War Inconceivable In Europe Says Frank Kellogg

New York, Oct. 5.—(ANP)—A European war is inconceivable, says Frank B. Kellogg, former secretary of state and co-author of the Kellogg-Briand peace pact, whose resignation as a world court judge was announced last Monday.

"Europe hasn't forgotten the last war," Kellogg declared. "There is more talk about war in this country than in all the newspapers of Europe." He asserted his resignation from the world court had nothing to do with the Italo-Ethiopian situation.

Fees Eat Up Assets Of Chicago Bank

Chicago, Oct. 5.—(ANP)—Although depositors, the majority of them Negroes, have never received a "dividend", Master-in-Chancery Louis J. Behan, attorney for the receiver of the Roosevelt-Bankers State Bank on 47th street, has collected \$15,000 in fees, investigations disclosed this week. In addition, some \$59,000 has been spent here for "clerk hire and miscellaneous expense" since the bank closed five years ago.

When the bank closed, depositors were owed \$1,268,300.79. Although nothing has been paid to depositors, the bank's remaining assets after five years of receivership have a current book value of only \$801,626.63.

SHARPS AND FLATS AMONG THE MUSICIANS

Ted Summett of the J. B. Cavern, always has the latest thing in steel guitars. He now has the newest invention, a very small guitar that is attached to a P. A. system, which carries its softest tones above all other instruments and can be heard in any large hall. So you see Ted is quite up to date. I guess some of the other 'Cats' will be buying new instruments now.

I wonder what the S. H. musicians will be doing now since they all received a raise.

Paul Hayes says he's 'on the wagon!' What wagon, Paul? Not you!

Dick Lewis is quite an ideal young man, he even brings his little girl to school at the Center every morning.

Dick Butler blew in town this week, and he had a mellow Chrysler too, but it seems he had quite an accident about thirty miles out of town, which spoiled the beauty of his car. Same old 'C Sharp', but he has a very good band in Minneapolis and came here looking for 'Cats' who want to leave home, and come back with 1935 Chryslers.

Gregg and Hazel formerly of Jessie's Tavern have been playing nightly at the Show Boat.

Australia's population in the year ending March 31, increased 48,000 it has been officially estimated, the total at that date being placed at 6,716,000, of whom 3,406,000 were males and 3,310,000 females.

To protect automobiles left out of doors from rain an Arkansas man has invented waterproof curtains wound on spring rollers to be mounted on car roofs and drawn down and hooked to the bumpers and running board when needed.

DENY THAT WHITES FIRED ON NEGRO WORKERS

New York, Oct. 5.—Statements from Arkansas, published by daily newspapers to the effect that a group of white men "thought to be members of the Southern Tenant Farmers' Union, fired on Negroes working in fields", were branded as false today by Norman Thomas. Mr. Thomas declared that the news stories were part of a plot to split the interracial solidarity of the Southern Tenant Farmers' Union, which has never drawn the color line, which has about fifty percent Negro members, and which has colored and white officers on a strike. The union claims cotton pickers are now getting as low as 20 cents a hundred pounds. The strikers are asking \$1.00 per hundred pounds. Mr. Thomas' statement:

"The attempt of newspaper dispatches to indicate that white cotton pickers on strike are firing on colored cotton pickers who are loyal to the plantation owners is a gross misrepresentation of the situation in Arkansas. In all America there has not been such fine and spontaneous cooperation of the races as in eastern Arkansas. The Southern Tenant Farmers' Union is at least 50 percent colored. Several of its most vigorous leaders are colored men; its vice president is a colored man, E. B. McKinney. What we have is an orderly strike by the worst exploited workers in America against wages that have gone as low as 20c per hundred for cotton picking. In the face of threatened strike I believe there was a raise to 40c minimum a 75c maximum. This is a starvation price. Hence the strike of the exploited serfs. They have not been shooting; they have been shot at by the riding bosses and other armed terrorists of the plantations. They have been arrested on false pretenses. The sympathy of decent people must be on the side of the strikers."

The N. A. A. C. P. is going to give away a General Electric refrigerator at a large gift carnival, October 14. Watch for further details.

CCC Camp Announce New Enrollment Drive For Men

Robert Fechner, Director of Emergency Conservation Work, has announced that a new Civilian Conservation Corps enrollment replacement program was initiated on October 1 for the purpose of maintaining the Civilian Conservation Corps at a strength of 500,000. It is anticipated that more than 100,000 young men and war veterans will be enrolled by the War Department during the month of October.

A reduction in the age limits for CCC junior enrollees, which will permit the enrollment of physically fit youths of seventeen, was also announced by the Director. This change in the regulations is expected to substantially increase the number of families removed from public relief rolls through the enrollment of a son in the Civilian Conservation Corps. The Department of Labor, which selects young men for the CCC camps, has reported to Director Fechner that at least 40,000 youths of seventeen are eligible for enrollment under regulations providing that enrollees come from families on public relief rolls.

Prior to the present change, the age limits for young men desiring to enter the CCC were from eighteen to twenty-eight. Now men from seventeen to twenty-eight are eligible. There are no age or martial restrictions for the World War Veteran's group. Former enrollees who are eligible under the age restrictions and who were given honorable discharges from the Corps after serving at least four months are eligible to enroll again if they come from families now on relief rolls.

Prior to the adoption of the new regulations reducing the age limit, for CCC youths, the Department of Labor conducted a survey, through CCC state directors of selection, to determine the age distribution of the 213,377 juniors selected for enrollment during the June 15—August 31 expansion enrollment program. This survey disclosed that more than 75 percent of the 213,377 juniors enrolled in the Corps were in the twenty-one-year-old or under age group. Of the total number, 74,153 were eighteen. 40,289 were nineteen; 26,718 were twenty and 20,423 were twenty-one.

Preliminary instructions directing the various Army Corps commanders to begin the enrollment of new men on October 1 have been sent out by the War Department to each of the nine corps areas. The Department of Labor has sent out instructions to State directors of selection advising them of the changes in regulations and directing them to arrange for the selection of men for the October enrollment program.

Posses Hunts In Swamp for Fugitive

Rosedale, Ark., Oct. 5.—(ANP)—A well armed posse last week combed the swamp regions adjacent to the Mississippi river near Arkana City for Will Brown, 55, charged with criminally assaulting a nine year old white girl. Brown is believed to have been wounded by shotgun pellets when he was almost overtaken by a group of searchers.
