H. L. P.—I am ashamed to go out because I don't know how to dance and I just can't afford to secure an instructor. What should I do?

Ans: The next dance that you are invited to just swallow your pride and go ahead. When you are asked to dance get up and try. When you get home you won't need an instructor. It is revealed to me that you will have no trouble whatever learning to dance.

L. E. C.—Will I ever get rid of the pain under my heart?

Ans: I am happy to see that I see a change in your health—Your doctor understands your case perfectly when he says that your NERVES are responsible for this pain. If you will cooperate with your doctor and try to control yourself, you will soon get over the nervous indigestion.

S. N. R.—When I was in the hospital I asked you if I would pass my grade and you told me yes and I did. Please tell me what you foresee concerning my friend and myself. I certainly do love to read your column.

Ans: My crystal reveals you and your friend C. J. as being friends for a long time—however, your love will become more or less a brotherly and sisterly affection. I get the impression that you will marry a man much older than yourself.

N. E. B.—What do you predict concerning my wife and myself?

Ans: A RECONCILIATION will take place in the year of 1937. At this time your wife does not think that she still loves you but she is not the least bit happy.

S. A. H.—Am I doing the wrong thing? What do you advise?

Ans: In the eyes of your mother you are doing the wrong thing—she does not think that the young man that you have chosen for a boy friend is quite good enough for you. It would make her very happy if you would give him up and go with someone in your own class and social position.

M. W.—Did someone poison my little dog?

Ans: I cannot contact anyone harming your little pet—it seems that his death was a NATURAL ONE. Get another pup and try to stop brooding over this little fellow.

V. Y.—Will I succeed in school this year?

Ans: You will get by, but by the Skin of your Teeth—you will find the HIGH SCHOOL WORK entirely different from the Lower Grades and you may as well realize that you will have to work. If you study hard the first few months you won't have much difficulty.

J. Z. C.—Who is it that is doing the dirty work around my house?

Ans: The dirty work doesn't amount to anything—however, your neighbor on the right side of your house is THROWING POWDER in your yard to try and scare you off. You could live there fifty more years and this powder would not harm you.

N. B. S.—I am passionately in love with a girl who promised to wait two years for me and has waited one year and now she tells me that she will not marry anyone. What is the reason?

Ans: It is only a temporary feeling that this girl is experiencing. She feels that she has too much RESPONSIBILITY to get married. It is revealed to me that you and this girl will enter matrimony within the next year and live very very happy together.

W. R.—My heart is breaking and I don't think I can stand it much longer please answer me as soon as possible about my case?

Ans: It is very fortunate that the man that you are in love with is secretly in love with you also—it is best that you do not make this known until he is free. If you desire a more personal reading you may send a quarter for my new Astrology reading.

E. P. J.—Will my friend and I be successful with our work.

Ans: I get the impression that you and your friend will be very successful with the CHURCH WORK that you are planning on entering into. Work of this kind will hold your interest and you will be bound to make good.

U. S. Linked To Italian Fascism

'Wall Street' Has Huge Investments in Italian Government.

Washington, D. C., (Special to CNA)—Although Congress recently passed a "neutrality" law designed to keep the United States out of the almost certain Italo-Ethiopian war, it is known that the investments of Wall Street in Italian fascism are so heavy that the United States will doubtless have to aid Italy to protect American capitalists.

U. S. Capital in Italy.

The latest reports of the Labor Research Association in New York City, after making a careful study of the economic connections between Wall Street and Italian fascism, size up the situation as follows:

"American capitalists, particularly J. P. MORGAN AND CO., have a personal interest in the war which Italy is preparing to wage against Ethiopia. Between 1920 and 1930 J. P. Morgan underwrote Italian government and government-guaranteed bonds totalling \$112,000,000, and sold them to the American investing class. Morgan and other financial interests in the United States also have a stake in Italian utilities, banks, automobile manufacture, war and other industries.

Private long-term investments (short-term loans are not publicly reported) of United States capital in Italy (as of 1930) were as follows:

Direct investments of American corporations in Italy	\$121,200,000
Loans to Italian government, including states and cities	142,900,000
Loans to Italian corporations: government-guaranteed	28,400,000
private	108,600,000
	\$401,100,000

J. P. Morgan and Co. Investments

In the following list of Italian bonds issued and outstanding in the United States, the bonds known to have been floated by J. P. MORGAN AND CO., are so indicated:

King of Italy (Morgan)	\$100,000,000
City of Milan	30,000,000
City of Rome	30,000,000
Mortgage Bank of Venetian Prov.	5,000,000
Adriatic Elec. Co.	5,000,000
Ercole Marelli Elec. Mfg. Co.	2,500,000
Ernesto Breda Co. (Locomotives)	5,000,000
Fiat (Automobile) (Morgan)	10,000,000
International Pow. Securities Corp.	31,000,000
Isarco Hydro-Electric Co.	5,000,000
Isotta Fraschini (Mot. cars, marine and aviation eng.)	1,750,000
Italian Credit Consortium for Pub. Wks. Morg.)	12,000,000
Italian Public Util. Credit Institute	20,000,000
Italian Superpower Corp. (Morgan)	22,250,000
Lombard Elec. Co.	10,000,000
Meridionale Elec. Co.	11,950,500
"Montecatini" cop-mines and chem.)	10,000,000
Piedmont Hydro-Electric Co.	10,000,000
Pirelli Co. of Italy (electric cables, rub. tires) (Morg.)	4,000,000
Terni (utilities)	12,000,000
United Electric Service Co.	6,000,000

It is no wonder that Wall Street actively supports the fascist government set-up as the last bulwark of capitalism in this period of crisis, war and revolution.

Mr. L. L. McVay has gone to Denver to join his wife who has been visiting her mother for the past five weeks.

Girl 18 Wants to Quit School and Work—Lure of Nice Clothes and Good Time—Father Objects—Father is Right—Go on to School, Josie Decker, World Will Judge by What's in Head Rather Than by What's on the Back.

Maxie Miller: I am 18 and have one more year in high school. I have an offer of a good job and I want to quit school. My folks are poor and I need so many things. I am ashamed of my clothes, too. My parents won't hear to my plans and I wonder what I am to do. Dad says if I quit school, I'll have to leave his house. I wonder what I ought to do about it.—Josie Decker.

Josie Decker: If you do as you are inclined to do you will ruin your future. Better stay in school. The world will judge you by what is in your head rather than by the clothes on your back. Remember the old saying, "Fine feathers do not make fine birds." Then, Josie Decker, if you throw away this opportunity your father will have some grounds for such drastic action. Why should he sacrifice further when you are not interested? Better finish school, now.—Maxie Miller.

Strikes And Boycotts Threaten Mussolini's War Plans

British and European Workers May Refuse to Handle War Supplies Consigned to Italy.

Paris, (CNA)—World wide general strikes and labor boycotts may take place if Mussolini proceeds with his robber war against Ethiopia.

Already labor leaders in Great Britain and on the European continent are considering joint action by general strikes and boycotts.

Such a course of action will be reviewed by the Trade Union Congress to be held at Margate this week. Labor will undoubtedly take the form of strikes against handling war supplies consigned to Italy.

Greek Communists Active.

Led by the Communist Party of Greece, the Greek workers have recently refused to load Italian ships with ammunition for the Ethiopian war.

The Comintern Congress which closed last week in Moscow, called upon workers of all nations to halt shipments of munitions for the use of Italian fascism against Ethiopia.

Fascist Italy's threatened seizure of Ethiopia has aroused a wave of anti Fascist sentiment throughout the laboring class all over the world.

Ethiopian Tribe Conquers Lions With Daggers

Emperor Selassie Digs Up Secret Arms.

Addis Ababa, Ethiopia, (CNA)—An Ethiopian tribe that lives on raw rhinoceros meat and never uses campfires has just been supplied with modern arms by Emperor Haile Selassie, to supplement their own tribal weapons.

This tribe, known as the Gallas, are the fiercest warriors in all Ethiopia. Their only shelter is a heavy sheepskin cape, which serves as a raincoat, tent, bed and a score of other uses.

Born Cavalrymen. The Gallas were "born on a horse" and are among the ablest natural horsemen in the world. They hunt lions and the most ferocious and largest wild beasts with mere daggers.

The courage and skill of the Gallas will make them among the most formidable of the Ethiopian defense forces.

Secretly Hidden Arms.

It is reported that Emperor Haile Selassie has opened up secret arsenals of weapons which were used by King Menelik when the Italians were defeated by Ethiopia at the Battle of Adowa in 1896. Despite this fact, it is known that the Ethiopians are badly in need of modern arms.

The embargo placed on arms by the United States and European Imperialist nations, will aid Mussolini since Italy can obtain an endless supply of arms through her own manufacture while Ethiopia, being without modern arms, factories cannot manufacture her own weapons, and cannot secure them from other nations.

Alabama Passes Law "To Meet Scottsboro Decision"

Montgomery, Ala., (CNA)—The Welch bill, designed "to meet the situation" arising from the second decision of the United States Supreme Court in the Scottsboro case, today passed the Senate.

The bill provides in words for the immediate refilling of the State's jury boxes to meet the ruling in the Supreme Court's reversal of the lynch verdicts against Haywood Patterson and Clarence Norris.

The jury commissioners in the various Alabama counties have failed to comply with Klan Governor Graves' "suggestion" transmitted many months ago, that jury boxes be emptied and be refilled in compliance with the Supreme Court decision.

To date the only county that has made a move in this direction is Jefferson County (Birmingham) where the jury commissioners recently announced that they were inserting the names of "at least 2,000" Negroes on the jury roll.

BOY SCOUTS

The members of troop 83, So. Omaha, have returned from a very pleasant vacation, and have taken up interesting handicraft projects, such as, weaving, soap carving and woodcraft. They are being supervised by Ralph Alexander and Davey Stuart, assistant scout master. Meeting was held at Highland School on Monday.

Roscoe Alston.

Doctor? Lawyer? Merchant?
 You can't tell what a baby is going to do in life just by looking at it.

Few people who looked at the first telephone in 1876 could foresee that it would grow into a nation-wide communication system that would be used millions of times every day. Those who did, formed an organization to "bring up" the baby telephone. That organization is the Bell System.

In this System, the American Telephone and Telegraph Company and 24 Associated Companies, such as the Northwestern Bell Telephone Company, are the operating units.

The American Company, parent company of the System, coordinates their activities and operates the long distance lines that join these companies to form a nation-wide network. The Bell Telephone Laboratories develop high-grade standardized equipment and the Western Electric Company manufactures it.
