

METROPOLITAN SPIRITUAL CHURCH

Sunday was a great day at Metropolitan. Our hearts rejoiced when our pastor spoke to us on "Ye must be born again." The delegation which attended the National Congress, reported a wonderful session.

Among the appointments made by the Bishop, were: our pastor, Rev. R. W. Johnson, National evangelist and presiding elder of the Northwestern district; Mrs. J. B. Crumley, State Mother; Mrs. Ollie Forrest, District Mother; Mrs. A. G. Arnold, Asst. District Mother and Miss Catherine Redd, State President of the Spiritual Union. All members are asked to be present Sunday morning as a very interesting program will be presented.

Rev. R. W. Johnson, Pastor. Georgia Peoples, Reporter.

PLEASANT GREEN BAPTIST CHURCH

Rev. P. J. Price, Pastor. Rev. Price was at church Sunday for the first time since he was in an automobile accident. We were glad to have him back with us. Rev. Roman, of Mason City, Iowa, preached.

GIFT OFFER OF DIONNE QUINTUPLETS BOWL

ANNOUNCEMENT was made today of a special gift offer which should interest everybody in the world except those few people who may never have heard of the Dionne Quintuplets. The article offered is the Dionne Quintuplets Birthday Bowl, a cereal bowl created in honor of the five famous babies. It is six inches in diameter and made of lifetime chromium. It is smartly modern in design and is embossed inside with a delightful sculpture of the "Quins," whose names are engraved on the rim. As a child's cereal bowl it is ideal, and also makes an attractive bon-bon dish or olive and celery dish.

This charming and useful gift will be sent to any reader who sends two Quaker's or Mother's Oats trademarks, plus ten cents to help cover special postage and handling charges, to The Quaker Oats Company, P. O. Box 1, Chicago.

THE TOWNSEND OLD AGE PENSION PLAN

FRIENDS: The Townsend Plan, the entire amount of the pension about which you have heard so much to him, but also that portion much, has become the daily topic of his own income which completes conversation amongst millions of the total of \$200 per month. Americans. This is more than an There are ten-million three hundred age pension proposal, as the dred thousand people of the age of Townsend Plan is truly a recovery plan whereby we may all get back to normal and decent standards of living.

The malady afflicting the country today is an almost total loss of buying power on the part of the general public. It is peculiar in that this is the first time in the history of our development as a nation that we did not have new lands, new mines, new forests, and other raw resources to absorb the idle workers, thus assuring a comparatively speedy recovery following our business slumps.

Today there are no good farm lands unappropriated. The output of the mines is already greater than we can absorb. There is no use to find and open more. Without new domestic and foreign markets our lumbering operations cannot proceed. The supply on hand of the finished product is more than we need with our present buying power.

Over-production on the part of those who turn out the finished product, because they find no ability on the part of the public to buy; under-consumption by the people for exactly the same reason—lack of ability to buy. As a sequence, general business stagnation, enforced idleness; nearly half the population leading a hand-to-mouth existence, unable to produce, unable to subsist without the aid of charity and constantly becoming a greater burden on our government and on the shoulders of those upon whom the load of charity falls.

Our natural resources are as great as ever; there are as many willing hands to do the work; the facilities for turning out the finished products are the best that civilized man has yet produced; there is as much money in existence. Why the stagnation—where is the missing link in the chain of distribution? The answer is obvious. MONEY DOES NOT CIRCULATE. It stagnates in bank vaults and treasuries. The general public that creates all markets do not have access to it, and no market for their goods. Banks cannot loan to people who have no security nor to factories that have no market for their goods. Banks lose money. They have no income from loans. Thus the vicious round of stagnation is made complete.

Buying power must be restored to the general public before this deadlock can be broken. Throwing out gigantic scoops of money from the national treasury into spots where destitution seems most intense is but to temporize with the emergency. A system of circulating money must be set up. Dependable legal machinery must be devised that will keep this money circulating after it is set going. This is a true and natural function of government that has never been called into being. It will have to be done or, like former civilizations, we shall perish.

How Can You Help? Organize a Townsend Club in YOUR community. These are being formed in all sections of the United States. This movement is essentially a people's movement, and is not backed by any special organization or interests. For full particulars address, the National Organization Department of Old Age Revolving Pensions, Ltd., a non-profit California corporation, the sole purpose of which is the securing of the enactment of this legislation.

NATIONAL HEADQUARTERS, 200 Spring Arcade Building, Los Angeles, Cal. Our official publication is the TOWNSEND WEEKLY, giving accurate, up-to-date information regarding this movement. Subscription rate, \$2.00 per year; \$1.00 for six months. Apply at The Townsend Weekly, 311 Spring Arcade Bldg., Los Angeles, Cal.

THE TOWNSEND PLAN OF OLD AGE REVOLVING PENSIONS calls upon the national government to assume this function: the function of starting and maintaining the circulation of a large amount of actual money throughout the entire nation fairly distributed as to population, benefiting all classes alike. It demands the passage of a national law that will permit every CITIZEN, male or female, who has attained the age of sixty years or over and who is not an habitual criminal, to apply for and to receive a pension not to exceed \$200 per month until death, upon the conditions that he take oath to spend for commodities or services the entire amount of the pension within the confines of the United States during the current month in which it is received, and shall refrain from all remuneration or productive labor or occupation.

It provides that persons having an independent net income of \$2,400 per year, or more, are not eligible to receive the pension. In cases where persons otherwise eligible have a net income from other sources of less than \$2,400 per year, they shall be given sufficient from the pension fund to raise their income to \$2,400 per year.

How Would We Pay The Cost? Simultaneously it demands a law establishing a Federal transaction tax. Leading economists and statisticians state that the annual transactions in this country will sweep up to the 1929 figure of twelve hundred billion dollars a year. Two per cent of that amount will give us the needed income to pay for the pensions. It is, in the new bill supplemented through the imposition of a two per cent tax on all inheritances and gifts in excess of \$500 and a one-tenth per cent increase in present income tax levies. And who would object to paying these equitably imposed taxes as a guarantee for leisure and happiness in old age as well as opportunity and work for the youth of our land?

The Plan stipulates, furthermore, that the recipient must spend, during the month it is received, for commodities and services, not only
