M. M.—I am deeply in love with a man. Should I leave here or stay?

Ans: You shouldn't let this man that you are in love with mean anything to you for you have a HUSBAND. Even if you don't care anything about living with him, you surely ought to think about your THREE BABIES and try to keep your home together.

J. W. H.—I have some money that is past due me and I want to know if I'll get it?

Ans: The insurance company in LITTLE ROCK, A.K.A., wrote you and informed you that this claim would be paid off in DECEMBER of this year, and they fully intend to stick to their promise—You'll receive the full amount that was left to you by your aunt.

M. F. L.—I have always been careful of myself through life, and I want to know if this man is all right?

Ans: The young man you are interested in now is a REAL GENTLEMAN, and would make a very nice husband—You'll spend many happy hours together in the future, but he won't turn out to be your husband—You'll find someone JUST AS NICE AS HE IS.

A. B.—Please tell me if my boy friend means what he tells me, and does he care for me as ever?

Ans: Your boy friend is just fooling you, for he doesn't mean what he tells you—it is my impression that he is still going with EDITH, and if he cared as much for you as ever, he certainly would tell you the truth.

A. C.—Should I continue on with this man? What can I do to overcome my troubles?

Ans: The man you have been going with lately is the whole cause of your troubles, and he appears to be the type that likes to

**Would You Have Joy?**

(By R. A. Adams)

Would you have joy, supremest kind,  
 Intensest, satisfying most,  
 Such as might angels proudly boast?  
 By searching you can never find;  
 This blessing only they deserve  
 Who self deny, and others serve.

Would you possess unmeasured peace,  
 With conscience from all care  
 Secure free,  
 Go forth and serve, and yours  
 Shall be

Such as shall evermore increase;  
 For those who graciously divide,  
 Will find their blessings multiplied.

Follow the steps of Him who came  
 In love, the lost to seek and save,  
 Who naught receiving, freely gave.

Go forth to service, in His name,  
 Suffer with Him, and with Him share,  
 Fulness of joy, beyond compare.

**COULD NOT DO HER HOUSEWORK**

WHEN everything you attempt is a burden—when you are nervous and irritable—at your wit's end—try this medicine. It may be just what you need for extra energy. Mrs. Charles L. Cadmus of Trenton, New Jersey, says, "After doing just a little work I had to lie down. My mother-in-law recommended the Vegetable Compound. I can see a wonderful change now."

Try Lydia E. Pinkham's  
 VEGETABLE COMPOUND

see people in trouble—I advise you to leave him alone entirely, and your life will be different.

W. U.—What is in store for me. Will I ever get straight?

Ans: Even though your boys haven't had much work since your husband died you have managed pretty well—You'll get straightened out financially this coming spring, for ALL THREE of your boys will find something to do—You won't have to worry about money in the future, for they will take care of you much better than you have ever lived.

W. F. H.—Will I get either of the jobs I have in mind?

Ans: This party who made a promise to you won't turn you down—He'll KEEP HIS PROMISE and will put you to work.

W. D.—Will I get to do either of the things I want to do?

Ans: If you'll just act sensible and carry out your plans you can do both of the things you desire. The first thing for you to do is to go back to school and finish your education and you'll be able to TEACH SCHOOL. If you finish your education you'll have a better chance to marry a NICE MAN who will TAKE CARE OF YOU.

**Urge Judge Horton For Federal Post**

Athens, Ala., Nov. 16—ANP—A petition signed by many local citizens was sent to President Franklin Lelano Roosevelt Thursday urging the appointment of James E. Horton, former circuit court judge to the post of federal judge.

Judge Horton was defeated for nomination here in 1934 following closely in the wake of his decision setting aside the verdict of guilty against Heywood Patterson in the now famous "Scottsboro case". His defeat at that time was described as an evidence that the district in which he lived was "actuated in selecting its chief judicial official by prejudice."

Since his defeat friends of his have praised his independence and are using every force possible to secure his appointment to the federal judgeship pointing out that while knowing that his action in the Patterson case would cause his defeat in the forthcoming election, he had the "courage and independence to do what he believed to be right."

**At Your Best!**

Nothing beats a clean system for health! So at the first sign of constipation, take purely vegetable Black-Draught for prompt relief. Many have said Black-Draught brings such refreshing relief! By its cleansing action, poisonous effects of constipation are driven out; you soon feel better and more efficient. And to be rid of constipation or sluggishness puts you in better trim for recreation after work hours and on days off duty.

It costs less than most other laxatives.

**Medical Association Raises Color Bars**

Chicago, Nov. 9—(ANP)—Despite common grounds for brotherhood through membership in a humanitarian profession and a need for the general bettering of health conditions in Dixie, the Southern Medical Association is firmly retaining its color bar, according to information contained in its invitations for the annual meeting at St. Louis, Nov. 19-22, Illinois doctors discovered this week.

The action of the Association is in direct contrast with the position taken by the Southern Tuberculosis Association, National Tuberculosis Association and Duke university, Durham, N. C., a resume shows.

Members of the Illinois State Medical Association, the second largest in the country. The letter, however, stated expressly, "We will be glad to have a large number of white members of the Illinois State Medical society with us in St. Louis next month. All activities are available without cost to all white members of county and state medical societies."

**Will Hear Negro Report**  
 Although Negroes will be barred from sessions as they are from membership through the organization's constitution, one of the meetings at St. Louis will deal with colored.

On November 20, Dr. Lee E. Sutton, Jr., dean of Medical College of Virginia, Richmond, will read a paper on "The St. Phillips Post-Graduate Clinic for Negro Physicians: A Five Year Report." Dr. Stewart R. Roberts, of the medical staff of Emory university in Atlanta, will discuss the paper. Last summer Emory, which uses the

Negro wing of Grady hospital in Atlanta for teaching purposes, gave a two weeks' post-graduate course in pediatrics to Negro physicians.

Officials of the Southern group include Dr. H. Marshall Taylor, Jacksonville, president, and Dr. C. P. Loranz, Birmingham, secretary-manager.

**T-B Group Different**  
 The Southern Tuberculosis Association, meeting in Houston during September, not only invited Negroes to attend sessions in the largest white hotel there but presented six physicians on the program and 23 out of 25 papers in the medical section of the convention were devoted to some aspect of tuberculosis in the Negro.

At present the National Tuberculosis Association is having trouble with the Roosevelt hotel in New Orleans relative to admission of Negroes to the annual meeting in January. The National Council of Social Work is considering changing its meeting place from Washington in June of next year because capital city hotels have not yet consented to admit Negro delegates to all events and rooms.

Duke University medical school and the Duke hospital, all of Durham, N. C., are cooperating with the Old North State Medical, Dental and Pharmaceutical society, Negro organization of that state. The white college extended to members of the society an invitation to attend a post-graduate course on gastro-intestinal diseases held there Friday and Saturday, November 1 and 2. The list of speakers included some of the leading men of medicine in the country, and no expense was attached to attendance at the course. Lectures were given to Negro and white physicians and surgeons simultaneously.

Professional relationships between Negro and white medical men, and ways of breaking down color barriers for the betterment of both races, will be discussed at next year's meeting of the National Medical Association in Philadelphia, it has been announced.
