 2, 1935):
IN THE STATE TRADITION
Most recent of lynchings in the United States is that one reported from the state of North Carolina. The news must have surprised some readers who know that North Carolina has been in many respects the most enlightened and civilized of all southern states.
Only a week before this lynching, however, another news story had come out of North Carolina, the significance of which may have been overlooked. Some officials of a state prison there were brought to trial. It was testified that they had claimed Negro prisoners in unheated rooms in winter, leaving them until their feet were frozen off. A North Carolina jury, after hearing this testimony, decided that the prison officials responsible were guilty of no crime and might return to their work, in which they had proved such efficiency.

In a state of civilization that approves this sort of procedure, lynching quite naturally may be looked upon as the more humane method of dealing with persons suspected of crime.

Ethiopia; Soviet Union

Continued From Page 1
Somaliland and Eritrea, Italian colonies bordering on Ethiopia. Daily, Mussolini is strengthening his huge military machine in East Africa.
Lack of water, heat and deadly tropical diseases are playing havoc with the Italian expedition in Africa. It is reported that there are more than 30,000 casualties among the Italian troops due to these conditions. It is nevertheless clear, however, that the matchless courage and bravery of the ill-equipped Ethiopians, cannot offset the modern warfare of Italy backed by world imperialism, including France, England and America.
World-Wide Ethiopia Defense Movement
While Litvinoff has been using the League of Nations to delay Duce's war plans, a world-wide "Hands Off Ethiopia" defense movement has been gaining momentum. In stirring words, the Committee Congress (meeting of representatives of all the Communist parties of the world) has issued a call to the toilers of all nations, races and creeds to halt the advance of Italian fascism into Ethiopia. The Communist Party of Italy is leading a huge anti-war, anti-fascist movement right under Mussolini's nose.
In colonial Africa, the Natives are aroused against the threatened enslavement of their brothers in Ethiopia. The efforts of English and French Imperialism to form last minute obstacles to the war, are due to serious uprisings which the brewing among their own African colonial possessions. They fear the loss of their own African colonial empires.
In America, the Negro masses and white workers are seething with resentment to Mussolini's plans. The Italian people in New York have shown their solidarity with the Negro people in the huge August 3rd Demonstration. Similar demonstrations are taking place throughout the country.
A conference has been called in Harlem by the Provisional Committee for the Defense of Ethiopia, a united group of 36 organizations, to map further plans for the defense of Ethiopia. In this group are the Universal Negro Improvement Association, the Communist Party, the League of Struggle for Negro rights, the Elks and other mass organizations.
Mussolini, faced by the inability of Italian fascism to solve the deepening crisis at home, drives ahead to war. Only one force can stop him—can save Ethiopia—that is the united action of black, brown, white and yellow anti-fascists and peace lovers all over the world. Demonstrations, protests, resolutions, delegations, petitions must have as their goal "Hands Off Ethiopia".

Prominent Civic Leader to Run On Labor Ticket
NEW YORK—(CNA)—Mrs. Gertrude Chaney, prominent civic leader in Queens, will run as a united labor candidate for alderman of the 58th district in Queens, New York. United Labor candidates in this district will run under the emblem of the Independent Citizens Party on a program of equal opportunities for the Negro residents of Queens.
Mrs. Chaney was one of the leaders of the Committee for Equal Opportunities in Queens, a Negro and white group which forced the appointment of Negro physicians in the Queens General hospital.
The Communist Party of Queens withdrew its candidate, Charles Archer, in favor of Mrs. Chaney. It urged all its members and followers to support Mrs. Chaney.
